# Post Marxism An Intellectual History

**George Ritzer**

## **Post Marxism An Intellectual History:**

*Post-Marxism* Stuart Sim, 2013-04-15 This book traces the crystallisation of post Marxism as a specific theoretical position in its own right and considers the role played in its development by post structuralism postmodernism and second wave feminism It examines the history of dissenting tendencies within the Marxist tradition and considers what the future prospects of post Marxism are likely to be

**Post-Marxism** Stuart Sim, 2013-04-15 This book traces the crystallisation of post Marxism as a specific theoretical position in its own right and considers the role played in its development by post structuralism postmodernism and second wave feminism It examines the history of dissenting tendencies within the Marxist tradition and considers what the future prospects of post Marxism are likely to be

*The Sociology of Postmarxism* Richard Howson, 2017-05-18 Postmarxism is often depicted as a point of intersection for a set of inter disciplinary theories that are in themselves complex and dense Bringing the postmarxist theory of Ernesto Laclau into the field of political sociology through a close reading and analysis of postmarxism and its relationship to the social A Sociology of Postmarxism develops key postmarxist arguments in an engaging and sociologically applicable way Indeed through a threefold method of analysis Howson first unpacks the relationship between the social and the political by analysing key allied theories to show where the points of connection occur This is then followed by an insightful analysis of the key features of postmarxist theory such as antagonism and the inevitability of social dislocation the political importance of hegemony and the empty signifier thesis and equivalence to show how such theory can be applied at a sociological level Finally through the use of sociological categories such as masculinities migration and social capital the foregoing theoretical analyses are synthesised to show the social nature of postmarxism and particularly in the context of aspiration and co operation This enlightening volume will appeal to undergraduate and postgraduate students as well as postdoctoral researchers who are interested in fields such as Political Sociology Post Marxist Political Theory and Social Theory

**Historical Dictionary of Marxism** Elliott Johnson, David Walker, Daniel Gray, 2014-09-09 The second edition of the Historical Dictionary of Marxism covers of the basics of Karl Marx s thought the philosophical contributions of later Marxist theorists and the extensive real world political organizations and structures his work inspired that is the myriad political parties organizations countries and leaders who subscribed to Marxism as a creed This text includes a chronology an introductory essay and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities both thinkers and doers political parties and movements and major communist or ex communist countries This book is an excellent access point for students researchers and anyone wanting to know more about Marxism

*Intellectual Radicalism after 1989* Sebastian Berg, 2017-03-15 Left wing intellectuals in Britain and the US had long repudiated the Soviet regime Why was the collapse of the Eastern Bloc experienced as a shock that destabilised their identities and political allegiances then What happened to a collective project that had started out to formulate a socialist vision different from both really existing socialism and social democracy This

