Unmaking Race, Remaking Soul Christa Davis Acampora, Angela L. Cotten, 2008-06-05 Explores the theme of aesthetic agency and its potential for social and political progress. Portraits of Adult Jewish Learning Diane Tickton Schuster, 2022-06-16 What do we mean by adult Jewish learning? Where is contemporary adult Jewish learning taking place? What kinds of learning matter to adult Jewish learners in the twenty-first century? *Portraits of Adult Jewish Learning* boldly tackles these questions through the exploration of various learners' experiences in diverse circumstances: couples exploring a Jewish museum; actors co-creating a Jewish-themed play; social justice activists consolidating their Jewish values and identities; Jewish preschool educators visiting Israel; Jewish and non-Jewish staff at a Jewish social service agency; studying traditional texts together; Latinx converts seeking to understand how to be a good Jew; members of a Torah study group producing their own commentaries; Jewish community leaders coming to terms with the challenges of Jewish pluralism. Using the social science methodology of portraiture, the authors provide nuanced detail about the wide range of participants, settings, subject matter, and ways of meaning-making that characterize adult Jewish learning today. Viewing these narratives side-by-side enables readers to think outside the frame about programming, curricula, pedagogies, and contexts that encourage meaningful adult learning. This book will capture the imagination of educational leaders, clergy, policymakers, philanthropists, teachers, and adult learners and will spark conversation about how to enrich the field of adult Jewish learning overall. The author examines a series of self-portraits in Renaissance Italy, arguing that they represented the aspirations of their creators to change their social standing.

Monthly Bulletin of Books Added to the Public Library of the City of Boston, 1901 The Concise Focal Encyclopedia of Photography Michael Peres, 2014-06-20 Defining photography is impossible. Revealing it is another matter, and that's what *The Concise Focal Encyclopedia of Photography* does with each turn of the page. History: The technical origins and evolution of photography are half of the story. The other half consists of the ways that cultural forces have transformed photography into a constellation of practices more diverse than any other mode of representation. Photographers can tell a more in-depth story through a photo like Dorothea Lange's *Migrant Mother* than a journalist ever could with the written word alone. Major themes and practitioners: Over 25 entries, many with supporting illustrations, examine the figures, trends, and ideas that have contributed most heavily to the history and current state of photography. Contemporary issues: The

issues influencing photography today are more complex than at any other time in its history Questions of ethics desire perception digitization and commercialization all vie for attention Hear what the experts have to say about crucial issues such as whether or not the images we take today will last the test of time and if so how When material is covered this skillfully concise is no compromise The Concise Focal Encyclopedia of Photography is packed with useful information compelling ideas and best of all pure pleasure **The Focal Encyclopedia of Photography** Michael R.
