Posle Liberalizma After Liberalism:

The Institutional Economics of Russia's Transformation Anton N. Oleinik, 2017-11-30 This book applies institutional theory to the analysis of the post Soviet Russian economy to bring to light the reasons why reforms have gone awry Emphasis is put on the elements missed in the early blueprints of reforms constraints embodied in formal and especially informal institutions Other aspects considered include the dominant model of power relationships and the networks of localized and personalized relationships among economic actors The first part provides a general description of the core concepts of institutional theory including both the old institutionalism of T Veblen and J Commons and the new institutional economics of R Coase O Williamson and D North and in the second part an institutional model of the post Soviet Russian economy is developed In the course of the analysis the authors discuss such unresolved issues as post privatization development in Russia and validity of the Coase theorem in the post Soviet institutional context Rich empirical data grounds the discussion throughout

After Liberalism Immanuel Wallerstein, 2010-09-27 In After Liberalism the distinguished historian and political scientist Immanuel Wallerstein examines the process of disintegration of our modern world system and speculates on the changes that may occur during the next few decades He explores the historical choices before us and suggests paths for reconstructing our world system on a more rational and socially equitable basis

Russian Liberalism Paul Robinson, 2023-09-15 Russian Liberalism charts the development of liberal ideas and political organizations in Russia as well as the implementation of liberal reforms by the Russian and Soviet governments at various points in time Paul Robinson's comprehensive survey covers the entire period from the late eighteenth century to the present day Robinson demonstrates that liberalism has always lacked strong roots in the Russian population being largely espoused by a narrow group of intellectuals whose culture it has reflected and has tended toward a form of historical determinism that sees Russia as destined to become like the West Many see the current political struggle between Russia and the West as being in part a conflict between the liberal West and an illiberal Russia By explaining the historical causes of liberalism's failure in that country Russian Liberalism offers an understanding of a significant aspect of contemporary international affairs After Putin's February 2022 invasion of Ukraine understanding Russian political thought is a matter of considerable importance

Kolo Matice hrvatske, 2005 **Post-Liberalism** Melvyn L. Fein, 2017 Liberalism is dying despite its superficial appearance of vigor Most of its adherents still believe it is the wave of the future but they are clinging to a sinking dream So says Melvyn L. Fein who argues that liberalism has made countless promises almost none of which have come true Under its auspices poverty was not eliminated crime did not diminish the family was not strengthened education was not improved nor was universal peace established These failures were not accidental they flow directly from liberal contradictions In *Post Liberalism* Fein demonstrates why this is the case Fein contends that an inverse force rule dictates that small communities are united by strong forces such as personal relationships and face to face hierarchies while large scale societies are integrated by weak forces such as technology and social roles As we become a more complex techno commercial society the weak forces become more dominant This necessitates greater decentralization in direct opposition to the centralization that liberals celebrate Paradoxically this suggests that liberalism as an ideology is regressive rather than progressive If so it must fail Liberals assume that some day under their tutelage these trends will be reversed but this contradicts human nature and history's lessons According to Fein we as a species are incapable of eliminating hierarchy or of loving all other humans with equal intensity Neither as per Emile Durkheim are we able to live in harmony without appropriate forms of social cohesion Provided by publisher *Liberal Responses to Populism* Karen Horn, Stefan Kolev, Julian F. Müller, 2025-01-27 Populism has taken root almost everywhere in the West It is crucial to understand how it has come about where its antagonistic worldview its nativism its illiberalism and its anti pluralism will take us and how we should seek to fend off this threat to liberal democracy In particular what could liberal answers look like This book is a collection of essays written by young and senior scholars in various fields from philosophy to economics Part I explores populism's nature and causes shedding light on the lure of sovereignty the perceived representation gap and the process of radicalization and human psychology Part II is dedicated to observations inside the political arena pitting liberalism and populism in a historical perspective analyzing the risk of democratic backsliding and asking how liberals should navigate the political need to make compromises In Part III the focus turns to liberal responses such as rules based public deliberation a liberal ethics attending to civic virtues improved representation through the blockchain and polycentric migration policies Part IV finally houses critical engagements with influential relevant authors such as Foucault Laclau Berlin and Harrington *Liberal Responses to Populism* is a rich and thought provoking read for scholars and students in political economy political science and political philosophy *How We Became Post-Liberal* Russell Blackford, 2023 Liberalism is in trouble As a set of ideas it has lost much of its historical authority in guiding public policy and personal behaviour In this post liberal climate Russell Blackford asks whether liberalism is truly over *How We Became Post Liberal* examines how Western liberal democracies became nations where traditional liberal principles of toleration religious and otherwise individual liberty and freedom of speech are frequently

