Grassroots Post-Modernism Gustavo Esteva, Madhu Suri Prakash, 1998 Gustavo Esteva is one of Latin America's best known alternative thinkers about development For this book he teams up with Madhu Suri Prakash to offer a vibrant and provocative critique of the Western development paradigm

Post-Modernism and the Social Sciences Pauline Marie Rosenau, 1991-11-05 Post modernism offers a revolutionary approach to the study of society in questioning the validity of modern science and the notion of objective knowledge this movement discards history rejects humanism and resists any truth claims In this comprehensive assessment of post modernism Pauline Rosenau traces its origins in the humanities and describes how its key concepts are today being applied to and are restructuring the social sciences Serving as neither an opponent nor an apologist for the movement she cuts through post modernism's often incomprehensible jargon in order to offer all readers a lucid exposition of its propositions Rosenau shows how the post modern challenge to reason and rational organization radiates across academic fields For example in psychology it questions the conscious logical coherent subject in public administration it encourages a retreat from central planning and from reliance on specialists in political science it calls into question the authority of hierarchical bureaucratic decision making structures that function in carefully defined spheres in anthropology it inspires the protection of local primitive cultures from First World attempts to reorganize them In all of the social sciences she argues post modernism repudiates representative democracy and plays havoc with the very meaning of left wing and right wing Rosenau also highlights how post modernism has inspired a new generation of social movements ranging from New Age sensitivities to Third World fundamentalism In weighing its strengths and weaknesses the author examines two major tendencies within post modernism the largely European skeptical form and the predominantly Anglo North American form which suggests alternative political social and cultural projects She draws examples from anthropology economics geography history international relations law planning political science psychology sociology urban studies and women's studies and provides a glossary of post modern terms to assist the uninitiated reader with special meanings not found in standard dictionaries

Multi-form Owen Hopkins, Erin McKellar, 2021-02-23 Guest edited by Owen Hopkins and Erin McKellar Our current moment is one of profound political and economic change Historically these moments of transition have seen a parallel period of cultural and notably architectural flux In the late 1970s this was manifested in Postmodernism Today a number of architects are looking again at this movement and redeploying a range of its tactics and approaches using contemporary methods and techniques These include different modes of collage formal reference and quotation stylistic

eclecticism symbolism in form material and ornament and the bold expressive use of colour both natural and synthetic While the design that results from these multiform tactics and approaches has been seen as a kind of neo Postmodernism this issue argues that this is a simplistic and superficial reading Instead it posits this phenomenon as the architectural attempt both conscious and unconscious to reflect grapple with and make sense of the current political and economic transition and the backdrop of the climate emergency Rather than responding to this situation by attempting to marshal architecture around a single unifying narrative this issue makes the case for the transformative possibilities offered by an approach that is ad hoc eclectic and pluralist Contributors Mat Barnes Jennifer Bonner Graham Burn James Crawford and Alexander Turner Mario Carpo David Knight and Cristina Monteiro David Kohn Stephen Parnell Lera Samovich Geoff Shearcroft Dirk Somers Catrina Stewart and Hugh McEwen L a Catherine Szacka and Amin Taha Featured architects AOC Architecture Bovenbouw Architectuur CAN Groupwork David Kohn Architects DK CM Fala Atelier MALL Studio MUTT Office S M Walala Studio Yinka Ilori Studio

Staging the Trials of Modernism Dale Barleben, 2017-01-23 In *Staging the Trials of Modernism* Dale Barleben

explores the interactions among literature cultural studies and the law through detailed analyses of select British modern writers including Oscar Wilde Joseph Conrad Ford Madox Ford and James Joyce By tracing the relationships between the literature authors media and judicial procedure of the time Barleben illuminates the somewhat macabre element of modern British trial process which still enacts and re enacts itself throughout contemporary judicial systems of the British Commonwealth Using little seen legal documents like Ford s contempt trial decision Staging the Trials of Modernism uncovers the conversations between the interior style of British Modern authors and the ways in which law began rethinking concepts like intent and the subconscious Barleben s fresh insights offer a nuanced look into the ways in which law influences literary production

Parody Margaret A. Rose,1993-09-09 In this definitive work Margaret Rose presents an analysis and history of theories and uses of parody from ancient to contemporary times and offers a new approach to the analysis and classification of modern late modern and post modern theories of the subject The author s Parody Meta Fiction 1979 was influential in broadening awareness of parody as a double coded device which could be used for more than mere ridicule In the present study she both expands and revises the introductory section of her 1979 text and adds substantial new sections on modern and post modern theories and uses of parody and pastiche which also discuss the work of theorists and writers including the Russian formalists Mikhail Bakhtin Hans Robert Jauss Wolfgang Iser Julia Kristeva Roland Barthes Michel Foucault Jacques Derrida Ihab Hassan Jean Baudrillard Fredric Jameson A S Byatt Martin Amis Charles Jencks Umberto Eco David Lodge Malcolm Bradbury and others