study endeavours to answer both questions focusing on generational networks rather than individuals and investigating political academic journals after 1989 to paint the picture of a Left deeply troubled by the triumph of a capitalism unfettered by any counter force      *Encyclopedia of Social Theory* George Ritzer,2004-08-11 Click Additional Materials for downloadable samples The Encyclopedia of Social Theory is an indispensable reference source for anyone interested in the roots of contemporary social theory It examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses Theories covered include Critical Theory Enlightenment Ethnomethodology Exchange Theory Feminism Marxist Theory Multiculturalism Phenomenology Postmodernism Rational Choice Structural Fundamentalism Led by internationally renowned scholar George Ritzer the Encyclopedia of Social Theory draws together a team of more than 200 international scholars covering the developments achievements and prospects of social theory from its inception in the 18th century to the present Understanding that social theory can both explain and alter the social world this two volume set serves as not only a foundation for learning but also an inspiration for creative and reflexive engagement with the rich range of ideas it contains Key Themes American Social Theory British Social Theory Comparative and Historical Theory Cultural Theory Economic Sociology Feminist Theory French Social Theory German Social Theory Macrosociological Theories Marxist and Neo Marxist Approaches Method and Metatheory Network and Exchange Theories Other Multiple National Traditions Politics and Government Postmodern Theory Psychoanalytic Theory Schools and Theoretical Approaches Symbolic Interaction and Microsociology Theorists Topics and Concepts in Social Theory Key Features More than 300 entries from fourteen countries Master Bibliography Reader s Guide Extensive biographical coverage of major theorists Extensive cross referencing      **The Dangerous Class** Clyde Barrow,2020-10-19 Marx and Engels concept of the lumpenproletariat or underclass an anglicized politically neutral term appears in The Communist Manifesto and other writings It refers to the dangerous class the social scum that passively rotting mass thrown off by the lowest layers of old society whose lowly status made its residents potential tools of the capitalists against the working class Surprisingly no one has made a substantial study of the lumpenproletariat in Marxist thought until now Clyde Barrow argues that recent discussions about the downward spiral of the American white working class its main problem is that it is not working have reactivated the concept of the lumpenproletariat despite long held belief that it is a term so ill defined as not to be theoretical Using techniques from etymology lexicology and translation Barrow brings analytical coherence to the concept of the lumpenproletariat revealing it to be an inherent component of Marx and Engels analysis of the historical origins of capitalism However a proletariat that is destined to decay into an underclass may pose insurmountable obstacles to a theory of revolutionary agency in post industrial capitalism Barrow thus updates historical discussions of the lumpenproletariat in the context of contemporary American politics and suggests that all post industrial capitalist societies now confront the choice between communism and dystopia      Gramsci and Trotsky in the

Shadow of Stalinism Emanuele Saccarelli, 2008-02-28 This book examines the legacy of Antonio Gramsci and Leon Trotsky in the shadow of Stalinism in order to reassess the very different and distorted academic reception of the two figures as well as to contribute to the revitalization of Marxism for our time While Gramsci and Trotsky lived and died in a similar fashion as revolutionary Marxist leaders and theoreticians their reception in academia could not be more different Gramsci has become tremendously popular becoming a central figure in many disciplines while Trotsky remains largely ignored Saccarelli argues that not only is Gramsci popular for the wrong reasons being routinely distorted and depoliticized even when rescued from his contemporary users Gramsci remains inadequate Conversely the fact that Trotsky remains beyond the pale of theory is a terrible indictment of the current state of academic thinking

### **Critical Realism for Marxist Sociology of Education**

Grant Banfield, 2015-09-16 This book offers a critical realist intervention into the field of Marxist Sociology of Education Critical realism as developed by British philosopher Roy Bhaskar is known for its capacity to serve as a conceptual underlabourer to applied fields like education Indeed its success in clarifying and resolving thorny issues of educational theory and practice is now well established Given critical realism's sympathetic Marxist origins its productive and critical engagement with Marxism has an even longer history To date there has been little sustained attention given to the application of critical realism to Marxist educational praxis The book addresses this gap in existing scholarship Its conceptual ground clearing of the field of Marxist Sociology of Education centres on two problematics well known in the social sciences naturalism and the structure agency relation Marxist theory from the days of Marx to the present is shown to also be haunted by these problematics This has resulted in considerable tension around the meaning and nature of for example reform revolution class determinism and class struggle With its emergence in the 1970s as a child of Western Marxism the field continues to be an expression of these tensions that seriously limit its transformative potential Addressing these issues and offering conceptual clarification in the interests of revolutionary educational practice Critical Realism for Marxist Sociology of Education provides a new perspective on education which will be of interest to students scholars and practitioners alike

