*Post-affluent America* Gary Gappert,1979      *Post-affluent America* Gary Gappert,1979      *The Future of Consumer Society* Maurie J. Cohen,2017 Shows how consumer society is changing due to demographic ageing rising income inequality political paralysis resource scarcity and steady jobs being replaced by freelancing It examines how people are striving to find new ways to ensure livelihoods and the role that the role that worker consumer cooperatives could play      **Hearings, Reports and Prints of the House Committee on Education and Labor** United States. Congress. House. Committee on Education and Labor,1979      **Bulletin of the Bureau of Labor Statistics** ,1984      Leisure and the Future A. J. Veal,2019-04-25 First published in 1987 In the context of the debate about the changing structure of modern economies the growth of leisure and the place of work and leisure in society this book reviews the state of the art of leisure forecasting and the study of leisure futures It traces man's concern with future leisure from classical and utopian writings to science fiction and futurology Contemporary issues such as attitudes towards work and leisure the work ethic education for leisure and measures to share scarce jobs and increase leisure time are discussed in an objective and comprehensive manner The more technical approaches to leisure forecasting are presented in an accessible and readable form This book will be of value to students of leisure studies recreation studies and public policy to policy makers and planners working in the field and to all those who have an interest in understanding what is happening to leisure and work in our society      **Routledge Library Editions: Leisure Studies** Various,2021-07-14 This set of 12 volumes originally published between 1938 and 2001 amalgamates a wide breadth of research on Leisure Studies including works on young people and leisure the family and political influence on the leisure industry This collection of books from some of the leading scholars in the field provides a comprehensive overview of the subject how it has evolved over time and will be of particular interest to students of sociology and leisure studies      The Death of Industrial Civilization Joel Jay Kassiola,1990-08-14 The Death of Industrial Civilization explains how the contemporary ecological crisis within industrial society is caused by the values inherent in unlimited economic growth and competitive materialism Kassiola shows that the limits to growth critique of industrial civilization is the most effective stance against what seems to be a dominant and invincible social order He prescribes the social changes that must be implemented in order to transform industrial society into a sustainable and more satisfying one      *Living With Energy Shortfall* Jon Van Til,2019-04-16 This book is about the ways Americans may live in the years ahead and the forms their cities suburbs towns and rural areas may take in the light of changing patterns of energy supply and societal affluence It is written for the ultimate energy policy maker the private citizen      **Routledge Revivals: The Design Professions and the Built Environment (1988)** Paul L Knox,2016-10-04 First published in 1988 this book argues that discussions of urban development often neglect to consider that much of the urban environment is designed by architects and planners and that the particular world view of architects and planners is crucial for the way proposals are taken up modified and carried out

The author explores the world view of architects and planners considering their approach to design and the factors which influence this work patterns career paths and the firms in which they operate The author also studies their place in the political decision making process as it affects urban questions and then explores how architects and planners roles are changing Productivity: a Selected Annotated Bibliography ,1984 **Needs of Elementary and Secondary Education in the 1980's** ,1980 **Explorations in Environmental Political Theory** Joel Jay Kassiola,2015-03-04 The contributors to this volume focus on the political and value issues that in their shared view underlie the global environmental crisis facing us today They argue that only by transforming our dominant values social institutions and way of living can we avoid ecological disaster **Productivity** United States. Bureau of Labor Statistics,1984 Viewing The World Ecologically Marvin E. Olsen,2019-03-20 During the last 20 years the American public has become increasingly aware of environmental problems and resource scarcities This study focuses on the rapid emergence of an ecological social paradigm which appears to be replacing the technological social paradigm that has dominated American culture throughout most of the 20th century
