Market Entry Strategies in Eastern Europe in the Context of the European Union Michael Klug, 2006-10-26 Based on face to face interviews with decision makers of 16 German firms Michael Klug analyses the applied strategy and the motivation for market entry He investigates different strategy theories for their suitability to explain the firms strategy abroad and discusses the operational design including forms of market presence and marketing mix to realise a chosen strategy

Democracy and Enlargement in Post-Communist Europe Christian W. Haerpfer, 2003-09-02 This book presents the principal findings of a unique and in depth study into the birth of democracy and the market economy in fifteen post communist countries

The Politics of Mobile Citizenship in Europe Nora Siklodi, 2020-07-31 The Politics of Mobile Citizenship in Europe explores contemporary models of national and European Union EU citizenship in the context of intra EU mobility Scholars have often addressed these models from separate disciplinary standpoints National citizenship has been studied through the prism of citizenship studies and EU citizenship from an EU studies viewpoint To contribute to their ongoing discussion and offer a politically embedded perspective Siklodi applies the citizenship studies lens to the analysis of EU wide survey data and original focus group evidence of young and highly educated EU mobiles and stayers in Sweden and Britain Specifically she investigates political community building processes including processes of differentiation and exclusion and the dimensions of citizenship identity rights and participation at the national and EU levels Siklodi proposes a redefinition of the active passive citizen dichotomy in terms of mobiles stayers to provide a more accurate description of contemporary citizen attitudes and behaviours across the European community

Explaining European Identity Formation Stephanie Bergbauer, 2017-10-24 What makes people identify with Europe To answer this question this book analyzes the development and determinants of a common European identity among EU citizens from the Maastricht Treaty in 1992 to the recent financial and economic crisis The author examines citizens identification with Europe for all EU member states and systematically explores the theoretical and empirical implications of two turning points in the recent history of EU integration namely the EU s enlargement to Central and Eastern Europe in 2004 2007 and the financial and economic crisis that started in 2008 The book integrates theoretical approaches to European identity in sociology social psychology and EU public opinion research in a comprehensive model for explaining individual identification with Europe The empirical analysis employs a multilevel framework to systematically assess the influence of individual characteristics and the political economic and social context on citizens feelings of identity The long analysis period spanning from 1992 to the present allows inferences to be drawn about the long term developments in the sources of European identification as well as the immediate impact of EU enlargement and the crisis on the determinants of European identification

SDGs in the European Region Walter Leal Filho, Maria Alzira Pimenta Dinis, Sara Moggi, Elizabeth Price, Alex Hope, 2023-08-31 This volume describes the thinking on sustainable development and a variety of initiatives across Europe illustrating regional efforts to foster

sustainable communities and ecological and social innovation It contains various contributions which showcase examples of thinking economic and social structures and in consumption and production patterns needed to implement the SDGs This book is part of the 100 papers to accelerate the implementation of the UN Sustainable Development Goals initiative The Energy Security Gains from Strengthening Europe's Climate Action Geoffroy Dolphin, Mr. Romain A Duval, Romain Duval, Hugo Rojas-Romagosa, Galen Sher, 2024-05-30 Following the 2022 energy crisis this paper investigates whether Europe's ongoing efforts to cut greenhouse gas emissions can also enhance its energy security The global computational general equilibrium model analysis finds that individual policy tools including carbon pricing energy efficiency standards and accelerated permitting procedures for renewables tend to improve energy security Compared to carbon pricing sector specific regulations deliver larger energy security gains and spread those more evenly across countries benefitting also some fossil fuel intensive economies in Central and Eastern Europe This finding strengthens the case for a broad climate policy package which can both achieve Europe's emissions reduction goals and deliver sizeable energy security co benefits An illustrative package which would cut emissions in the EU UK and EFTA by 55 percent with respect to 1990 levels by 2030 is estimated to improve the two energy security metrics used in this paper by close to 8 percent already by 2030 Beyond the policies analyzed in the model the paper also discusses the technology market design and supply chain reforms that Europe needs for an energy secure green transition Contesting Europe Pieter de Wilde, Asimina Michailidou, Hans-Jörg Trenz, 2013-06-20 The book compares EU coverage in main online news forums during the 2009 European Parliamentary campaigns Globalization, Ethics and Islam Ibrahim Ozdemir, 2017-03-02 Said Nursi 1877 1960 was an advocate of a form of Islam strongly committed to non violence and constructive engagement with the West and Christianity He has six million followers the Nursi community primarily in Turkey Yet many in the USA and Europe are not familiar with his important work this book seeks to rectify that gap In Globalization Ethics and Islam Jewish Christian and Islamic scholars reflect upon the achievement of Said Nursi and apply his thought to the complex issues of non violence dialogue and globalization *The Routledge Handbook of Differentiation in the European Union* Benjamin Leruth, Stefan Gänzle, Jarle Trondal, 2022-05-11 The Routledge Handbook of Differentiation in the European Union offers an essential collection of groundbreaking chapters reflecting on the causes and consequences of this complex phenomenon With contributions from key experts in this subfield of European Studies it will become a key volume used for those interested in learning the nuts and bolts of differentiation as a mechanism of dis integration in the European Union especially in the light of Brexit Organised around five key themes it offers an authoritative encyclopaedia of differentiation and addresses questions such as How can one define differentiation in the European Union in the light of the most recent events Does differentiation create more challenges or opportunities for the European Union Is Europe moving away from an ever closer Union and heading towards an ever more differentiated Union especially as leading political figures across Europe favour the use of differentiation to reconcile divergences between

