Positioning Theory Moral Contexts Of International Action:

Positioning Theory Rom Harré, Luk Van Langenhove, 1998-11-18 In this book Rom Harre give a state of the art overview of positioning theory via contributions from some of the world s leading experts in the field *Positioning Theory*, 1999

Global Conflict Resolution Through Positioning Analysis Fathali M. Moghaddam, Rom Harré, Naomi Lee, 2007-11-15 Positioning theory is the study of the nature formation influence and ways of change of local systems of rights and duties as shared assumptions about them influence small scale interactions Evolving from linguistics origins the theory concerns conventions of speech and action that are labile contestable and ephemeral With this theory researchers are able to examine the dynamic flow of social interaction as well as give equal weight to the role of discourse and the psychological resolution of conflict This volume applies positioning theory in order to achieve a fuller and more in depth understanding of conflict and its psychological resolution The editors approach positioning from the micro interpersonal level all the way to the macro intergroup and international level **The Routledge International Handbook of Positioning Theory** Mary B.

McVee, Luk Van Langenhove, Cynthia H. Brock, Bo Allesøe Christensen, 2024-06-01 This handbook is the first of its kind to explore Positioning Theory Taking inspiration from the groundwork set by Rom Harr and collaborators such as Bronwyn Davies Fathali Moghaddam Luk Van Langenhove and others the book explores the emergence historical context and disciplinary applications of Positioning Theory and its basic precepts as a social psychological theory This volume encompasses over 20 chapters across four sections assimilating cross disciplinary insights that try to understand the theoretical underpinnings methodological applications and contemporary relevance of Positioning Theory Part 1 explores the movement of scholarly figures and their numerous works on the subject It discusses the foundational origins and the historical contexts of the existing theories on positioning and new directions for scholarship Part 2 examines the methodological and narrative investigations used for data analysis in positioning research navigating through the epistemological orientations and theoretical landscapes of Positioning Theory Part 3 explores numerous applications across disciplines to consider the reach and influence of positioning within and across multiple disciplines Lastly the authors contemplate the future directions for Positioning Theory Featuring researchers from leading research institutions from across the globe the book is important reading for scholars interested in positioning and Positioning Theory We recommend this handbook for graduate level courses in social psychology communication discourse studies and related disciplines

Positioning Theory and Strategic Communication Melanie James, 2014-06-13 In public relations people talk about positioning an idea a persona a political ideal an ideology but what are they talking about Why do some positions taken by organizations crystallize in the minds of audiences while others fail Whilst positioning is not something new in public relations this book is the first to explicate what it involves how it works and how to do it This is the first in depth exploration of the possibilities of Positioning Theory for the public relations field and it adds a new perspective to the growing body of

multidisciplinary work in this rich theoretical area moving the discussion away from the traditional communication plans of previous decades which fail to accommodate the changing media and opinion landscapes The author pulls together various strands of socio cultural theory into an analytical framework providing readers with a tool to analyse the organizational implications of public relations decisions guiding strategic decision making through realistic scenario planning This thought provoking book provides an alternative path to studying communication in increasingly complex environments and as such will be vital reading for researchers and educators advanced communication and public relations students and for senior public relations practitioners

Narrative Inquirers in the Midst of Meaning-Making Elaine Chan, Dixie K. Keyes, Vicki Ross, 2012-06-28 Illustrates interim narrative field texts of identity as teacher educator stories and demonstrates how researchers utilize common places of temporality sociality and place in analyzing narratives This title describes conceptualizations of narrative research processes bringing forward narrative tools and methods of layering narratives

Global Ideologies Surrounding Children's Rights and Social Justice Tshabangu, Icarbord, 2017-06-19 Social rights are a pivotal concern for all of society including today's population of children The study of the rights or lack thereof that children have must be undertaken to ensure that future generations are thriving members of their communities Global Ideologies Surrounding Children's Rights and Social Justice highlights the trials and tribulations that children have often had to overcome to be considered true citizens of their communities Featuring comprehensive coverage on a wide range of applicable topics such as child abuse socio economic rights social injustice and

welfare issues this is a critical reference source for educators academicians students and researchers interested in studying new approaches for the social advancement of children **Dialogues in Middle Level Education Research Volume 1**

David C. Virtue, 2022-07-22 Mirroring the roundtable discussions conducted at the 2020 Association for Middle Level Education AMLE conference this volume highlights the dialogic knowledge building process critical to advancing middle level teaching and research Launching the new AMLE Innovations in Middle Level Education Research series this collection captures the synergetic dialogue that occurs during professional meetings by collating and centering five recent studies on topics such as mathematics achievement personalized and project based learning and teacher collaboration A companion essay and critical external response accompanies each study serving to re situate original research and reconsider findings in view of professional insights and external critique gained through discussion at AMLE 2020 Ultimately these response essays foreground potential avenues for future research and alternative thinking laying the groundwork for implementation of critical discussion in the classroom environment This text will benefit researchers doctoral students and academics in the fields of middle level education educational research and specifically research methods in education Those interested in teaching and learning and adolescent development more broadly will also benefit from this volume **Leading at All**

