**Ethnizität, Moderne und Enttraditionalisierung ,      The Role of the Soviet Union in the Second World War** Boris Sokolov, 2013-04-24 This book investigates several controversial issues regarding the role of the Soviet Union and the performance of the Soviet government and Red Army to which the author provides some provocative answers The primary question explored by the author however regards the effectiveness of both the Red Army and of the Soviet military economy Dr Sokolov argues that the chief defect of the Soviet military economy was the disproportionate emphasis on the production of tanks and aircraft at the expense of transportation means and the means of command and control This leads the author to look at the role of Lend Lease during the war Through the delivery of radio sets trucks jeeps locomotives fuel explosives and so on the author concludes that Lend Lease was critical to the Red Army and that the Soviet Union would not have been able to wage a long war against Germany without the Lend Lease supplies a conclusion that defies decades of Soviet claims to the contrary Finally the author looks at the still very controversial and hot topic of Red Army losses in the war which was taboo for decades arguing that this is an effective measure of the Red Army's military performance He and other scholars have estimated that the Red Army's losses were on the scale of 27 million three times larger than the official estimates and approximately 10 times greater than the German losses on the Eastern Front He argues that such horrendous casualties and such an unfavorable ratio for the Red Army were the result of the relatively low value placed on human life in both the Russian Empire and the Soviet Union and the much more destructive nature of the Soviet totalitarian regime as compared with the Third Reich which cowed the Soviet generals and officers into total subservience Due to the elimination of all political opposition and the total control over people's lives soldiers and civilians could not protest against the crude tactics that resulted in such a very high rate of losses Dr Boris Sokolov is a prolific author and a member of the Russian branch of PEN International which celebrates literature and promotes freedom of expression In 2008 Dr Sokolov was forced to resign as Professor of Social Anthropology from his post at the Russian State Social University in Moscow at the demand of President Medvedev's administration after publishing an article about the 2008 Russian Georgian War The author of 69 books as of 2012 his work has focused on the history of the Second World War and has also written biographies of such prominent military and political leaders as Bulgakov Stalin Molotov Beria Tukhachevsky Rokossovsky and Zhukov In addition he has written numerous articles on history philology political science and economics A prominent specialist in the problems of military losses military economy and strategy he has given lectures in Russia Estonia Latvia and Denmark and his books and articles have been translated into numerous languages He currently resides in Moscow and is working on a biography of Marshal Rodion Malinovsky Stuart Britton is a freelance translator and editor residing in Cedar Rapids Iowa He has been responsible for making a growing number of Russian titles available to readers of the English language consisting primarily of memoirs by Red Army veterans and recent historical research concerning the Eastern Front of the Second World War and

The lives of Stalin and Hitler and the fates of their respective dictatorships drew ever closer to collision as the world hung in the balance Stalin Waiting for Hitler 1929 1941 is a history of the world during the build up to its most fateful hour from the vantage point of Stalin s seat of power It is a landmark achievement in the annals of historical scholarship and in the art of biography Bolshevik Feminist Barbara Evans Clements,1979 Mykola Kostomarov Thomas Michael Prymak,1996 A biography of the historian educator author and leading figure in the Ukranian national awakening of the 19th century describing his original scholarship and his role in cultural politics in Ukraine and Russia and providing insight into interethnic and international relations in Eastern Europe and the former Russian and Soviet empires Annotation copyright by Book News Inc Portland OR Red Stars Patrick L.