member states This handbook is essential reading and an authoritative reference for scholars students researchers and practitioners involved in and actively concerned about research in the study of European integration As European differentiation is multifaceted and involves a wide range of actors and policies it will be of further interest to those working on countries and or in policy areas where differentiation is an increasingly relevant feature The Introduction and chapters 13 21 30 and 35 of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

European Regions Elisabeth Donat, Sarah Meyer, Gabriele Abels, 2020-09-23 At the beginning of the 21st century the EU is facing deep political social and economic changes The benefit of supranational organization is no longer obvious to European citizens and questions of legitimacy have accompanied the EU's development over the last decades Regions albeit often deemed obsolete present themselves as stable and reliable partners in this turbulent environment in being important objects of identification to their citizens but also relevant political and legal entities in the EU's multilevel governance system This edited volume asks about the role of regions and regional identity in a European Union that is perhaps struggling more than ever about its future

Patterns of Opposition in the European Parliament Benedetta Carlotti, 2020-09-21 Is Euroscepticism still suited to analyze the variegated nature of opposition to the EU Starting from this question this book critically reviews Euroscepticism reconceptualizes it in terms of political opposition and discovers disentangles and explains patterns of EU opposition within the European Parliament EP Distinguishing between what the EU does and what the EU is the research elaborates an index of parties positioning measuring it through the speeches that parties deliver in the EP The EP is the perfect laboratory where decisions concerning EU policies are taken and the future EU trajectories are shaped Besides delineating a set of guidelines categorizing parties the book concludes that their positioning varies along two main axes the pro anti EU system and the pro anti EU establishment From a normative perspective the research argues for the growing importance of the cumulation hypothesis if criticism remains unheard within the European elitist construct such criticism will transform itself into rejection

Intergroup Relations Sabine Otten, Kai Sassenberg, Thomas Kessler, 2009-06-09 This book analyses recent developments in intergroup research It diverges from classical approaches that looked at diverse needs and motives focussing not on what motivates intergroup behaviour but on how intergroup behavior functions

Euroscepticism Dieter Fuchs, Raul Magni-Berton, Antoine Roger, 2009-02-18 For some years now European citizens and politicians have increasingly sceptical views towards the European Union The book examines the degree of Euroscepticism in the different member states and detects possible sources for Euroscepticism On this basis the perspectives for the further development of the European Union can be discussed The analyses address four main issues The first issue focuses on the question of a European identity and the relation between European and national identities The second issue analyses euroscepticism among European citizens The third issue refers to the construction of euroscepticism in the mass

media and the fourth issue draws the connection between euroscepticism and the party systems of different European countries As a result of these four perspectives a differentiated view of euroscepticism can be attained and the extent and possible sources for euroscepticism can be established In this light a concluding discussion on the perspectives for the development of the European Union finalises the book From the Contents Images of Europe and European Identity Developing Euroscepticism among European citizens The construction of Euroscepticism in the mass media Party based Euroscepticism Discussion and perspectives

The Top Books of the Year Positive Europe The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year. Positive Europe : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