Levels Annette MacArtain-Kerr, 2018-10-09 Leading at All Levels Using Systemic Ideas to Get the Most from the Workplace moves away from traditional perspectives on leadership and utilising ideas from systemic consultation provides a rationale for leadership at all levels emphasising the potential of everyone in organisations to lead in their own area of work Reviewing the theory of resilience and its place in organisational life the book provides guidance on how to foster resilience in the workplace Written in accessible language the book is divided into three sections on work and leadership on problem solving and finally on approaches to leading at all levels A variety of perspectives on leadership are explored as well as barriers to effective leadership and there are many suggestions for improvement The book discusses the ways in which systemic thinking can contribute to enhance leadership which includes considering different perceptions and experiences of leadership the influence of power in workplace relationships and organisational outcomes the link between positive employee engagement for performance and well being at work and the importance of interpersonal and relational behaviour on leadership The book also considers the importance of everyday workplace interactions to our understanding of leadership and supports a wide understanding of workplace conflict It contains examples throughout which are applicable to different types and sizes of organisation and provides suggestions for readers relating to the practice of leadership at all levels Good leadership is of great importance to today's organisations The book suggests that by paying more attention to leadership at all levels organisations can work towards improving productivity which has been highlighted as a critical issue in the UK since the 2008 recession Leading at All Levels will appeal to systemic trainees practitioners and systemic consultants and to those in related professions as well as to personal development practitioners and coaches *You Belong to Christ J. Brian*

Tucker,2011-01-01 *You Belong to Christ* explores the way that the Apostle Paul sought to form the social identity of one of his most important Christ following communities It sheds light on the way various social identities function within the Pauline community and provides guidance concerning the social implications of the gospel Drawing from contemporary social identity theories as well as ancient source material J Brian Tucker describes the way 1 Corinthians 1 4 forms social identity in its readers so that what results is an alternative community with a distinct ethos in contrast to the Roman Empire and its imperial ideology This book contends that previous identities are not obliterated in Christ but maintain their fundamental significance and serve to further the Pauline mission by means of social integration Providing a comprehensive survey of Christian identity in Pauline studies as well as an interesting look into the material remains of Roman Corinth this volume provides a social scientific reading of 1 Corinthians 1 4 and argues that Paul s strategy was to form salient in Christ social identity in those to whom he wrote Genderqueer and Non-Binary Genders Christina Richards,Walter Pierre

Bouman,Meg-John Barker,2017-12-13 This book addresses the emerging field of genderqueer or non binary genders that is individuals who do not identify as male or female It considers theoretical research practice and activist perspectives and outlines a basis for good practice when working with non binary individuals The first section provides an overview of historical legal and academic aspects of this phenomenon The second section explores how psychotherapeutic psychological and psychiatric theory and practice are adapting to a non binary model of gender and the third section considers the body related aspects from endocrinology to surgery This work will appeal to a wide readership from practitioners working with non binary individuals including psychologists surgeons social workers nurses psychiatrists endocrinologists psychotherapists and counselors lawyers and healthcare workers to researchers interested in the study of gender identities to students and gender activists Pragmatics of Accents Gaëlle Planchenault,Livia Poljak,2021-10-15 What impact do

accents have on our lives as we interact with one another Are accents more than simple sets of phonetic features that allow us to differentiate from one dialect variety or style to the other What power relationships are at work when we speak with what those around us perceive as an accent In the 12 chapters of this volume an international group of sociolinguists applied linguists anthropologists and scholars in media studies develop an innovative approach that we describe as the pragmatics of accents In this volume we present a variety of languages and go beyond the traditional structural description of accents From ideologies in national contexts to L2 education to accent discrimination in the media and the workplace this volume embraces a new perspective that focuses on the use of accents as symbolic resources and emphasizes the importance of context in the human experience of accents Above and beyond the bottom line Karen Starr,2012-01-01 *Above and Beyond the Bottom Line* The extraordinary evolution of the education business manager provides insights into the dynamic evolution and growing importance of education as business and the rise of the education business manager now a vital member of educational leadership teams The business manager is no longer an invisible back office employee who balances the books

The role is highly complex and accountable and the scope of the work wide ranging and changeable Education business managers are professionals holding knowledge skills and ideas that increase organisational capacity viability and provision and enable other educational leaders to focus on learning and teaching Building on research from around the world this book fills a huge gap in our understandings about educational leadership in its most comprehensive sense while discussing current issues and considerations for the future Above and Beyond the Bottom Line is an invaluable resource for business managers from all education settings schools universities kindergartens training colleges and their professional associations educational leaders and councillors education policymakers advisors and auditors and scholars and researchers interested in finding out about the extraordinary developments occurring behind the scenes in educational leadership management and administration

