The Rights of Women in Islam Asghar Ali Engineer,2008 Women's issues continue to dominate the Islamic world in particular as there has been a very gradual change in the status of women in the Islamic world as a whole This book covers various aspects relating to the status of women in the pre Islamic period customs and traditions forms of marriage divorce and forms of divorce dower traditions regarding slave girls and so on It then goes on to deal with the status of women in the post Islamic period the Qur'anic concept of women's rights in marriage divorce inheritance custody of children polygamy maintenance property right to earn etc It quotes extensively from the Qur'an and Sunnah It also deals with the Arab *adaat* that is pre Islamic customs and traditions regarding women Altogether it attempts to arm Muslim women with Islamic arguments for their empowerment The author a renowned scholar has sought to set the record straight by reinterpreting women's rights in the true Qur'anic spirit He argues quite convincingly that the Holy Book gives equal rights to both the sexes and it does not discriminate between them as regards personal democratic and human rights The question whether in a secular society Muslim personal law needs any change and if so in which direction the reform should be undertaken is dealt with in detail This third edition contains a chapter On a Muslim Woman Leading the Congregational Prayer This chapter deals with the important aspect of Muslim women's problems and also hopes to further enhance their understanding of the Shari'ah issues

Advancing the Legal Status of Women in Islamic Law Mona Samadi,2021-05-25 Mona Samadi examines the sources of gender differences within the Islamic legal tradition and describes how Islamic law entitles individuals to justice according to their status abilities and potential In the case of men and women's capabilities the underlying principle is that they are entitled to the same rights as

long as their capabilities are the same In the legal construction of women s status women have been prescribed lacking the same abilities and capabilities as men As such their status and rights differ justifying men to be the maintainers of women By presenting the historical development of women s status and how women s legal status is debated in contemporary Muslim societies Mona Samadi convincingly provides various methods for facilitating change within the Islamic legal theory framework

Islam, Gender, and Social Change Yvonne Yazbeck Haddad, John L. Esposito, 1997-12-11 For several decades the Muslim world has experienced a religious resurgence The reassertion of Islam in personal and political life has taken many forms from greater attention to religious practice to the emergence of Islamic organizations movements and institutions One of the most controversial and emotionally charged aspects of this revival has been its effect on women in Muslim societies The essays collected in this book place this issue in its historical context and offer case studies of Muslim societies from North Africa to Southeast Asia These fascinating studies shed light on the impact of the Islamic resurgence on gender issues in Iran Egypt Jordan Pakistan Oman Bahrain the Philippines and Kuwait Taken together the essays reveal the wide variety that exists among Muslim societies and believers and the complexity of the issues under consideration They show that new things are happening for women across the Islamic world and are in many cases being initiated by women themselves The volume as a whole militates against the stereotype of Muslim women as repressed passive and without initiative while acknowledging the very real obstacles to women s initiatives in most of these societies

Inside the Gender Jihad Amina Wadud, 2013-10-01 A world renowned professor of Islamic studies Amina Wadud has long been at the forefront of what she calls the gender jihad the struggle for justice for women within the global Islamic community In 2005 she made international headlines when she helped to promote new traditions by leading the Muslim Friday prayer in New York City provoking a firestorm of media controversy and kindling charges of blasphemy among conservative Muslims worldwide In this provocative book Inside the Gender Jihad Wadud brings a wealth of experience from the trenches of the jihad to make a passionate argument for gender inclusiveness in the Muslim world Knitting together scrupulous scholarship with lessons drawn from her own experiences as a woman she

explores the array of issues facing Muslim women today including social status education sexuality and leadership A major contribution to the debate on women and Islam Amina Wadud s vision for changing the status of women within Islam is both revolutionary and urgent On the Position of Women in Islam and Islamic Society Hassan Al-Turabi, **Women's Roles in Sub-Saharan Africa** Toyin Falola,Nana Akua Amponsah,2012-01-06 This exhaustive exploration of the sociocultural political and economic roles of African women through history demonstrates how African women have shaped and continue to shape their societies Women play essential critical roles in every society African women south of the Sahara are certainly no different Women s Roles in Sub Saharan Africa adds significantly to our understanding of the ways in which women contribute to the fabric of human civilization This book provides an in depth exploration of African women s roles in society from precolonial periods to the contemporary era Topical sections describe the roles that women play in family courtship and marriage religion work literature and arts and government Each of the six chapters has been structured to elucidate women s roles and functions in society as partners as active participants as defenders of their status and occupations and as agents of change Authors Nana Akua Amponsah and Toyin Falola present a thought provoking work that looks at the complicated victimhood powerful female paradigm in women and gender studies in Africa and challenge ideological interest in African historiography that privilege male representation **Women in Islam** F. P. Hanna,2015-03-01 One of the most controversial issues of our time is the rights of women in the world in general and in Islam and Islamic law in particular The issue for example of wearing the Burka the Hijab by Muslim women in public places schools and in courts has made it recently to the front covers of most newspapers and magazines Some countries have already banned the Burka in public places others are reluctant for fear of limiting freedom and multiculturalism But what happens to a western woman who goes to a Muslim country such as Saudi Arabia where Islamic law the Sharia is applied Is she allowed to wear a mini skirt or a dress of her liking in public places Or is she able to wear a bikini on the beach Almost all Muslim scholars and writers including women have defended the position of women in Islam While they draw their arguments on a very limited number of verses Surah in the Qur an and Hadith however they take them out of their context in trying to prove that women under Islam are free and their human rights are protected This book shows how Islam has always considered women as inferior to men in every aspect physically intellectually morally and religiously Their demise and denial of their basic rights are God sanctioned laws that every Muslim follows not just fundamentalists Indeed the Qur an remains for all Muslims the uncreated word of God Himself It is valid for all times and places its ideas are absolutely true and beyond all criticism To question it is to question the very word of God and hence blasphemous A Muslim s duty is to believe it and obey its divine commands blindly This non fiction book reveals the shocking truth about the real position of women in the Qur an the Hadith in Islamic law the Sharia and how Islam is deeply anti women It reports the shocking truth of how women are denied their basic human rights in the Islamic law and in real life *Law and the Islamic World Past and Present* Christopher Toll,Jakob