Redefining Modernism and Postmodernism Sebnem Toplu,Şebnem Toplu,2010-06-09 Literary and cultural studies in the later twentieth century were very much shaped by debates about modernism and postmodernism as labels for successive periods but also for different competing interpretations of recent cultural history In the twenty first century the shock waves that were sent through the global system on political cultural economic and ecological levels by terrorist attacks regional conflicts poverty the financial crisis and the threat of environmental disaster raise anew the question of how and to what extent the tradition of modernity can be newly defined in a situation where the problematic aspects of these ideas have rightly been exposed but where they nevertheless appear to be crucial for any responsible assessment of contemporary world culture and its future perspectives Redefining Modernism and Postmodernism offers a collection of critical articles that resulted from the International Cultural Studies Symposium at Ege University Izmir Turkey in 2009 Scholars from around the world have contributed to this volume reflecting the current perspective on modernism and postmodernism shedding new light on literature literary theory philosophy politics religion film and art Providing an account of this field this book enables readers to navigate the subject by introducing essays on transformations of modernism and postmodernism in the twenty first century and the debates beyond the modernism postmodernism dichotomy

Just Postmodernism Steven Earnshaw,1997 The essays collected here represent the latest thinking on postmodernism in a number of key areas economics law postcolonialism literature feminism

film philosophy One of the issues common to the volume is the desire to cast postmodernism in a predominantly ethical just light and the opportunities and obstacles postmodernism might place in the path of the description of and search for justice The collection highlights the most recent trends in postmodern thinking the turn away from postmodernism as mere discourse and language games to a more politically and socially engaged forum The book will be of interest to all students of contemporary cultural social and critical thought

The Illicit Joyce of Postmodernism Kevin J. H. Dettmar,1996 For nearly three quarters of a century the modernist way of reading has been the only way of reading James Joyce useful yes and powerful but like all frameworks limited This book takes a leap across those limits into postmodernism where the pleasures and possibilities of an unsuspected Joyce are yet to be found Kevin J H Dettmar begins by articulating a stylistics of postmodernism drawn from the key texts of Roland Barthes Mikhail Bakhtin and Jean Fran ois Lyotard Read within this framework Dubliners emerges from behind its modernist facade as the earliest product of Joyce s proto postmodernist sensibility Dettmar exposes these stories as tales of mystery not mastery despite the modernist earmarks of plentiful symbols allusions and epiphanies Ulysses too has been inadequately served by modernist critics Where they have emphasized the work s ingenious Homeric structure Dettmar focuses instead upon its seams those points at which the narrative willfully joyfully overflows its self imposed bounds Finally he reads A Portrait of the Artist and Finnegans Wake as less playful less daring texts the first constrained by the precious would be poet at its center the last marking a surprising retreat from the constantly evolving vertiginous experience of Ulysses In short The Illicit Joyce of Postmodernism explores what happens when the extra literary pronouncements of Eliot Pound and Joyce as well as Joyce s early critics are set aside and a new unauthorized Joyce is allowed to appear This postmodern Joyce more willful and less easily compartmentalized stands as a counterpoint to the modernist Joyce who has perhaps become too familiar

Fairy Tales and the Shift in Identity Poetics from Modernism to Postmodernism Ana-Maria Baci,2023-11-06 The book reveals the historical change in the function of the generic form of the fairy tale at the beginning of the twentieth century fairy tales are no longer written or read for their stimulus to the imagination or their nostalgia towards past times but with a political end in view to define a nation s identity meant to justify and support claims to a unitary state Romania or an independent state Ireland As such this book investigates the interweave of poetics and politics at the time of the rise of modernist nationalism at the margins of Europe

Pietro Belluschi Meredith L. Clausen,1994 Meredith Clausen reveals the enormous power that Belluschi wielded as an arbiter of taste and decision maker in the 1950s and 1960s his role in shaping the policy of the State Department in its overseas building program and his role in securing major commissions for favored architects such as I M Pei Equally important is Clausen s discussion of Belluschi s role in the development of regionalism in the Pacific Northwest and its impact on the definition of modernism as it was emerging in the United States

Expert Evidence and Scientific Proof in Criminal Trials Paul Roberts,2017-07-05 Forensic science evidence and expert witness testimony play an increasingly prominent role in

modern criminal proceedings Science produces powerful evidence of criminal offending but has also courted controversy and sometimes contributed towards miscarriages of justice The twenty six articles and essays reproduced in this volume explore the theoretical foundations of modern scientific proof and critically consider the practical issues to which expert evidence gives rise in contemporary criminal trials The essays are prefaced by a substantial new introduction which provides an overview and incisive commentary contextualising the key debates The volume begins by placing forensic science in interdisciplinary focus with contributions from historical sociological Science and Technology Studies STS philosophical and jurisprudential perspectives This is followed by closer examination of the role of forensic science and other expert evidence in criminal proceedings exposing enduring tensions and addressing recent controversies in the relationship between science and criminal law A third set of contributions considers the practical challenges of interpreting and communicating forensic science evidence This perennial battle continues to be fought at the intersection between the logic of scientific inference and the psychology of the fact finder s common sense reasoning Finally the volume s fourth group of essays evaluates the limited success of existing procedural reforms aimed at improving the reception of expert testimony in criminal adjudication and considers future prospects for institutional renewal with a keen eye to comparative law models and experiences success stories and cautionary tales
