Post Conservative America People Politics And Ideology:

Post-conservative America Kevin Phillips,1982 *Nixon's Court* Kevin J. McMahon,2011-09-19 Most analysts have deemed Richard Nixon's challenge to the judicial liberalism of the Warren Supreme Court a failure a counterrevolution that wasn't Nixon's Court offers an alternative assessment Kevin J McMahon reveals a Nixon whose public rhetoric was more conservative than his administration's actions and whose policy towards the Court was more subtle than previously recognized Viewing Nixon's judicial strategy as part political and part legal McMahon argues that Nixon succeeded substantially on both counts Many of the issues dear to social conservatives such as abortion and school prayer were not nearly as important to Nixon Consequently his nominations for the Supreme Court were chosen primarily to advance his law and order and school desegregation agendas the Court eventually endorsed But there were also political motivations to Nixon's approach he wanted his judicial policy to be conservative enough to attract white southerners and northern white ethnics disgruntled with the Democratic party but not so conservative as to drive away moderates in his own party In essence then he used his criticisms of the Court to speak to members of his Silent Majority in hopes of disrupting the long dominant New Deal Democratic coalition For McMahon Nixon's judicial strategy succeeded not only in shaping the course of constitutional law in the areas he most desired but also in laying the foundation of an electoral alliance that would dominate presidential politics for a generation The Revival of Labor Liberalism Andrew Battista,2023-12-11 The Revival of Labor Liberalism is a careful analysis of the twentieth century decline of the labor liberal coalition and the important efforts to revive their political fortunes Andrew Battista chronicles the efforts of several new political organizations that arose in the 1970s and 1980s with the goal of reuniting unions and liberals Drawing from extensive documentary research and in depth interviews with union leaders and political activists Battista shows that the new organizations such as the Progressive Alliance Citizen Labor Energy Coalition and National Labor Committee made limited but real progress in reconstructing and strengthening the labor liberal coalition Although the labor liberal alliance remained far weaker than the rival business conservative alliance Battista illuminates that it held a crucial role in labor and political history after 1968 Focuses on a fraught but evolving partnership Battista provides a broad analysis of factional divisions among both unions and liberals and considers the future of unionism and the labor liberal coalition in America Transforming America Robert M. Collins,2007 Robert Collins examines the critical and controversial developments of the 1980s and the unmistakable influence of Ronald Reagan on their making Portraying the former president as a complex political figure who combined ideological conservatism with political pragmatism Collins demonstrates how Reagan's policies helped limit the scope of government control inflation reduce the threat of nuclear war and defeat communism In the 1980s other changes occurred as well including the advent of the personal computer a revolution in information technology a more globalized national economy and a restructuring of the American corporation In the realm of culture MTV self help gurus and postmodernism realized the cultural shifts of the

postwar era creating a conflict that pitted cultural conservatism against a secular multicultural view of the world

Entertaining and erudite Transforming America explores the events movements and ideas that profoundly changed American culture and politics during an important decade **The State and Democracy** Marc V. Levine, Carol MacLennan, John J. Kushma, Charles Noble, Jeff Faux, Marcus G. Raskin, 2025-08-01 Corporate domination of public policy during the Reagan years resulted not only in increasing inequality and deteriorating living standards for millions of Americans but in a diminution in the capacity of government to solve basic problems that are not amenable to market oriented solutions The authors of The State and Democracy originally published in 1988 propose a new public philosophy for America one which comprises communitarian values governments at all levels which actively pursue the public interest a participatory political culture and a democratic accountable process of public choice Because of the authors extensive experience both inside and outside government they offer a fresh interdisciplinary perspective based not only on extensive research and study but also on first hand experience **Witnessing Suburbia** Eileen Luhr, 2009-02-10 Witnessing Suburbia is a lively cultural analysis of the conservative shift in national politics that transformed the United States during the Reagan Bush era Eileen Luhr focuses on two fundamental aspects of this shift the suburbanization of evangelicalism and the rise of Christian popular culture especially popular music Taking us from the Jesus Freaks of the late 1960s to Christian heavy metal music to Christian rock festivals and beyond she shows how evangelicals succeeded in witnessing to America s suburbs in a consumer idiom Luhr argues that the emergence of a politicized evangelical youth culture in fact ranks as one of the major achievements of third wave conservatism in the late twentieth century Money, Morals, & Manners Michèle Lamont, 2024-05-31 Drawing on remarkably frank in depth interviews with 160 successful men in the United States and France Michèle Lamont provides a rare and revealing collective portrait of the upper middle class the managers professionals entrepreneurs and experts at the center of power in society Her book is a subtle textured description of how these men define the values and attitudes they consider essential in separating themselves and their class from everyone else Money Morals and Manners is an ambitious and sophisticated attempt to illuminate the nature of social class in modern society For all those who downplay the importance of unequal social groups it will be a revelation A powerful cogent study that will provide an elevated basis for debates in the sociology of culture for years to come David Gartman American Journal of Sociology A major accomplishment Combining cultural analysis and comparative approach with a splendid literary style this book significantly broadens the understanding of stratification and inequality This book will provoke debate inspire research and serve as a model for many years to come R Granfield Choice This is an exceptionally fine piece of work a splendid example of the sociologist s craft Lewis Coser Boston College A Faustian Foreign Policy from Woodrow Wilson to George W. Bush Joan Hoff, 2007-12-10 A Faustian Foreign Policy from Woodrow Wilson to George W Bush critiques U S foreign policy during this period by showing how moralistic diplomacy has increasingly assumed Faustian overtones especially during the