dismissed as outdated or twisted to support conservative policies Blackford traces the lineage of liberalism from problems of toleration that emerged when Christianity triumphed in the late centuries of classical antiquity with comparison to non Western civilizations The political and philosophical story culminates in the recent development over the past 30 to 50 years of post liberal ideologies in the West At each stage Blackford discusses arguments for and against liberal principles identifying why no argument to date has been totally successful in convincing opponents while maintaining that liberalism s ideas and language are still worth saving From campus wars over academic freedom to the Charlie Hebdo attack and the murder of Samuel Paty this is an indispensable guide for anyone wanting to understand the why what and how of the post liberal world

Political Neoliberalism Christian Joppke, 2025-05-14 In recent years the concept of neoliberalism has been discarded as shrill and overspent In *Political Neoliberalism* Christian Joppke argues that it is a useful lens to make sense of a wide range of political phenomena those pertaining to the order and governing of advanced Western societies but also rupture and conflict at the extreme right and left ends of the political spectrum With respect to order Joppke outlines an inventory of the political forms of neoliberalism that undermined the post World War II liberal democratic synthesis This is complemented by a genealogy of neoliberalism which matured from a movement associated with the right into a full blown political order once the left in terms of the Third Way embraced its principles In response to the center right left consensus on market conforming principles and policies radical movements have emerged that signal rupture right wing populism on the one hand and left wing identity politics on the other Despite their oppositionist posture and claims to be authentically democratic Joppke argues that both are movements within rather than against neoliberalism Their illiberal leanings make them unsuited to credibly recover democracy the indispensable tool to rein in the imposition of market principles on most if not all aspects of society In contrast to the optimism for a return of a public good oriented state that was galvanized by the Covid 19 pandemic Joppke s telling closes with an indictment of the ways pandemic public health management rejuvenated political neoliberalism through the expansion of technocratic authoritarianism and the increased power of big corporations with no forces on the horizon capable of shifting political neoliberalism off track A shrewd and original analysis of what must be considered the predominant ideological project in our time this is essential reading for anyone interested in neoliberalism and the persistent crisis of liberal democracy

The New Leviathans John Gray, 2023-11-07 A bold provocative reckoning with our current political delusions and dysfunctions Ever since its publication in 1651 Thomas Hobbes s *Leviathan* has unsettled and challenged how we understand the world Condemned and vilified by each new generation his cold political vision continues to see through any number of human political and ethical vanities In his wonderfully stimulating book *The New Leviathans* John Gray allows us to understand the world of the 2020s with all its contradictions moral horrors and disappointments The collapse of the USSR ushered in an era of near apoplectic triumphalism in the West a genuine belief that a rational liberal well managed future now awaited humankind and that

