The Christian Mind of C. S. Lewis Andrew J. Spencer, 2019-12-05 C S Lewis embodied the Christian mind because he saw the world as a coherent unity His writing consistently pursued the good the true and the beautiful He used nonfiction to point out the reasonableness of Christianity and used his fiction to create compelling illustrations that make faith in Christ an obvious and attractive conclusion This book explores the Christian mind of C S Lewis across the spectrum of the genres he worked in With contributors from diverse disciplines and interests the volume illuminates the many facets of Lewis s work The Christian Mind of C S Lewis assists readers to read Lewis better and also to read other works better The overarching goal is just as Lewis would have desired to help people see Christ more clearly in the world and to be more like Christ

Christian Worldview and the Academic Disciplines Deane E. D. Downey, Stanley E. Porter, 2009-04-15 This book an edited compilation of twenty nine essays focuses on the differences that a Christian worldview makes for the disciplines or subject areas normally taught in liberal arts colleges and universities Three initial chapters of introductory material are followed by twenty six essays each dealing with the essential elements or issues in the academic discipline involved These individual essays on each discipline are a unique element of this book These essays also treat some of the specific differences in perspective or procedure that a biblically informed Christian perspective brings to

each discipline Christian Worldview and the Academic Disciplines is intended principally as an introductory textbook in Christian worldview courses for Christian college or university students This volume will also be of interest to Christian students in secular post secondary institutions who may be encountering challenges to their faith both implicit and explicit from peers or professors who assume that holding a strong Christian faith and pursuing a rigorous college or university education are essentially incompatible This book should also be helpful for college and university professors who embrace the Christian faith but whose post secondary academic background because of its secular orientation has left them inadequately prepared to intelligently apply the implications of their faith to their particular academic specialty Such specialists be they professors or upper level graduate students will find the extensive bibliographies of recent scholarship at the end of the individual chapters particularly helpful Downey and Porter present a unique contribution to the perennial question of how faith interacts with the academic disciplines Numerous factors contribute to this book's significance the common conviction that one's Christian beliefs ought to shape the contents of one's teaching the variety of perspectives and opinions and the wide range of academic disciplines under discussion The essays originating among the excellent faculty of Trinity Western University will deservedly be much used in undergraduate colleges and universities Hans Borsma J I Packer Professor of Theology Regent College Few faculty Christian or otherwise understand what their colleagues in other departments are doing or why This collection of essays is not only an excellent introduction to the whole scope of academic enterprises but to the unique and important relationship between each discipline and the Christian faith An important book not only for the entire range of faculty but for students yearning to understand both their Christian faith and what is being taught in the classroom James W Sirf author of the Universe Next Door and with co author Carl Peraino Deepest Differences A Christian Atheist Dialogue Christian Worldview and the Academic Disciplines is a book long overdue It will serve as an outstanding textbook for interdisciplinary courses But this book is more than that Christian Worldview and the Academic Disciplines is a book that everyone concerned with Christian thought especially in the context of the Academy will want to read I highly recommend it Craig A Evans Payment Distinguished Professor of New Testament Acadia Divinity College Nova Scotia

Think Biblically! (Trade Paper) John MacArthur, 2003-01-23 Now in paperback this helpful volume by pastor and best selling author John MacArthur guides readers in cultivating a biblical worldview on a wide range of issues What we think shapes who we are That's why the Bible tells us Do not be conformed to this world but be transformed by the renewal of your mind Romans 12:2a In a world of differing voices competing for our allegiance we must learn to think biblically so we can distinguish good from evil God is the Creator of this world his voice his Word must guide our thoughts and our lives With the Bible in their hands John MacArthur and other scholars and teachers from the Master's College confront the false worldviews that dominate our postmodern world The authors provide models for cultivating a biblical mind set on worship psychology gender science education history government economics and literature This book will help anyone who is striving

