Luso-American Literature Robert Henry Moser, Antonio Luciano de Andrade Tosta, 2011 Portuguese and Cape Verdean immigrants have had a significant presence in North America since the nineteenth century Recently Brazilians have also established vibrant communities in the U S This anthology brings together for the first time in English the writings of these diverse Portuguese speaking or Luso American voices Historically linked by language colonial experience and cultural influence yet ethnically distinct Luso Americans have often been labeled an invisible minority This collection seeks to address this lacuna with a broad mosaic of prose poetry essays memoir and other writings by more than fifty prominent literary figures immigrants and their descendants as well as exiles and sojourners It is an unprecedented gathering of published unpublished forgotten and translated writings by a transnational community that both defies the stereotypes of ethnic literature and embodies the drama of the immigrant experience

**Immigrants in American History** Elliott Robert Barkan, 2013-01-17 This encyclopedia is a unique collection of entries covering the arrival adaptation and integration of immigrants into American culture from the 1500s to 2010 Few topics inspire such debate among American citizens as the issue of immigration in the United States Yet it is the steady influx of foreigners into America over 400 years that has shaped the social character of the United States and has favorably positioned this country for globalization Immigrants in American History Arrival Adaptation and Integration is a chronological study of the migration of various ethnic groups to the United States from 1500 to the present day This multivolume collection explores dozens of immigrant populations in America and delves into major topical issues affecting different groups across time periods For example the first author of the collection profiles African Americans

as an example of the effects of involuntary migrations A cross disciplinary approach derived from the contributions of leading scholars in the fields of history sociology cultural development economics political science law and cultural adaptation introduces a comparative analysis of customs beliefs and character among groups and provides insight into the impact of newcomers on American society and culture *Historical Dictionary of Portugal* Douglas L. Wheeler, Walter C. Opello Jr., 2010-05-10 Portugal is a small Western European nation with a large distinctive past replete with both triumph and tragedy One of the continent's oldest nation states Portugal has frontiers that are essentially unchanged since the late 14th century The country's unique character and 850 year history as an independent state present several curious paradoxes As of 1974 when much of the remainder of the Portuguese overseas empire was decolonized Portuguese society appeared to be the most ethnically homogeneous of the two Iberian states and of much of Europe This in spite of the fact that Portuguese society had received during 2 000 years of infusions of other ethnic groups in invasions and immigration Phoenicians Greeks Celts Romans Suevi Visigoths Muslims Arab and Berber Jews Italians Flemings Burgundian French black Africans and Asians Indeed Portugal has been a crossroads despite its relative isolation in the western corner of the Iberian Peninsula between the West and North Africa Tropical Africa and Asia and America Since 1974 Portugal's society has become less homogeneous as there has been significant immigration of former subjects from her erstwhile overseas empire The third edition of *Historical Dictionary of Portugal* greatly expands on the second edition through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on important persons places events and institutions as well as on significant political economic social and cultural aspects **African Diasporas in the New and Old Worlds**, 2021-11-01 In the humanities the term diaspora recently emerged as a promising and powerful heuristic concept It challenged traditional ways of thinking and invited reconsiderations of theoretical assumptions about the unfolding of cross cultural and multi ethnic societies about power relations frontiers and boundaries about cultural transmission communication and translation The present collection of essays by renowned writers and scholars addresses these issues and helps to ground the ongoing debate about the African diaspora in a more solid theoretical framework Part I is dedicated to a general discussion of the concept of African diaspora its origins and historical development Part II examines the complex cultural dimensions of African diasporas in relation to significant sites and figures including the modes and modalities of creative expression from the perspective of both artists writers and their audiences finally Part III focusses on the resources collections and archives and iconographies that are available today As most authors argue the African diaspora should not be seen merely as a historical phenomenon but also as an idea or ideology and an object of representation By exploring this new ground the essays assembled here provide important new insights for scholars in American and African American Studies Cultural Studies Ethnic Studies and African Studies The collection is rounded off by an annotated listing of black autobiographies **Cabo Verdean Women Writing Remembrance, Resistance, and Revolution** Terza A. Silva

Lima-Neves, Aminah N. Pilgrim, 2021-05-11 Cabo Verdean Women Writing Remembrance Resistance and Revolution Kriolas Poderozas documents the work and stories told by Cabo Verdean women to refocus the narratives about Cabo Verde on Cabo Verdean women and their experiences The contributors examine their own experiences the history of Cabo Verde and Cabo Verdean diaspora to highlight the commonalities that exist among all women of African descent such as sexual and domestic violence and media objectification as well as the different meanings these commonalities can hold in local contexts Through exploring the literary and musical contributions of Cabo Verdean women the Cabo Verdean state and its transnational relations food and cooking traditions migration and diaspora and the oral histories of Cabo Verde the contributors analyze themes of community race sexuality migration gender and tradition **Historic Cultural Land Use Study of Lower Cape**

**Cod** Richard D. Holmes, 1998 **Homelands and Waterways** Adele Logan Alexander, 2007-12-18 This monumental history traces the rise of a resolute African American family the author's own from privation to the middle class In doing so it explodes the stereotypes that have shaped and distorted our thinking about African Americans both in slavery and in freedom Beginning with John Robert Bond who emigrated from England to fight in the Union Army during the Civil War and married a recently freed slave Alexander shows three generations of Bonds as they take chances and break new ground From Victorian England to antebellum Virginia from Herman Melville's New England to the Jim Crow South from urban race riots to the battlefields of World War I this fascinating chronicle sheds new light on eighty crucial years in our nation's troubled history The Bond family's rise from slavery their interaction with prominent figures such as W E B DuBois and Booker T Washington and their eventual uneasy realization of the American dream shed a great deal of light on our nation's troubled heritage