**How is Architecture Political?** Joseph Bedford, 2024-03-07 Chantal Mouffe has transformed the contemporary understanding of politics through her re-reading of political theory inspired by anti-foundationalist philosophy based on Saussure's linguistics Freud's psychoanalysis and Derrida's deconstruction Her writings have challenged the centrist post-political ideology of the 1990s and presciently diagnosed the emergence of right-wing populism seen today with Trump and Brexit For Mouffe such populism is the result of the failed centrist conception of politics reduced to technical management She has called for a return to politics on the view that social antagonisms cannot be reconciled but must be channeled into an agonistic form of institutionally stabilized struggle This book brings Chantal Mouffe's agonistic model of politics into direct dialogue with architecture and inquiries into the role that architecture plays constructing the political order of society either by concealing or revealing its antagonisms and ideological conflicts In doing so it asks in what ways architecture operates

politically whether institutionally in terms of its spaces and its part in forming cities or as an aesthetic object with mediatic agency Through this detailed exchange between Mouffe and four of the world's leading architectural thinkers Reinhold Martin Ines Weizman Pier Vittorio Aureli and Sarah Whiting a debate unfolds within the book that tests the implications of Mouffe's agonistic model of politics for architectural practice today Through this Bedford explores how architectural history architectural drawing the making of spectacular monuments the design and policies behind housing and the making of public and private space all potentially contribute to the formulation of the channeling of social conflict into an agonistic form

An Introduction to Antonio Gramsci George Hoare, Nathan Sperber, 2025-01-23 This book examines the life major ideas and lasting influence of the Italian militant and political thinker Antonio Gramsci Author of the famous Prison Notebooks over 2 000 pages of profound and influential reflections on history culture politics philosophy and revolution and head of Italy's Communist Party in the 1920s Antonio Gramsci is one of the most important European political thinkers of the 20th century An Introduction to Antonio Gramsci provides an accessible overview of Gramsci's thought and analyses how Gramsci's theories can be applied to 21st century politics in the age of Brexit Covid the rise of populism and the Ukraine crisis This edition includes A brand new chapter that considers Gramsci's relevance to contemporary politics and events Expanded and updated sections applying Gramsci to contemporary political theory and political economy An exploration of the most recent Gramsci scholarship A new section on Gramsci's influence on the New Right

The Modernist Imagination Martin Jay, 2009 Some of the most exciting and innovative work in the humanities is occurring at the intersection of intellectual history and critical theory This volume includes work from some of the most prominent contemporary scholars in the humanities

*The Intellectual as Stranger* Dick Pels, 2013-02-01 The Intellectual as Stranger explores the historical association between images of the intellectual and those of the stranger or the outsider to society Using detailed case studies Pels examines the ambiguous strangerhood of political intellectuals such as Marx Durkheim Sorel Freyer and Hendrik de Man

**The Paralysis of Analysis in African American Studies** Stephen Ferguson II, 2023-09-21 Stephen C Ferguson II provides a philosophical examination of Black popular culture for the first time From extensive discussion of the philosophy and political economy of Hip Hop music through to a developed exploration of the influence of the postmodernism poststructuralist ideology on African American studies he argues how postmodernism ideology plays a seminal role in justifying the relationship between corporate capitalism and Black popular culture Chapters cover topics such as cultural populism capitalism and Black liberation the philosophy of Hip Hop music and Harold Cruse's influence on the cultural turn in African American studies Ferguson combines case studies of past and contemporary Black cultural and intellectual productions with a Marxist ideological critique to provide a cutting edge reflection on the economic structure in which Black popular culture emerged He highlights the contradictions that are central to the juxtaposition of Black cultural artists as political participants in socioeconomic struggle and the political participants who perform the rigorous task of social criticism Adopting capitalism

as an explanatory framework Ferguson investigates the relationship between postmodernism as social theory current manifestations of Black popular culture and the theoretical work of Black thinkers and scholars to demonstrate how African American studies have been shaped *The Crisis of Capitalism in the Contemporary Novel* Andrew Rowcroft,2024-02-16 This book explores the role of radical ideas in contemporary fiction by nine critically acclaimed authors Jonathan Lethem Dana Spiotta China Mieville Thomas Pynchon Rachel Kushner Teddy Wayne Colson Whitehead Jacqueline Woodson and Kim Stanley Robinson All of them share interests in the politics of the left the problems of protracted economic crisis and the potentiality of post capitalist ideas Novels by these authors this book argues are defined by an imperative to confront current anxieties in left thought while at the same time evincing a nuanced degree of self consciousness about the legacy of political radicalisms the costs they accrue and where they have led *The political economy of Turkey's integration into Europe* Elif Uzgören,2025-03-11 This book examines Turkey s integration with Europe within structural dynamics of globalisation from a critical political economy perspective Critical approaches have been sidelined within European Studies Turkish enlargement is not an exemption The analyses are based on original data generated by 109 interviews conducted in 2010 2017 and 2023 with five categories of actors representatives of capital and labour political parties state officials and struggles around ecology patriarchy and migration It argues that the pro membership was hegemonic in the 2000s which was contested by two rival class strategies Ha vet and neo mercantilism In the 2010s pro membership is no longer hegemonic within rising critical tone of social forces supporting rival class strategies Unevenness of Turkey s trajectory of integration to Europe is likely to be consolidated through market integration and management of migration through transactional approach

