Possession At Loudun:

The Possession at Loudun Michel de Certeau, 2000-08 It is August 18 1634 Father Urbain Grandier convicted of sorcery that led to the demonic possession of the Ursuline nuns of provincial Loudun in France confesses his sins on the porch of the church of Saint Pierre then perishes in flames lit by his own exorcists A dramatic tale that has inspired many artistic retellings including a novel by Aldous Huxley and an incendiary film by Ken Russell the story of the possession at Loudun here receives a compelling analysis from the renowned Jesuit historian Michel de Certeau Interweaving substantial excerpts from primary historical documents with fascinating commentary de Certeau shows how the plague of sorceries and possessions in France that climaxed in the events at Loudun both revealed the deepest fears of a society in traumatic flux and accelerated its transformation In this tour de force of psychological history de Certeau brings to vivid life a people torn between the decline of centralized religious authority and the rise of science and reason wracked by violent anxiety over what or whom to believe At the time of his death in 1986 Michel de Certeau was a director of studies at the cole des hautes tudes en sciences sociales Paris He was author of eighteen books in French three of which have appeared in English translation as *The Practice of Everyday Life* *The Writing of History* and *The Mystic Fable* Volume 1 the last of which is published by The University of Chicago Press Brilliant and innovative *The Possession at Loudun* is de Certeau's most accessible book and one of his most wonderful Stephen Greenblatt from the Foreword

The Devils of Loudun Edmund Goldsmid, 2023-01-31 The following extraordinary account of the Cause Civile of Urbain Grandier the Cur of Loudun accused of Magic and of having caused the Nuns of the Convent of Saint Ursula to be possessed of devils is written by an eye witness and not only an eyewitness but an actor in the scenes he describes It is printed at Poitiers chez J Ftoreau et la veuve M nier Imprimeurs du Roi et de l Universit 1634 I believe two copies only are known my own and the one in the National Library Paris The writer is Monsieur des Niau Counsellor at la Fl che evidently a firm believer in the absurd charges brought against Grandier Magic appears to have had its origin on the plains of Assyria and the worship of the stars was the creed of those pastoral tribes who pouring down from the mountains of Kurdistan into the wide level where Babylon afterwards raised its thousand towers founded the sacerdotal race of the Chasdim or Chaldeans To these men were soon allotted peculiar privileges and ascribed peculiar attributes until under the name of Magi they acquired a vast and permanent influence Their temples were astronomical observatories as well as holy places and the legendary tower of Babel in the Book of Genesis is probably but the mythical equivalent of a vast edifice consecrated to the study of the seven planets or perhaps as the Bab court or palace of Bel to the brilliant star of good fortune alone Availing themselves of the general adoration of the stars they appear to have invented a system of astrology the apotelesmatic science by which they professed to decide upon the nature of coming events and the complexion of individual fortunes

[The History of the Devils of Loudun](#) Anonymous, 2021-12-03 This story is true story about an extraordinary event that happened in France in the times of Cardinal Richelieu The events of

the story spin around the supposed demonic possession religious fanaticism sexual repression and mass hysteria that occurred in 17th century France town of Loudun According to the historical sources the Roman Catholic priest Urbain Grandier and an entire convent of Ursuline nuns allegedly became possessed by demons Grandier was a promiscuous and insolent personality who yet stated that he was not guilty Modern historians suppose that he could possibly be a victim of a political plot by Cardinal Richelieu The trial started as a group of Ursuline nuns accused him of bewitching them into imprudent acts Urbain Grandier stated that the true reason for the trial was his refuse to become a spiritual patron of the Convent which infuriated which After a trial Grandier was found guilty and burned at a stake This book presents a translation of the first hand account of those events and can be considered as a primary source of historical information The History of the Devils of Loudun Des Niau,1887 The History of the Devils of Loudun: The Alleged Possession of the Ursuline Nuns and the Trial and Execution Urbain Grandier Edmund Goldsmid,1887-01-01 *History of the Devils of Loudun* Des Niau,1887 The History of the Devils of Loudun Des Niau,1887 **Demonic Possession and Exorcism** Sarah Ferber,2013-01-11 This is a highly original study of demon possession and the ritual of exorcism both of which were rife in early modern times and which reached epidemic proportions in France Catholics at the time believed that the Devil was everywhere present in the rise of the heretics in the activities of witches and even in the bodies of pious young women The rite of exorcism was intended to heal the possessed and show the power of the Church but it generated as many problems as it resolved Possessed nuns endured frequently violent exorcisms exorcists were suspected of conjuring devils and possession itself came to be seen as a form of holiness elevating several women to the status of living saints Sarah Ferber offers a challenging study of one of the most intriguing phenomena of early modern Europe Looking towards the present day the book also argues that early modern conflicts over the Devil still carry an unexpected force and significance for Western Christianity **Possession** Craig E. Stephenson,2012-12-06 This illuminating study addressed both to readers new to Jung and to those already familiar with his work offers fresh insights into a fundamental concept of analytical psychology Anatomizing Jung's concept of possession reinvests Jungian psychotherapy with its positive potential for practice Analogizing the concept lining it up comparatively beside the history of religion anthropology psychiatry and even drama and film criticism offers not a naive syncretism but enlightening possibilities along the borders of these diverse disciplines An original wide ranging exploration of phenomena both ancient and modern this book offers a conceptual bridge between psychology and anthropology it challenges psychiatry to culturally contextualize its diagnostic manual and it posits a much more fluid pluralistic and embodied notion of selfhood *The History of the Devils of Loudun* Des Niau,1887 **The Devils of Loudun** Aldous Huxley,2009-07-28 Aldous Huxley's acclaimed and gripping account of one of the strangest occurrences in history In 1643 an entire convent in the small French village of Loudun was apparently possessed by the devil After a sensational and celebrated trial the convent's charismatic priest Urban Grandier accused of spiritually and sexually seducing

