Don H. Corrigan

Possum Trot:

Possum Trot, Rural Community, South Herman Clarence Nixon, 1941 **American Roadkill** Don H.

Corrigan, 2021-10-25 Slaughtered along our highways roadkill may be observed regularly but aren't likely to be given much thought. Research scientists, animal rights activists, roadkill artists, writers, ethicists, and lyricists, however, are increasingly sounding the alarm. They report that we are killing the very animals we love and are driving many of them to the brink of extinction. Detailing the death and destruction of mammals, reptiles, amphibians, and insect pollinators, this study examines the ways in which we are thus jeopardizing our own futures. Beginning in the Model T era, biologists counted the common carnage of the time: cottontails, woodchucks, and squirrels, mostly. That record-keeping continues today. Beyond the bleak statistics, zoologists are rerouting migratory paths of animals and are advocating for cat and dog companions. This book illuminates both our successes and failures in keeping animals out of harm's way and what those efforts reflect about ourselves and our capacity to care enough to alter the road ahead.

Possum Trot J. Harley McIlrath, 2010 The pieces in this collection form a lament for a way of life mostly gone. The family farm is dead. Did you know, says one character within. E. B. White writes, Charlotte's Web today it takes place in a hog confinement. Imagine Wilbur living in a concentration camp for pigs. Still, these pieces are neither nostalgic nor sentimental. Boys bear burdens heavier than is just; they discover truths at too early an age. Woven throughout is the strong, unspoken love between fathers and sons, sons and fathers. But perhaps these pieces, this Possum Trot, form not a lament but a celebration of life. There is laughter here, the laughter that comes after the funeral when the family is gathered in the home, the casseroles have been eaten, and the boys are playing catch in their church clothes. The men have taken off their jackets and rolled their sleeves, and the women are pouring coffee. Do you remember when someone says, They do remember, and they laugh. There are tears in their eyes because one of the family is missing. But those tears are mixed with tears of laughter because look around you. Here we all are. Still here. Alive and kicking.

Heart, Laughter, and Sentiment Eugene Pacetti and Jessica Robin Cooper, 2009-11 In this hustle and bustle world, many find it hard to sit down and read a complete novel or even read it in parts. These short stories and poems can be read a few each day or at your convenience. We've even thrown in a few of the best email forwards that you will love reading again. You'll laugh at Rudy the Gobbler during Thanksgiving, then the conversation Santa has with the reindeer in Santa's Last Stop on Christmas Eve. Your heart will warm reading poems from the heart. You even may shed a tear when you read about a son's death. As the year goes by, you can read about events of the season. Read the stories and poems to class and friends. They bring a great response from all audiences. This is a great collection of stories and poems in one book. Leave on your coffee table for all your guests to browse.

The Southern Way of Life Charles Reagan Wilson, 2022-11-30 How does one begin to understand the idea of a distinctive southern way of life a concept as enduring as it is disputed In this examination of the American South in national and global contexts celebrated historian Charles Reagan Wilson assesses how diverse communities of southerners have sought to define the region's identity Surveying three centuries of southern regional consciousness across many genres disciplines and cultural strains Wilson considers and challenges prior presentations of the region advancing a vision of southern culture that has always been plural dynamic and complicated by race and class Structured in three parts The Southern Way of Life takes readers on a journey from the colonial era to the present from when complex ideas of southern civilization rooted in slaveholding and agrarianism dominated to the twenty first century rise of a modern multicultural southern living As Wilson shows there is no singular or essential South but rather a rich tapestry woven with contestations contingencies and change

[Reading Southern Poverty Between the Wars, 1918-1939](#) Richard Godden, Martin Crawford, 2006 Franklin D Roosevelt once described the South as the nation's number one economic problem These twelve original interdisciplinary essays on southern indigence between the World Wars share a conviction that poverty is not just a dilemma of the marketplace but also a cultural and political construction Although previous studies have examined the web of coercive social relations in which sharecroppers wage laborers and other poor southerners were held in place this volume opens up a new perspective These essays show that professed forces of change

and modernization in the South writers photographers activists social scientists and policymakers often subtly upheld the structures by which southern labor was being exploited Planters politicians and others who enforced the southern economic and social status quo not only relied on bigotry but also manipulated deeply held American beliefs about sturdy yeoman nobility and the sanctity of farm and family Conversely any threats to the system were tarred with the imagery of big cities northerners and organized labor The essays expose vestiges of these beliefs in sources as varied as photographs from the Farm Security Administration statistics for incarceration and child labor and the writings of Grace Lumpkin Ellen Glasgow and Erskine Caldwell This volume shows that those who work to eradicate poverty and even victims of poverty themselves can hesitate to cross the line of race gender memory or tradition in pursuit of their goal **Georgia Geographic Names**

,1981 **A Name on a Wall** Mark Byford,2013-11-07 An unusual coincidence occurred early one morning at the most visited war memorial in the United States as a shaft of sunlight hit one of the 58 282 names on the Vietnam Veterans Memorial The name was Larry Byford So begins a unique personal journey to discover the story of the name on the wall Travelling more than 30 000 miles from east Texas to Vietnam Mark Byford learns about the lasting impact on Larry s siblings friends and the comrades who were there with him on the day he died in the summer of 1967 He pinpoints why that time became the turning point of America s most divisive war of the twentieth century A Name on a Wall is a gripping true story that focuses on duty heroism and fate We learn not only about the tragic loss of Larry Byford a draftee rifleman in Vietnam but also the contrasting war story of the author s own father Lawry Byford a draftee from Yorkshire for whom the Second World War became the springboard for a new life filled with opportunities Forty years after the final American combat troops left Vietnam thirty years after The Wall was built to heal a nation and in the light of the recent controversial wars in Iraq and Afghanistan what lessons if any have been learnt through the ultimate sacrifice of the name on a wall