Cold War and following September 11 The ideological components of American diplomacy originating in the late 18th and 19th centuries evolved through the 20th century as U S economic and political power steadily increased Seeing myth making as essential in any country s founding and a common determinant of its foreign policy Professor Joan Hoff reveals how the basic belief in its exceptionalism has driven America s past and present attempts to remake the world in its own image She expands her original concept of independent internationalism as the modus operandi of U S diplomacy to reveal the many unethical Faustian deals the United States entered into since 1920 to obtain its current global supremacy **The Rise and Fall of the New Deal Order, 1930-1980** Steve Fraser, Gary Gerstle, 2020-07-21 The description for this book The Rise and Fall of the New Deal Order 1930 1980 will be forthcoming **Japan's Foreign Policy in an Era of Global Change** Takashi Inoguchi, 2013-12-17 The evolution of Japan s foreign policy at the time of great transformation cum transition after World War II is analysed and considered from two angles a Japan adrift with an opportunistic short term pragmatism and a Japan determinedly and tenaciously steadfast to its national interests Inoguchi provides fascinating and balanced accounts of Japan s foreign policy at a time when its premises are seemingly undermined and its domestic and international underpinnings eroding First published in 1993 this title is part of the Bloomsbury Academic Collections series **Who Stole the American Dream?** Hedrick Smith, 2013-08-27 Pulitzer Prize winner Hedrick Smith s new book is an extraordinary achievement an eye opening account of how over the past four decades the American Dream has been dismantled and we became two Americas In his bestselling The Russians Smith took millions of readers inside the Soviet Union In The Power Game he took us inside Washington s corridors of power Now Smith takes us across America to show how seismic changes sparked by a sequence of landmark political and economic decisions have transformed America As only a veteran reporter can Smith fits the puzzle together starting with Lewis Powell s provocative memo that triggered a political rebellion that dramatically altered the landscape of power from then until today This is a book full of surprises and revelations the accidental beginnings of the 401 k plan with disastrous economic consequences for many the major policy changes that began under Jimmy Carter how the New Economy disrupted America s engine of shared prosperity the virtuous circle of growth and how America lost the title of Land of Opportunity Smith documents the transfer of 6 trillion in middle class wealth from homeowners to banks even before the housing boom went bust and how the U S policy tilt favoring the rich is stunting America s economic growth This book is essential reading for all of us who want to understand America today or why average Americans are struggling to keep afloat Smith reveals how pivotal laws and policies were altered while the public wasn t looking how Congress often ignores public opinion why moderate politicians got shoved to the sidelines and how Wall Street often wins politically by hiring over 1 400 former government officials as lobbyists Smith talks to a wide range of people telling the stories of Americans high and low From political leaders such as Bill Clinton Newt Gingrich and Martin Luther King Jr to CEOs such as Al Dunlap Bob Galvin and Andy Grove to heartland Middle Americans such as airline

mechanic Pat O Neill software systems manager Kristine Serrano small businessman John Terboss and subcontractor Eliseo Guardado Smith puts a human face on how middle class America and the American Dream have been undermined This magnificent work of history and reportage is filled with the penetrating insights provocative discoveries and the great empathy of a master journalist Finally Smith offers ideas for restoring America s great promise and reclaiming the American Dream Praise for *Who Stole the American Dream* A sweeping authoritative examination of the last four decades of the American economic experience The Huffington Post Some fine work has been done in explaining the mess we re in But no book goes to the headwaters with the precision detail and accessibility of Smith The Seattle Times Sweeping in scope Smith posits some steps that could alleviate the problems of the United States USA Today Brilliant a remarkably comprehensive and coherent analysis of and prescriptions for America s contemporary economic malaise Kirkus Reviews starred review Smith enlivens his narrative with portraits of the people caught up in events humanizing complex subjects often rendered sterile in economic analysis The human face of the story is inseparable from the history Reuters

