**Postcolonial Satire** Amy L. Friedman, 2019-10-16 Postcolonial Satire Indian Fiction and the Reimagining of Menippean Satire positions postcolonial South Asian satiric fiction at the intersection of the cutting edge territory of political resistance writing and the ancient tradition of Menippean satire Postcolonial Satire disrupts the relationship between postcolonial literature and magic realism by discussing the work of writers such as G V Desani Aubrey Menen Salman Rushdie and Irwin Allan Sealy as one movement into the entirely subversive realm of satire Indian fiction as well as the fiction of other colonized cultures can be re construed through the lens of satire as openly critical of a broad spectrum of political and cultural issues Employing the strengths of postcolonial theory and criticism Postcolonial Satire expands upon the postcolonial works of these authors by analyzing them as satire rather than magical realism with satirical elements

**Exploring Magic Realism in Salman Rushdie's Fiction** Ursula Kluwick, 2013-02-28 Kluwick breaks new ground in this book moving away from Rushdie studies that focus on his status as postcolonial or postmodern and instead considering the significance of magic realism in his fiction Rushdie s magic realism in fact lies at the heart of his engagement with the post colonial In a departure from conventional descriptions of magic realism based primarily on the Latin American tradition Kluwick here proposes an alternative definition allowing for a more accurate description of the form She argues that it is disharmony rather than harmony that is decisive that the incompatibility of the realist and the supernatural needs to be recognized as a driving force in Rushdie s fiction In its rigorous analysis of this Rushdian magic realism this book considers the entire corpus Midnight s Children Shame The Satanic Verses The Moor s Last Sigh The Ground Beneath Her Feet Shalimar the Clown and The Enchantress of Florence This study is the first of its kind to do so

**Emerging Traditions** Vicki Briault Manus, 2012-07-10 The monograph explores the linguistic impact of the colonial and postcolonial situations in South Africa on language policy on literary production and especially on the stylistics of fiction by indigenous South Africans writing in English A secondary concern is to investigate the present place of English in the multilingual spectrum of South African languages and to see how this worldly English relates to Global English in the South African context The introduction presents a socio linguistic overview of South Africa from pre historic times until the present including language planning policies during and after the colonial era and a cursory review of how the difficulties encountered in implementing the Language Plan provided for by the new South African constitution impinge on the development of black South African English Six chapters track the course of English in South Africa since the

arrival of the British in 1795 considered from the point of view of the indigenous African population The study focuses on ways in which indigenous authors indigenize their writing innovating and subverting stylistic conventions including those of African orature in order to bend language and genre towards their own culture and objectives Each chapter corresponds to a briefly outlined historical period that is largely reflected in linguistic and literary developments A small number of significant works for each period are discussed one of which is selected for a case study at the end of each chapter where it is subjected to detailed stylistic analysis and appraised for the degree of indigenization or other linguistic or socio historic influences on style The methodology adopted is a linguistic approach to stylistics focusing on indigenization of English inspired by the work of Chantal Zabus in her book *The African Palimpsest Indigenization of Language in the West African Europhone Novel* 2007 1991 The conclusion reappraises the original hypothesis that the specific characteristi

**Performance and Performativity in Contemporary Indian Fiction in English** Maria-Sabina Draga Alexandru, 2015-02-04 This book starts with a consideration of a 1997 issue of the *New Yorker* that celebrated fifty years of Indian independence and goes on to explore the development of a pattern of performance and performativity in contemporary Indian fiction in English Salman Rushdie Arundhati Roy and Vikram Chandra Such fiction which constructs identity through performative acts is built around a nomadic understanding of the self and implies an evolution of narrative language towards performativity whereby the text itself becomes nomadic A comparison with theatrical performance Peter Brook s *Mahabharata* and Girish Karnad s theatre of roots serves to support the argument that in both theatre and fiction the concepts of performance and performativity transform classical Indian mythic poetics In the mythic symbiosis of performance and storytelling in Indian tradition within a

cyclical pattern of estrangement from and return to the motherland and or its traditions myth becomes a liberating space of consciousness where rigid categories and boundaries are transcended **Writing Imagined Diasporas** Joel

Kuortti,2009-05-05 Joel Kuortti's Writing Imagined Diasporas South Asian Women Reshaping North American Identity is a study of diasporic South Asian women writers It argues that the diasporic South Asians are not merely assimilating to their host cultures but they are also actively reshaping them through their own new voices bringing new definitions of identity As diaspora does not emerge as a mere sociological fact but it becomes what it is because it is said to be what it is the writings of imagined diasporas challenge national discourses Diaspora brings to mind various contested ideas and images It can be a positive site for the affirmation of an identity or conversely a negative site of fears of losing that identity Diaspora signals an engagement with a matrix of diversity of cultures languages histories people places times What distinguishes diaspora from some other types of travel is its centripetal dimension It does not only mean that people are dispersed in different places but that they congregate in other places forming new communities In such gatherings new allegiances are forged that supplant earlier commitments New imagined communities arise that not simply substitute old ones but form a hybrid space in between various identifications This book looks into the ways in which diasporic Indian literature handles these issues In the context of diaspora there is an imaginative construction of collective identity in the making That a given diaspora comes to be seen as a community is the result of a process of imagining at the same time creating new marginalities hybridities and dependencies resulting in multiple marginalizations hyphenizations and demands for allegiance The study concentrates on eleven contemporary women writers from the United States and Canada who write on South Asian diasporic experiences The writers are Ramabai Espinet Jhumpa Lahiri Amulya Malladi Sujata Massey Bharati Mukherjee Uma Parameswaran Kirin Narayan Anita Rau Badami Robbie Clipper Sethi Shauna Singh Baldwin and Vineeta Vijayaraghavan *If I Only Had a Brain*

Lynn,2017-07-18 This book examines vital intersections of narration linguistic innovation and political insight that distinguish Chinua Achebe's fiction as well as his non fiction commentaries Each chapter focuses on a different aspect of these intersections Achebe's narrative response to Western authors who have written on Africa his integration of Igbo folklore the political implications of writing African literature in English his use of Nigerian Pidgin and the Nigerian Civil War It also addresses the teaching of Achebe's works Achebe drew on diverse resources to offer searching psychological and political insights that contribute not only a decidedly African political viewpoint to the modern novel but also a more inclusive narrative consciousness Achebe's adaptations of Igbo oral art are intrinsic to his writing's political engagement because they

assert the integrity and authority of the African voice in a global order defined by colonialism This book reveals how his work has helped to restructure a global vision of Africa

**Mobilizing Narratives** Hager Ben Driss,2021-07-27 Edward Said s summation that we live in a period of migration of forced travel and forced residence that has literally engulfed the globe is an apt description of the riveting and pervasive nature of im mobility in contemporary times Wars climate change economic recessions and social and cultural inequalities all contribute to coercing both individuals and communities into forced movement or imposed immobility This volume investigates the injustices related to free circulation as represented in various literary texts

**Amy Tan** Bella Adams,2005-07-22 This is the most comprehensive study to date of Amy Tan s work offering close readings of her texts in the context of broader debates about the representation of identity history and reality In contrast with Tan s own American born narrator and mainstream critics Bella Adams looks beyond the stereotypes which appear in Tan s books and explores the ways in which Chinese immigrants and their American relatives struggle to understand each other s best qualities via the Chinese tradition of the talk story She emphasizes Tan s American narrators process of becoming Chinese and discovering real China and the significance of the ironic staging of these moments