the nuns in his charge was convicted of being in league with Satan Then he was burned at the stake for witchcraft In this classic work by the legendary Aldous Huxley a remarkable true story of religious and sexual obsession considered by many to be his nonfiction masterpiece a compelling historical event is clarified and brought to vivid life **The History of the Devils of Loudun; the Alleged Possession of the Ursuline Nuns, and the Trial and Execution of Urbain Grandier, Told by an Eye-witness. Possession in French, Haitian, and Vodou Thought Alessandra Benedicty-Kokken, 2014-11-12 This book recuperates the important history that Haitian thought around Vodou possession has had in French critical theory The author takes the period of the 1930s and 40s as the centerfold of a more complex network of relations that places Haiti as one of the pivots of a more expanded intellectual conversation around possession which links anthropology literature psychoanalysis human rights and visual arts in France Haiti and the United States Benedicty argues that Haiti as the anthropological other serves as a kick starter to an entire French based theoretical apparatus Breton Leiris Bataille de Certeau Foucault and Butler but once up and running its role as catalyst is forgotten and the multiple iterations of the anthropological other are cast back into the net of Michel Rolph Trouillot's Savage slot The book offers the reader unfamiliar with Haiti a comprehensive interdisciplinary study of twentieth and early twenty first century Haitian thought including a detailed timeline of important moments in the intellectual history that connects Haiti to France and the United States The first part of the book is about global dispossessions in the first decades of the twentieth century the second part points to how the narratives of Haiti are intimately linked to a Franco U S American discursive space constructed over the course of the twentieth century a discursive order that has conflated the representation of Haiti with an understanding of Vodou primarily as an occult religion and not as a philosophical system The third and fourth parts of the book examine how the novels of Ren Depestre Jean Claude Fignol and Kettly Mars have revisited the notion of possession since the fall of the Duvalier dictatorships The History of the Devils of Loudun Des Niaux, Un Témoin, 2015-12-07 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **History of the Devils of Loudun** Edmund Goldsmid, 2019 **The History of the Devils of Loudun - The Alleged Possession of the Ursuline Nuns, and the Trial and Execution of Urbain Grandier - Told by an Eye-Witness - Translated from the Original French - Volumes I., II., and III.** Edmund Goldsmid, 2020-09-17 This book contains all three volumes of Edmund Goldsmid's The History of the Devils of Loudun which deals with the purported demonic possession sexual repression religious fanaticism and mass hysteria that occurred in the small town of Loudun in 17th century France This volume concentrates on the Roman Catholic priest called Urbain Grandier and the members of a

Publishing Women's Life Stories in France, 1647-1720 Elizabeth C. Goldsmith, 2017-03-02 In this new study Elizabeth Goldsmith continues her pursuit of issues treated in her earlier books on conversation epistolary writing and the female voice in literature She examines how French women in the seventeenth and early eighteenth centuries first came to publish their private life stories in doing so she explores what the writers have to say about why they decide to write about themselves what they choose to write how they get their stories circulated and printed and what they do to defend themselves against the threat to personal reputation and credibility that was implied by such public self exposure Goldsmith scrutinizes the autobiographical writing of six women all of whom were for different reasons the objects of fairly intense publicity during their lifetime at the historical moment when the idea of publicity via the printed word was still a new concept Three of the women Jeanne des Anges Marie de l'Incarnation and Jeanne Guyon were charismatic religious figures whose writings were widely circulated The other three writers the sisters Hortense and Marie Mancini and Madame de Villegieu are more worldly but like their spiritual counterparts they undertook self publication as a form of conversation with the world and a way of participating in other forms of public discourse *Publishing Women's Life Stories in France 1647-1720* considers the different forms that the life writing of these three women took autobiographies letter correspondences which in four of the six cases have never before been published trial transcripts testimonials published as part of other authors works and written self portraits that were circulated among friends Drawing on the work of Michel de Certeau on voice and communities of readers in the 17th century as well as the work of Roger Chartier and other historians of the book and print culture Goldsmith retraces the complicated networks of human interaction that underlie these early a