Trump Effect Karina V. Korostelina,2016-10-14 The overarching goal of this book is to show how the popularity of Trump has revealed substantial problems in the social political and economic fabric of American life **How People Talk About Politics** Stephen Coleman,2020-11-12 During the Brexit referendum campaign it became clear how easily national conversations around politics could become raucous and bitter This book explores the nature of talking about politically contentious issues and how our society can begin to develop a more constructive culture of political talk Uniquely this study focuses on citizens own experiences and reflections on developing practising and evaluating their own political voices Based on seventy in depth interviews with a diverse range of people Stephen Coleman explores the intricate nature of interpersonal political talk and what this means for public attitudes towards politics and how people negotiate their political identities Engaging with a broad range of subjects from Political Communication to Sociology this book offers valuable insight into how the public can discuss politically turbulent topics in a meaningful and constructive way Making Employee-Driven Innovation Achievable Justina Tan,Wing On Lee,2023-07-14 This volume guides workplace trainers in teaching the significance of Employee Driven Innovation EDI and recognising that each and every employee is capable of being the driver of innovation Given that innovation has become imperative to unlock competitive advantage and that employees are increasingly regarded as a quintessential aspect of innovation this focus on EDI and how to enable it is both necessary and opportune The book is split into three parts first focusing on helping trainers to address the challenges of getting employees to engage in innovative work besides their regular job tasks How can organisations instil this mindset in their employees who see themselves as stalwarts of status quo The book then turns to how organisations can engage employees in innovation with an accompanying emphasis that the enactment of EDI may not follow a prescribed or planned flow It then closes by offering real world examples of the unfolding of EDI in both the Finnish and Singaporean contexts The book is aimed at educating enterprises both employers and workplace trainers and adult educators in the practices and approaches to engage employees in innovation It seeks to bridge specifically the theory practice nexus of EDI and nudge the enterprises and TAE training and adult education practitioners that have yet to involve or engage employees systematically

in innovation to seriously consider it **Cultural Entanglement in the Pre-Independence Arab World** Anthony Gorman, Sarah Irving, 2020-11-26 This book examines the ways in which non Arabic cultural influences interacted with the rich complex and sometimes conflictual environment of the Arab world in the pre independence era It comprises a series of 11 detailed case studies including topics such as the songs of Egyptian forced labourers in the British Army in World War I the translation and commentary of an Ottoman text in interwar Palestine and the contested use of French in the Algerian independence movement that highlight the complex interplay of colonial pressures traditional and novel art forms local and international practices notions of identity and belonging The book demonstrates how the interaction between Arabic and non Arabic cultural and intellectual production as well as influences from imperial Europe and the Islamic East have in various times and spaces inspired creative tensions which challenge binary views of East West relations and the standard imperialist colonial frameworks In this sense the volume seeks to offer a critique of both established modernising conceptions of cultural development and nationalist nativist frameworks based on the values of a specific political project **Emotion in Discourse** J. Lachlan Mackenzie, Laura Alba-Juez, 2019-03-15 Interest in human emotion no longer equates to unscientific speculation 21st century humanities scholars are paying serious attention to our capacity to express emotions and giving rigorous explanations of affect in language We are unquestionably witnessing an emotional turn not only in linguistics but also in other fields of scientific research Emotion in Discourse follows from and reflects on this scholarly awakening to the world of emotion and in particular to its intricate relationship with human language The book presents both the state of the art and the latest research in an effort to unravel the various workings of the expression of emotion in discourse It takes an interdisciplinary approach for emotion is a multifarious phenomenon whose functions in language are enlightened by such other disciplines as psychology neurology or communication studies The volume shows not only how emotion manifests at different linguistic levels but also how it relates to aspects like linguistic appraisal emotional intelligence or humor as well as covering its occurrence in various genres including scientific discourse As such the book contributes to an emerging interdisciplinary field which could be labeled emotionology transcending previous linguistic work and providing an updated characterization of how emotion functions in human discourse **Leading on Inclusion** Mhairi C. Beaton, Geraldene N. Codina, Julie C. Wharton, 2021-04-21 This comprehensive resource provides a range of perspectives on inclusion giving Special Educational Needs Co ordinators SENCOs the opportunity to consider the principles and practice that underpin their leadership role Offering a blend of academic and professional knowledge each chapter explores different aspects of the role of the SENCO and supports areas that will be considered as part of the National Award for SENCOs A variety of essential topics are covered from the importance of SEND provision and multi disciplinary practice to the role of the SENCO and leadership Key features of this book include Contributions by leaders of the National Award for Special Educational Needs Co ordinators working with trainee SENCOs across the country A focus on encouraging SENCOs to think deeply about their own

individual practice through engagement with cutting edge research A flexible structure that can be read as a whole or dipped in and out of as professional learning needs require This book provides an opportunity for readers to engage with a multiplicity of voices and approaches allowing them to critically explore their role as leaders of SEND provision in schools It is an invaluable resource both for students and those already within the role of Special Educational Needs Co ordinator