Sleepwalking Through History Haynes Johnson, 2003 National bestseller In this brilliantly readable book a Pulitzer Prize winning journalist chronicles the Reagan decade when America fell from dominant world power to struggling debtor nation and when optimism turned to foreboding In human terms and living case histories Haynes Johnson captures the drama and tragedy of an era nurtured by greed and a morality that found virtue in not getting caught It is morning again in America Reagan s campaign commercials told us and for too long we embraced that convenient lie Indeed the problems that came to plague us in that decade are with us even more today as Johnson memorably demonstrates in his afterword Notes on an Era written especially for this new paperback reissue This book will remain a signature work of political analysis for years to come A

Companion to Richard M. Nixon Melvin Small, 2013-05-03 This companion offers an overview of Richard M Nixon s life presidency and legacy as well as a detailed look at the evolution and current state of Nixon scholarship Examines the central arguments and scholarly debates that surround his term in office Explores Nixon s legacy and the historical significance of his years as president Covers the full range of topics from his campaigns for Congress to his career as Vice President to his presidency and Watergate Makes extensive use of the recent paper and electronic releases from the Nixon Presidential Materials Project

Encyclopedia of Government and Politics M. E. Hawkesworth, Maurice Kogan, 2004 This is a brand new edition of the critically acclaimed Encyclopedia of Government and Politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium Providing a penetrating analysis of government and politics at a global regional and nation state level the Encyclopedia assesses both traditional and contemporary approaches and projects the paths of future research The articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject Internationally respected contributors have been carefully selected to present contending approaches to related topics both to clarify the political implications of the various methodologies and to

enrich the portrayal of political life With its expanded revised and updated coverage Encyclopedia of Government and Politics is more than ever an indispensable tool for students teachers professional analysts and policy makers *Race and the Decline of Class in American Politics* R. Robert Huckfeldt, C. W. Kohfeld, 1989 **Loss of Confidence** David Brian Robertson, 2010-11-01 As the oil shortages inflation and unemployment of the 1970s disrupted American lives and the Watergate scandal rocked the presidency faith in the future of the nation and its leaders was severely damaged This volume which is the product of a unique collaboration of distinguished scholars from history and political science offers a probing analysis of the causes processes and consequences of this erosion of faith in public solutions to our country's problems At the beginning of the decade a confident American public and its leaders still embraced the government activism that was the legacy of the New Deal But grave doubts about the efficacy of public policy fueled by Watergate Vietnam stagflation energy crises and intensely controversial social policies undermined this public trust as the decade wore on until by the end tax revolts were breaking out across the country Describing government as the problem not the solution Ronald Reagan broke with tradition to set a political and policy agenda that has been dominant ever since These experts from two disciplines bring their special insights to bear in dissecting the key developments of this decade that have transformed American politics in the last quarter of the century The contributors are Ballard C Campbell Joseph Hinchliffe J David Hoeveler Sidney M Milkis Alice O Connor Paul J Quirk David Brian Robertson and John T Woolley Like the other titles in Issues in Policy History this book reprints a special issue of The Journal of Policy History *Lincoln and the Politics of Christian Love* Grant N. Havers, 2009-11-13 America has seen faith based initiatives and the audacity of hope in twenty first century politics but few participants in our political scene have invoked the other Christian virtue of charity as a guiding principle Abraham Lincoln extolled the merit of loving thy neighbor as thyself especially as a critique of the hypocrisy of slavery but a discussion of Christian love is noticeably absent from today's debates about religion and democracy In this provocative book Grant Havers argues that charity is a central tenet of what Lincoln once called America's political religion He explores the implications of making Christian love the highest moral standard for American democracy showing how Lincoln's legacy demands that a true democracy be charitable toward all and that only a people who lived according to such ideals could succeed in building democracy as Lincoln understood it Havers argues that it is simplistic to conflate Lincoln's invocation of with charity for all with his abiding support for the ideal of human equality The ethic of charity in his view also brought a uniquely Christian realism to the universalism of democracy He also describes how since World War I intellectuals and political leaders have denied that there exists a necessary relation between democracy and Christian love proposing that democracy is sufficiently ethical without reliance on a specific religious tradition Today's neoconservatives and liberals instead posit a universal yearning for democracy that requires no foundation in the ethic of charity Havers shows that this democratic universalism espoused by those who believe a chosen people should uphold the natural rights of humanity is alien to the sober thought of

both the founders and Lincoln This carefully argued work defends Lincoln s understanding of charity as essential to democracy while emphasizing the difficulty of fusing this ethic with the desire to spread democracy to people who do not share America s Christian heritage In considering the prospect of America s leaders rediscovering a moral foreign policy based on charity rather than the costly idolization of democracy Lincoln and the Politics of Christian Love makes a timely contribution to the wider debate over both the meaning of religion in American politics and the mission of America in the world and opens a new window on Lincoln s lasting legacy *The Transformation of American Politics* David M.

