André Breton et la peinture José Pierre,1987 André Breton André Breton, *Catholic Modernism and the Irish "Avant-Garde:" The Achievement of Brian Coffey, Denis Devlin, and Thomas MacGreevey* James Matthew Wilson,2023-09-12 This study constitutes the first ever definitive account of the life and work of Irish modernist poets Thomas MacGreevy Brian Coffey and Denis Devlin Apprenticed to the likes of W B Yeats T S Eliot James Joyce and Samuel Beckett all three writers worked at the center of modernist letters in England France and the United States but did so from a distinctive perspective All three writers wrote with a deep commitment to the intellectual life of Catholicism and saw the new movement in the arts as making possible for the first time a rich sacramental expression of the divine beauty in aesthetic form MacGreevy spent his life trying to voice the Augustinian vision he found in The City of God Coffey a student of neo Thomist philosopher Jacques Maritain married scholastic thought and a densely wrought poetics to give form and solution to the alienation of modern life

Devlin contemplated the world with the eyes of Montaigne and the heart of Pascal as he searched for a poetry that could realize the divine presence in the experience of the modern person Taken together MacGreevy Coffey and Devlin exemplify the modern Catholic intellectual seeking to engage the modern world on its own terms while drawing the age toward fulfillment within the mystery and splendor of the Church They stand apart from their Irish contemporaries for their religious seriousness and cosmopolitan openness of European modernism They lay bare the theological potencies of modern art and do so with a sophistication and insight distinctive to themselves Although MacGreevy Coffey and Devlin have received considerable critical attention in the past this is the first book to study their work comprehensively from MacGreevy's early poems and essays on Joyce and Eliot to Coffey's essays in the neo scholastic philosophy of science and on to Devlin's late poetic attempts to realize Dante's divine vision in a Europe shattered by war and modern doubt

Fehr, Panagiotis Roilos, 2024-08-19 The studies included in Mythogenesis Interdiscursivity Ritual written in honor of Professor Demetrios Yatromanolakis a pioneering and influential scholar shed new light on a variety of areas the encounters of ancient Greece with other societies and cultures in antiquity the interplay between art vase painting and sculpture and broader ideological developments mentalities in antiquity ritual in ancient Greek contexts political ideologies and religion history of scholarship textual criticism critical editing and hermeneutics the reception of myth and of archaic and classical Greek culture and philosophy in diverse discursive mediatic and sociocultural contexts from early twentieth century painting to modernism and the avant garde to Foucauldian thought *Le surréalisme en héritage* Olivier Penot-Lacassagne, Emmanuel Rubio, 2008 Au sommaire notamment Le surréalisme révolutionnaire R Passeron Entre legs et dissidence L'héritage surréaliste de Christian Dotremont S Caron Alechinsky surréaliste la marge M Sicard Isidore Osou la problématique du dépasement R Sabatier Le lettrisme un nouveau concept de groupe E Monsinjon Historical Dictionary of Surrealism Keith Aspley, 2010-10-16 Surrealism was a broad movement which attracted many adherents It was organized and quite strictly disciplined at least until the death of its leader André Breton in 1966 As a consequence its membership was in a constant state of flux persons were constantly being admitted and excluded and often the latter continued to regard themselves as Surrealists The wide ranging nature of the Surrealist movement was spread over many countries and many different art forms including painting sculpture cinema photography music theater and literature most notably poetry The Historical Dictionary of Surrealism relates the history of this movement through a chronology an introductory essay a bibliography and over 600 cross referenced dictionary entries on persons circles and groups who participated in the movement a global entry on some of the journals and reviews they produced and a sampling of major works of art cinema and literature *The Screen in Surrealist Art and Thought* Haim Finkelstein, 2017-07-05 An interrogation of the notion of space in Surrealist theory and philosophy this study analyzes the manifestations of space in the paintings and writings done in the framework of the Surrealist Movement Haim Finkelstein introduces the screen as an important spatial paradigm that clarifies and extends the understanding of Surrealism as it unfolds in the 1920s exploring the screen and layered depth as fundamental structuring principles associated with the representation of the mental space and of the internal processes that eventually came to be linked with the Surrealist concept of psychic automatism Extending the discussion of the concepts at stake for Surrealist visual art into the context of film literature and criticism this study sheds new light on the way film thinking permeates Surrealist thought and aesthetics In early chapters Finkelstein looks at the concept of the screen as emblematic of a strand of spatial apprehension that informs the work of young writers in the 1920s such as Robert Desnos and Louis Aragon He goes on to explore the way the spatial character of the serial films of Louis Feuillade intimated to the Surrealists a related mode of vision associated with perception of the mystery and the Marvelous lurking behind the surfaces of quotidian reality The dialectics informing Surrealist thought with regard to the surfaces of the real with walls doors and windows as controlling