### **Marxist Historical Cultures and Social Movements during the Cold War** Stefan Berger,Christoph

Cornelissen,2019-08-21 This book explores the relationship between diverse social movements and Marxist historical cultures during the second half of the twentieth century in Western Europe with special emphasis on the Federal Republic of Germany and Italy During the Cold War Marxist ideas and understandings of history informed not only the traditional Communist Parties in Western Europe but also influenced a range of new social movements that emerged in the 1970s in the wake of the 1968 student rebellions The generation of 1968 was strongly influenced by neo Marxist ideas that they subsequently carried into the new social movements The volume asks how Marxist historical cultures influenced third world movements anti fascist movements the peace movement and a whole host of other new social movements that signaled a new vibrancy of civil society in Western Europe from the 1970s onwards *The Elgar Companion to Antonio Gramsci* William K. Carroll,2024-01-18 Affirming Antonio Gramsci s continuing influence this adroitly cultivated Companion offers a comprehensive overview of Gramsci s contributions to the interdisciplinary fields of critical social science social and political thought economics and emancipatory politics Within the tradition of historical materialism it explores the continuing impact of Gramscian perspectives in the present day **Literary Theory: A Complete Introduction** Sara Upstone,2017-05-04

Literary theory has now become integral to how we produce literary criticism. When critics write about a text they no longer think just about the biographical or historical contexts of the work but also about the different approaches that literary theory offers. By making use of these they create new interpretations of the text that would not otherwise be possible. In your own reading and writing literary theory fosters new avenues into the text. It allows you to make informed comments about the language and form of literature but also about the core themes/concepts such as gender, sexuality, the self, race, and class which a text might explore. Literary theory gives you an almost limitless number of texts to work into your own response ensuring that your interpretation is truly original. This is why although literary theory can initially appear alienating and difficult it is something to get really excited about. Imagine you are standing in the centre of a circular room with a whole set of doors laid out around you. Each doorway opens on to a new and illuminating field of knowledge that can change how you think about what you have read perhaps in just a small way but also perhaps dramatically and irrevocably. You can open one door or many of them. The choice is yours. Put the knowledge you gain together with your own interpretation however and you have a unique and potentially fascinating response. Each chapter in *Literary Theory: A Complete Introduction* covers a key school of thought progressing to a point at which you'll have a full understanding of the range of responses and approaches available for textual interpretation. As well as focusing on such core areas as Marxism, Modernism, Postmodernism, Structuralism and Poststructuralism this introduction brings in recent developments such as Eco and Ethical Criticism and Humanisms.

*Deleuze, Marx and Politics* Nicholas Thoburn, 2003-09-02. A critical and provocative exploration of the political, conceptual and cultural points of resonance between Deleuze's minor politics and Marx's critique of capitalist dynamics engaging with Deleuze's missing work *The Grandeur of Marx*. This book explores the core categories of communism and capital in conjunction with a wealth of contemporary and historical political concepts and movements from the lumpenproletariat and anarchism to Italian autonomism and Antonio Negri's immaterial labour and the refusal of work. This book will serve as an introduction to Deleuze's politics and the contemporary vitality of Marx for students and will challenge scholars in the fields of social and political theory, sociology and cultural studies.