tyranny nationalism and unreason lay in the past Since then so many terrible events have occurred and so many poisonous ideas have flourished and yet our liberal certainties treat them as aberrations that will somehow dissolve Hobbes would not be so confident Filled with fascinating and challenging observations *The New Leviathans* is a powerful meditation on historical and current folly As a species we always seem to be struggling to face the reality of base and delusive human instincts Might a more self aware realistic and disabused ethics help us *Twilight Or Dawn?* Bill Stonebarger,C. William Stonebarger,2012 An edited version of the book formerly titled *The road to a Tea Party* Pref **The West Removed** Paolo Ercolani,2016-10-28T00:00:00+02:00 The seven chapters of this book cover a variety of concepts liberalism freedom Marxism and classic thinkers Mill Marx Hayek Popper in order to disclose several myths we ve become accustomed to taking for granted in the West It posits that exploration of these myths is crucial to understanding the essence of the West or better to seeing what has been removed from the West as the title of this book implies What emerges is a rigorous and surprising counter history of our civilization *The Liberal Virus; Permanent War and the Americanization of the World* Samir Amin,2005 *The Liberal Virus* Argues That The Ongoing U S Project Is A Technique To Dominate The World Through Military Force Has Its Roots In European Liberalism But Has Developed Certain Features Of Liberal Ideology In A New And Uniquely Dangerous Way Where European Political Culture Since The French Revolution Has Given A Central Place To Values Of Equality The American State Has Developed To Serve The Interests Of Capital Alone This Model Is Now Being Imposed On A Global Scale U S Imperialism Amin Argues Will Be Far More Barbaric Than Earlier Form Of Imperialism Pillaging Natural Resources And Destroying The Lives Of The Poor The Author Further Argues That Citizenship And Class Consciousness Are Diluted In The Low Intesity Democracy Of The U S Model And Argues Instead For Democratization As An Ongoing Process Of Fundamental Importance For Human Progress Rather Than A Fixed Constitutional Formula Designed To Support The Logic Of Capital Accumulation Amin Outlines The Challenges Faced By Those Resisting The U S Project Today Redefining European Liberalism On The Basis Of A New Compromise Between Capital And Labor Re Establishing Solidarity Among The People Of The South And Reconstructing An Internationalism That Serves The Interests Of Regions That Are Currently Divided Against Each Other *Forward from Liberalism* Stephen Spender,1937 **Reinventing Liberalism** Ola Innset,2021-01-30 In April 1947 a group of right leaning intellectuals met in the Swiss Alps for a ten day conference with the aim of establishing a permanent organization Named an army of fighters for freedom by Friedrich Hayek they would at times use neoliberalism as a description of the philosophy they were developing Later many of them would opt for classical liberalism or other monikers Was their liberalism classical or was it new All new creeds build on previous ones but the intellectuals in question were involved in an explicit attempt to change liberalism and move beyond both past laissez faire ideals and the social liberalism popular at the time This book provides a contextual historical understanding of the development of neoliberal ideas by studying its evolution from the first socialist calculation debates in Red Vienna to the

founding meeting of the Mont Pelerin Society in 1947 The author examines key neoliberal conceptions of totalitarianism market mechanisms and states and presents a detailed study of the discussions during the first meeting of the Mont Pelerin Society Offering a new perspective on the ideas that have influenced economics and politics since the 1970s this study appeals to scholars interested in modern and political history political theory and the history of economic thought What is neoliberalism In search of an answer Innset s innovativeintellectual history takes us to a grand hotel overlooking Lake Geneva and inside the first meeting of the Mont P lerin Society Our journey leaves us with a deeper understanding of the new form of liberalism that is the legacy of this closed society Edward Nik Khah Professor of Economics Roanoke College Reinventing Liberalism will put an end to endless debates around whether neoliberalism exists or not Ola Morris Innset clearly shows that it does and presents a definitive argument for what neoliberalism is This book is a must read for all those who want to have a solid understanding of the ideology that is framing and increasingly visibly endangering our world Marie Laure Salles Djelic Sciences Po Paris

Market Liberalism and Economic Patriotism in the Capitalist World-System

Tamás Gerőcs,Miklós Szanyi,2019-02-06 This volume broadens the scope of comparative capitalism within the Varieties of Capitalism VoC tradition It endorses the employment of multiple perspectives including critical political economy institutionalist systems of capitalism structuralist dependency scholarship and world systems theory The contributors deal with the theory of economic patriotism in a conceptual framework as well as case studies regarding rent seeking behaviour the patronage state in Hungary and Poland the conflict between national regulation and the European legal framework and the perspective of wage relations in the European institutional framework The book concludes with the legacy of developmentalism and dirigisme in a core periphery relation based on the French state and a range of non European cases including Iran Brazil and Egypt
