**Letters to Poseidon** Cees Nooteboom, 2016-01-05 It is said that during his abortive campaign to invade Britannia the infamous Roman emperor Caligula ordered his legions into the surf to attack Poseidon and claim seashells as trophies of war Cees Nooteboom is considerably more thoughtful in his relationship with the god of the sea As autumn falls each year Nooteboom writes Poseidon a letter requesting permission to return to his home in Minorca the following spring Of course it would be the height of discourtesy if Nooteboom s letters were no more than a series of demands So Cees takes the opportunity to seek the wisdom of the trident wielding deity and to offer the god updates about his own life and thoughts At once playful and poignant beautiful and at times slightly bizarre this masterful exploration of humankind s relationship with the sea uses the minutiae of everyday life to illuminate the broadest questions of human existence all couched in the lapidary prose of one of Europe s outstanding stylists

**Minerals Yearbook**, 1995

Greek Popular Religion in Greek Philosophy Jon Mikalson, 2010-06-24 Jon D Mikalson examines how Socrates Plato Aristotle and other Greek philosophers described interpreted criticized and utilized the components and concepts of the religion of the people of their time practices such as sacrifice prayer dedications and divination The chief concepts involved are those of piety and impiety and after a thorough analysis of the philosophical texts

Mikalson offers a refined definition of Greek piety dividing it into its two constituent elements of proper respect for the gods and religious correctness. He concludes with a demonstration of the benevolence of the gods in the philosophical tradition linking it to the expectation of that benevolence evinced by popular religion.      **Poseidon's Curse** Christopher P. Magra, 2016-10-14 An investigation of the Atlantic origins of the American Revolution focusing on the British navy's impressment of American ships and mariners.      **Ancient Greek Beliefs** Perry L. Westmoreland, 2007 Ancient Greek Beliefs explores the mysteries of the ancient myths and religious beliefs of a great people. The text is divided into three sections: Greek mythology, the ancient Greeks, and conclusions. A brief history and lengthy glossary are included. The book is designed as a basic text for the introduction to ancient Greek mythology and beliefs, and the text muses about the religious lessons we might learn from them. It contains abridged stories of Greek mythology, including the extant Greek plays, and considers portions of the works of the great writers including Aeschylus, Euripides, Hesiod, Homer, Plato, and Sophocles. It opens a comprehensive window into the lives of these great ancient people.      *Poseidon* Russell Roberts, 2009-06 Poseidon, the god of the sea, was the brother of Zeus. He shared many similarities with his brother, especially his appearance. Yet while Zeus sometimes displayed a playful and humorous side, Poseidon always seemed moody, morose, and even downright angry. Poseidon's prickly personality made him a god to be avoided both by mortals and by other gods. Yet as ruler of the waters, Poseidon was an important deity for the Greeks, particularly since much of their life revolved around the sea. While it was a good idea to avoid Poseidon, it was also necessary to keep him happy.      *Poseidon's Arrow* Clive Cussler, Dirk Cussler, 2012-11-06 In this adventure in the 1 New York Times bestselling series, oceanographer Dirk Pitt is back to find a crucial piece of marine tech that could reshape the United States defense program. It is the greatest advance in American defense technology in decades: an attack submarine capable of incredible underwater speeds. There is only one problem: A key element of the prototype is missing, and the man who developed it is dead. At the same time, ships have started vanishing mid-ocean, and when a few reappear, bodies are found aboard, burned to a crisp. Could these mysterious events be connected to an Italian submarine that itself disappeared in 1943? It is up to NUMA director Dirk Pitt and his team, aided by a beautiful NCIS agent and by Pitt's children, marine engineer Dirk and oceanographer Summer, to go on a desperate international chase to find the truth from Washington to Mexico, Idaho to Panama. What they discover at the end of it is a much, much greater threat than even they imagined. Filled with breathtaking suspense and extraordinary imagination, *Poseidon's Arrow* is further proof that when it comes to adventure writing, nobody beats Clive Cussler.      *Poseidon & Cleito* Andrew J. Peters, 2016-12-06 He became a god. Her story was forgotten. From the shore of a frozen steppe, an outcast hunter embarks for the otherworld to ask his ancestors how to bring the mammoth back to the fields of sedge. In a shining island kingdom of wonders, the daughter of a high priest fights for her claim to wealth and power after her father is assassinated by the king. Together, they will build an empire recalled as an ancient legend and a cautionary tale. But how did he become a god while she became a mere footnote?

in history Poseidon Cleito is the engrossing first book of a fantasy trilogy of myth and legend exploring the rise of the lost civilization of Atlantis In the best traditions of an epic journey one man s struggle to discover his place in the world takes him across perilous seas into the epicenter of political strife in a foreign land But a legend is not made of deeds alone Fans of Guy Gavriel Kay s historical fantasy and David Gemmell s Troy series will enjoy this fantasy novel as it sets out to reimagine the inception of a Greek myth