**Imperial Migrations** E. Morier-Genoud, M. Cahen, 2012-12-15 This volume investigates what role colonial communities and diaspora have had in shaping the Portuguese empire and its heritage exploring topics such as Portuguese migration to Africa the Ismaili and the Swiss presence in Mozambique the Goanese in East Africa the Chinese in Brazil and the history of the African presence in Portugal Flight of the Diamond Smugglers: A Tale of Pigeons, Obsession, and Greed Along

Coastal South Africa Matthew Gavin Frank, 2021-02-23 Unforgettable An outstanding adventure in its lyrical utterly compelling and heartbreaking investigations of the world of diamond smuggling Aimee Nezhukumatathil For nearly eighty years a huge portion of coastal South Africa was closed off to the public With many of its pits now deemed overmined and abandoned American journalist Matthew Gavin Frank sets out across the infamous Diamond Coast to investigate an illicit trade that supplies a global market Immediately he became intrigued by the ingenious methods used in facilitating smuggling particularly the illegal act of sneaking carrier pigeons onto mine property affixing diamonds to their feet and sending them into the air Entering Die Sperrgebiet The Forbidden Zone is like entering an eerie ghost town but Frank is surprised by the number of people willing even eager to talk with him Soon he meets Msizi a young diamond digger and his pigeon Bartholomew who helps him steal diamonds It's a deadly game pigeons are shot on sight by mine security and Msizi knows of

smugglers who have disappeared because of their crimes For this Msizi blames Mr Lester an evil tall tale figure of mythic proportions From the mining towns of Alexander Bay and Port Nolloth through the halfway desert to Kleinsee's shores littered with shipwrecks Frank investigates a long overlooked story Weaving interviews with local diamond miners who raise pigeons in secret with harrowing anecdotes from former heads of security environmental managers and vigilante pigeon hunters Frank reveals how these feathered bandits became outlaws in every mining town Interwoven throughout this obsessive quest are epic legends in which pigeons and diamonds intersect such as that of Krishna's famed diamond Koh-i-Noor the Mountain of Light and that of the Cherokee serpent Uktena In these strange connections where truth forever tangles with the lore of centuries past Frank is able to contextualize the personal grief that sent him with his wife Louisa in the passenger seat on this enlightening journey across parched lands Blending elements of reportage memoir and incantation *Flight of the Diamond Smugglers* is a rare and remarkable portrait of exploitation and greed in one of the most dangerous areas of coastal South Africa With his sovereign prose and insatiable curiosity Matthew Gavin Frank reminds us that the world is a place of wonder if only we look Toby Muse      **The Grey Undercurrent** Felix Schürmann,2023-04-03 By

extending their voyages to all oceans from the 1760s onward whaling vessels from North America and Europe spanned a novel net of hunting grounds maritime routes supply posts and transport chains across the globe For obtaining provisions cutting firewood recruiting additional men and transshipping whale products these highly mobile hunters regularly frequented coastal places and islands along their routes which were largely determined by the migratory movements of their prey American style pelagic whaling thus constituted a significant though often overlooked factor in connecting people and places between distant world regions during the long nineteenth century Focusing on Africa this book investigates side effects resulting from stopovers by whalers for littoral societies on the economic social political and cultural level For this purpose it draws on eight local case studies four from Africa's west coast and four from its east coast In the overall picture the book shows a broad range of effects and side effects of different forms and strengths which it figures as a grey undercurrent of global history      Between Race and Ethnicity Marilyn Halter,2022-10-17 Arriving in New England first as crew members of whaling vessels Afro-Portuguese immigrants from Cape Verde later came as permanent settlers and took work in the cranberry industry on the docks and as domestic workers Marilyn Halter combines oral history with analyses of ships records to chart the history and adaptation patterns of the Cape Verdean Americans Though identifying themselves in ethnic terms Cape Verdeans found that their African-European ancestry led their new society to view them as a racial group Halter emphasizes racial and ethnic identity formation to show how Cape Verdeans set themselves apart from the African Americans while attempting to shrug off white society's exclusionary tactics She also contrasts rural life on the bogs of Cape Cod with New Bedford's urban community to reveal the ways immigrants established their own social and religious groups as they strove to maintain their Crioulo customs      *Crossing Boundaries* Darlene Clark Hine,Jacqueline McLeod,1999 The

essays assembled in *Crossing Boundaries* reflect the international dimensions commonalities and discontinuities in the histories of diasporan communities of colour People of African descent in the New World the United States Latin America and the Caribbean share a common set of experiences domination and resistance slavery and emancipation the pursuit of freedom and struggle against racism No unitary explanation can capture the varied experiences of black people in diaspora Knowledge of individual societies is illuminated by the study and comparison of other cultural histories This volume growing out of the Comparative History of Black People in Diaspora Symposium held at Michigan State University elaborates the profound relationship between curriculum and pedagogy *Crossing Boundaries* embraces the challenge to probe differences embedded in Black ethnicities and helps to discover and to weave into a new understanding the threads of experience culture and identity across diasporas Contributors include Thomas Holt George Fredrickson Jack P Green David Barry Gaspar Earl Lewis Elliott Skinner Frederick Cooper Allison Blakely Kim Butler and Rosalyn Terborg Penn      National Performances Ana Y.