to think biblically in today's culture The Dawkins' Delusion , **By Any Other Name** James G. Abernathy, 2007-09-01 Have you ever wondered what a worldview is and why it's so important how liberal and conservative Christians both claim the Bible as their foundation why different worldviews attempt to solve the same problems in different ways how two people who formally espouse different worldviews can agree on so many issues why secularism is just as religious as Christianity why secularism has its own mythology why secularists want to silence Christianity in America's legislatures courts schools and churches why education is nearly always offered as a solution to society's ills and why it won't work how to formulate positions on contemporary issues not directly mentioned in the Bible why Christians are often ineffective at influencing culture Abernathy answers these questions and many more by examining the relationship between ideas and their real world consequences This foundational relationship is key to understanding secularism to understanding why its attempts to solve society's problems produce disastrous real world consequences and how its ideas infiltrate the biblical principles of even the most committed Christians Abernathy sifts through the deceptive language of secular orthodoxy and shows how secularism by any other name still has tragic real world consequences Ideologies such as humanism postmodernism and liberal Christianity are exposed as repackaged havens of a failed worldview Seemingly well intentioned notions such as progressive education pacifist foreign policy tolerance and wealth redistribution are debunked as deceptive myths peddled by an impoverished faith By Any Other Name shatters the secular barrier erected to exclude Christianity from the marketplace of ideas and lays the groundwork for engaging a culture contaminated by secular mythology Churchless George Barna, David Kinnaman, 2014 Churchless presents the startling trends revealed by two decades of Barna Group interviews with thousands of churchless men and women and offers discerning analysis of the results from bestselling authors George Barna Revolution and David Kinnaman You Lost Me This practical insight driven book will help you look past the surface of church attendance to deeper spiritual realities and understand those who choose not to be part of a church the first step toward building trust based relationships that lead to Christ centered community Book Jacket **Renewing Minds** David S. Dockery, 2008-04-15 Renewing Minds encourages readers to better serve God the church and society by taking part in or supporting Christian higher education *Jews and the Christian Imagination* S. Haynes, 1995-03-22 Reluctant Witnesses Jews and the Christian Imagination is an analysis of the ancient Christian myth that casts Jews as a witness people and this myth's presence in contemporary religious discourse It treats diverse products of the Christian imagination including systematic theology works of fiction and popular writings on biblical prophecy The book demonstrates that the witness people myth which was first articulated by Augustine and which determined official attitudes towards Jews in medieval Christendom remains a powerful force in the Christian imagination *Conjectures of a Guilty Bystander* Thomas Merton, 2009-11-17 In this series of notes opinions experiences and reflections Thomas Merton examines some of the most urgent questions of our age With his characteristic forcefulness and candor he brings the reader face to face with such

provocative and controversial issues as the death of God politics modern life and values and racial strife issues that are as relevant today as they were fifty years ago Conjectures of a Guilty Bystander is Merton at his best detached but not unpassionate humorous yet sensitive at all times alive and searching with a gift for language which has made him one of the most widely read and influential spiritual writers of our time **Worldview** David K. Naugle,2002-07-16 Conceiving of Christianity as a worldview has been one of the most significant events in the church in the last 150 years In this new book David Naugle provides the best discussion yet of the history and contemporary use of worldview as a totalizing approach to faith and life This informative volume first locates the origin of worldview in the writings of Immanuel Kant and surveys the rapid proliferation of its use throughout the English speaking world Naugle then provides the first study ever undertaken of the insights of major Western philosophers on the subject of worldview and offers an original examination of the role this concept has played in the natural and social sciences Finally Naugle gives the concept biblical and theological grounding exploring the unique ways that worldview has been used in the Evangelical Orthodox and Catholic traditions This clear presentation of the concept of worldview will be valuable to a wide range of readers **Ancient-Future Evangelism**

(Ancient-Future) Robert E. Webber,2003-11-01 Following his well received Ancient Future Faith Robert Webber presents a new model for evangelism and discipleship the first in a series of four books applying his theoretical ideas to practical situations Part 1 of Ancient Future Evangelism surveys evangelism and Christian formation throughout the church and then translates the process for twenty first century Christians Webber presents evangelism as four distinct stages and suggests three accompanying rites of passage that can be easily adapted to any church tradition Part 2 underscores how the four fold process of faith formation is interwoven with three theological principles Christ as victor over evil the church as witness to God s salvation and worship as a witness to God s mission accomplished in Jesus Ancient Future Evangelism will appeal to both emerging evangelicals as well as traditional church leaders It relates faith to Christian practice by drawing wisdom from the past and translating those insights into the present and future life of the church The Feeling Intellect Philip Rieff,1990 Collected here for the first time these writings demonstrate the range and precision of Philip Rieff s sociology of culture Rieff addresses the rise of psychoanalytic and other spiritual disciplines that have reshaped contemporary culture

Faith and the Philosophy of History Martin Wight,2025-02-25 This book collects works by the late Professor Martin Wight 1913 1972 an historian and scholar of international relations Wight conducted research on many topics including British colonial history European studies international institutions and the history of states systems He is nonetheless best known for his lectures about the political philosophy of international relations at the London School of Economics 1949 1961 and the University of Sussex 1961 1972 He is widely regarded as an intellectual ancestor and pathbreaker of the English School of international relations even though this term only gained currency nine years after his death While there is no generally accepted definition of the English School it is usually construed as signifying an approach to the study of

international relations more rooted in historical and humanistic learning than in the social sciences Wight's achievements are consistent with this broad definition This volume draws together a number of Wight's published works as well as many of his previously unpublished obscurely published and anonymous writings about faith and the philosophy of history Owing to his premature death at the age of 58 he was unable to complete several works in progress partly because his perfectionism led him to refrain from publishing many of them

Insanity Jonah Haddad, 2013-11-01 Have you seen such men peculiar raving foam mouthed and straitjacketed throwing themselves mercilessly at white padded walls Such men are said to be insane But there is more to insanity than the images depicted in film and planted in our minds by popular media Insanity is a condition that affects us all Unsoundness of mind disrupts our ability to think clearly and to form knowledge about the world Our understanding is dangerously incomplete and our minds are corrupt We are all insane How then can we ever hope to know our world Is it possible to form justified true beliefs about anything What possibility if any do we have of escaping this condition of madness that keeps us from the light of knowledge In *Insanity* Jonah Haddad explores these very questions by introducing the main problems of the theory of knowledge and by offering a response to our madness a response grounded in God the ultimate Knower