Ricci,Professor David M Ricci,1993-01-01 Washington think tanks such as the Brookings Institution the American Enterprise Institute and the Heritage Foundation have become so large and influential in recent years that they now constitute virtually a new branch of the political system In this engrossing and lively book David M Ricci brilliantly explores the parallel and convergent social economic and political trends within America that have transformed government in Washington and led to the development and prestige of these public policy research centers Ricci argues that since the late 1960s Americans have lost sight of the familiar guidelines that used to help them assess issues and have become more hospitable to think tank research and advice He examines the flood of policy relevant information that has resulted from the growth of expertise and the advent of big government the confusion over national goals that comes from the decline of the Protestant ethic and the empowerment of minorities the growing influence of television and its focus on instant testimony from experts political changes such as the decline of parties the move to an open Congress and the growth of an independent presidency the pervasive power of modern marketing and much more According to Ricci policy ideas generated by think tank research and commentary are helpful in providing greater objectivity and political insight not only because of their general reliability but also because in their ideological variety think tanks generate a substantial range of policy proposals giving voice to a healthy factional pluralism and facilitating a constant testing of ideas In today s dissonant politics Ricci concludes think tanks contribute some order and occasionally wisdom in the ongoing battle in Washington over political ideas **Requiem For**

Modern Politics William Ophuls,2019-05-20 This long promised sequel to Ophuls s influential and controversial classic *Ecology and the Politics of Scarcity* is an equally provocative critique of the liberal philosophy of government Ophuls contends that the modern political paradigm that is the body of political concepts and beliefs bequeathed to us by the Enlightenment is no longer intellectually tenable or practically viable Our attempt to live individualistically hedonistically and rationally has failed utterly causing a comprehensive crisis that is at once political military economic ecological ethical psychological and spiritual Liberal politics has abandoned virtue rejected community and flouted nature thereby becoming the author of its own demise By exposing the intrinsically contradictory and self destructive character of Hobbesian political systems Ophuls subverts our conventional wisdom at every turn Indeed his impassioned text reads more like a Greek tragedy than a conventional political argument He critiques feminism multiculturalism the welfare state and a host of other liberal

shibboleths but Ophuls is not yet another neoconservative. The aim of his thesis is far more radical and progressive, offering a political vision that entirely transcends the categories of liberal thought. His is a Thoreauvian vision of a politics of consciousness rooted in ecology as the moral and intellectual basis for governance in the twenty-first century. Ophuls holds that a polity based on a renewed erotic connection with nature offers a genuine solution to this crisis of contemporary civilization and that only within such a polity will it be possible to fulfill the worthy liberal goal of individual self-development. Ophuls's work will interest and challenge a wide spectrum of readers, though it will not necessarily be well liked or easily accepted. No one will put down this book with his or her settled convictions about American culture intact, nor will readers ever again take modern civilization and its survival for granted.

Life in the Negative World Aaron M. Renn, 2024-01-30

Learning how to live in today's new social and cultural environment will require examination, trial and error, and adaptation over time. But there are ways to live with integrity and follow Christ today, even in a negative world. From a peak in church attendance in the mid-20th century, Christianity has been on a trajectory of decline in the United States. Once positive toward Christianity and Christian moral teachings, cultural shifts toward the mid-90s led many to adopt a more neutral tone toward the Christian faith, seeing it as one option among many in a pluralistic public square. Today, however, Christianity is viewed negatively, and being known as a Christian often means a lower social status in elite society. Christian morality is openly repudiated and viewed as a threat to the new moral order. In *Life in the Negative World*, author Aaron M. Renn looks at the lessons from Christian cultural engagement over the past 70 years and suggests specific strategies for churches, institutions, and individuals to live faithfully in the negative world, a culture opposed to Christian values and teachings. And since there is no one-size-fits-all solution, living as a follower of Christ in the new negative world and being missionally engaged will require a diversity of strategies.

Post Conservative America People Politics And Ideology Introduction

In the digital age, access to information has become easier than ever before. The ability to download Post Conservative America People Politics And Ideology has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Post Conservative America People Politics And Ideology has opened up a world of possibilities. Downloading Post Conservative America People Politics And Ideology provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Post Conservative America People Politics And Ideology has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Post Conservative America People Politics And Ideology. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Post Conservative America People Politics And Ideology. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Post Conservative America People Politics And Ideology, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Post Conservative America People Politics And Ideology has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading

practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Post Conservative America People Politics And Ideology Books

What is a Post Conservative America People Politics And Ideology PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Post Conservative America People Politics And Ideology PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Post Conservative America People Politics And Ideology PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Post Conservative America People Politics And Ideology PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Post Conservative America People Politics And Ideology PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
