*A Crisis of Loyalties: The Destruction and Abandonment of the Gosport Navy Yard* Stephen Chapin, 2024-04-02 In the opening days of the American Civil War the U S Navy suffered the catastrophic loss of its most valuable navy yard at Gosport Virginia commonly known as the Norfolk Navy Yard Its fate was sealed by Virginia's vote for secession and the subsequent resignation of most of the yard's Southern officers leaving its commandant Charles Stewart McCauley virtually defenseless Early in the morning of Sunday 21 April fleeing federal forces set fire to and abandoned the Gosport Navy Yard burning ten warships and surrendering 1 200 naval guns to Virginia's militia A year later the Confederate ironclad Virginia built on the charred hulk of the steam frigate Merrimack chose the sloop Cumberland the one ship to escape Gosport as her first target during the Battle of Hampton Roads Virginia then attacked the frigate Congress leaving in her wake nearly 280 dead or wounded Union sailors and two sunken ships The birds

from the disaster of Gosport had finally come home to roost In his quest to uncover the details behind Gosport s destruction the author methodically cross tracked chronologies carefully examined primary sources and dug deeper into the principal officers backgrounds to grasp just what was in their minds during the hours leading up to the navy yard s burning This fresh focus has yielded a more nuanced explanation of McCauley s decision to hold back Merrimack of Paulding s rush to burn the yard and run and of opportunities for success missed by all three commodores present A Crisis of Loyalties is the first full length work of history to present the entire story of the destruction and abandonment of the Gosport Navy Yard     **The history of the religion of ancient Britain.