images are shown to be at the basis of André Breton's notion of the picture as a window. Contrary to the traditional sense of this metaphor, Breton's window is informed by the screen paradigm with its surface serving as a locus of a dialectics of transparency and opacity, permeability and reflectivity. The main aesthetic and conceptual issues that come up in the consideration of Breton's window metaphor lay the groundwork for an analysis of the work of Giorgio de Chirico, René Magritte, Max Ernst, André Breton, and Joan Miró. He concludes chapter 4.

André Breton in Exile Victoria Clouston, 2017-09-22

Following the journey of André Breton, the leader of the Surrealist movement into exile during the Second World War, the author of this book traces the trajectory of his thought and poetic output from 1941-1948. Through a close examination of the major and as yet little studied works written during these years, she demonstrates how Breton's quest for a new myth for the postwar world led him to widen his enquiry into hermeticism, myth, and the occult. This ground-breaking study establishes Breton's profound intellectual debt to 19th-century Romanticism, its literature and thought, revealing how it defined his understanding of hermeticism and the occult, and examining the differences between the two. It shows how, having abandoned political action on leaving the Communist Party in 1935, Breton nonetheless held firmly to political thought, moving in his quest for a better world via Hermes Trismegistus across the utopian ideas of Charles Fourier and the magical practices of the Hopi Indians. The author finally reveals Breton's misreading of the situation in postwar Paris on his return in 1946 and his failure to communicate the span of his ideas for creating a better society while at the same time maintaining a close connection between art and life.

André Breton Elza Adamowicz, 1992

Sadegh Hedayat dans le miroir du surréalisme Zeynab Sadeghi, 2023-04-14

crivain polyvalent dans tous les genres littéraires, Sadegh Hedayat, homme idéaliste, est l'un des plus grands écrivains contemporains iraniens. La plupart de ses ouvrages dépeignent sa vie insupportable, sa mélancolie, dans une méditation profonde, inquiète face à un destin cruel. Ce livre analyse l'influence qu'eurent les idées surréalistes particulièrement travers André Breton sur les écrits de Sadegh Hedayat, tout particulièrement sur son chef-d'œuvre *La Chouette aveugle*. L'étude comparative de ce dernier avec *Nadja* d'André Breton montre des points communs. Les deux auteurs y dépassent les limites du rationnel afin d'atteindre les mondes du réel et de l'imaginaire, parfois mythiques, où ils croient trouver la vérité absolue. La censure, de la raison, l'ombre de la folie, ou de l'amour fou, est un point de vue fort chez eux, convoquant le hasard, l'illusion, le fantastique et le réel. Ces auteurs sont imprégnés par la pensée freudienne du réel et particulièrement l'idée de l'inconscient, en racontant parfois, travers leurs narrateurs, les événements réels ou irréels de leurs personnages.

Rethinking the Political Simonetta Falasca-Zamponi, 2011-12-19

Rethinking the Political demonstrates that the College de Sociologie's quest to create a new place for the sacred in modern collective life ostensibly entailed avoiding the theorization of both aesthetics and politics. While the College condemned manipulation by totalitarian regimes, its understanding of community also led to a rejection of democratic and communist forms of political organization, leaving the group open to accusations of flirting with fascism. Acknowledging these political ambiguities, the author goes beyond a

narrow ideological reading to reveal the Collège's important contribution to our thinking about the relationships between community formation politics aesthetics and the sacred in the modern world She expands her historical account of the members thought including their relationship to Surrealism beyond the group's dissolution and shows how the work of Claude Lefort extends but also resolves many of the Collège's key theoretical insights A fascinating study of some of the twentieth century's most daring thinkers *Rethinking the Political* offers crucial insights into the contradictions at play in modern notions of community that still resonate today
