*Postcard from Hong Kong* David B. Thurston, Ian Leung, 1997-01-01      **The Edwardian Picture Postcard as a Communications Revolution** Julia Gillen, 2023-07-13 This monograph offers a novel investigation of the Edwardian picture postcard as an innovative form of multimodal communication revealing much about the creativity concerns and lives of those who used postcards as an almost instantaneous form of communication In the early twentieth century the picture postcard was a revolutionary way of combining short messages with an image making use of technologies in a way impossible in the decades since until the advent of the digital revolution This book offers original insights into the historical and social context in which the Edwardian picture postcard emerged and became a craze It also expands the field of Literacy Studies by illustrating the combined use of posthuman multimodal historic and linguistic methodologies to conduct an in depth analysis of the communicative sociolinguistic and relational functions of the postcard Particular attention is paid to how study of the picture postcard can reveal details of the lives and literacy practices of often overlooked sectors of the population such as working class women The Edwardian era in the United Kingdom was one of extreme inequalities and rapid social change and picture postcards embodied the dynamism of the times Grounded in an analysis of a unique open access digitized collection of 3 000 picture postcards this monograph will be of interest to researchers and postgraduate students in the fields of Literacy Studies sociolinguistics history of communications and UK social history      **Reading Hong Kong, Reading Ourselves** Janel CURRY , Paul HANSTEDT , 2014-07-08 This book written by fourteen reflective scholars about living and learning from Hong Kong builds on the growing interest of using place as text while providing a model of deepening cross cultural encounters Each chapter is written in a personal and experiential style exploring Hong Kong through the lenses of a range of disciplines that shaped individual author s perceptions and encounters This book is published by City University of Hong Kong Press      **The Remarkable Hybrid Maritime World of Hong Kong and the West River Region in the Late Qing Period** Sze Hang Choi, 2017-07-03 Focusing on the hybrid maritime world of Hong Kong Pearl River Delta and West River in the last two decades of the late Qing period this work tells a vivid trading and competition story of previously unknown private Chinese traders and junk masters This challenges the prevailing view of the domination of China s maritime trade by modern foreign steamships Making use of unpublished Kowloon Maritime Customs and British diplomatic records in the late 19th and early 20th century Henry Sze Hang Choi convincingly shows how these private Chinese traders flexibly adopted to the foreign dominated maritime customs agencies and treaty port system in defending their Chinese homeland stronghold against the invasion of foreign economic power      *Bygone Shanghai A Postcard History from 1890 to 1945* Felicitas Titus, 2017-03-22 A beautiful comprehensive collection of antique China and Shanghai specific postcards which takes you through the colonial era of China 1890 1945 The text is written by Felicitas Titus M A in German and French Languages from U C Berkeley who was born and raised in China during the years of 1925 1950 and who is an expert on

Chinese history Her commentary provides just enough explanation of the events and people of that period to make the postcards come alive The entire book is filled with historically significant and lovely images capturing Chinese life at that time 中国明信片,1993 150 Japan In The Late Meiji Era. A Unique Postcard History Graham Thomas,2025-06-03 Other than their artistic merits little research has been done on postcards as historic and cultural artefacts Behind this void lie many reasons In part because of their very nature the fact that they were popular and mass market rather turned the serious historian away In part because they are disposable and they were cheap They possess no status As Arisa Yamaguchi writes in *Sartorial Japonisme and the Experience of Kimonos in Britain 1865-1914* the fast and easy to send postcard was considered the letter of the poor because it was cheap In part it is because they are rarely accompanied by a narrative Most of the big collections hold pristine examples that are unspoiled with a written message Hence most postcards are little more than snapshots of scenes such as the countryside towns villages events portraits of celebrities and ordinary people but rarely do they have background information added Over the years their subject matter has become increasingly opaque and their significance lost And it has to be acknowledged many postcards carry images that are banal and possess no inherent or obvious artistic or historic merit Nor do we have much insight into what postcards actually meant to either the sender or the recipient and the role they played in people's lives Yet during this Golden Age whether in Japan Britain and many other countries they became a critical part of telling and spreading the story of a nation In some instances they had an important role in disseminating propaganda but most importantly for a swathe of the population they were an aide to communication when people were neither articulate or literate Let the postcard do the talking in a manner of speaking This collection and analysis is very different most critically as the postcards enjoy the continuity of coming from one person sent frequently over three years They were the equivalent of today's text and social media messaging and posts sent at a time that was pivotal in Japan's history Each postcard is illustrated and described while the first chapters look at Japan during the late Meiji era and the introduction and early history of picture postcards Much has never been covered before so this will be of interest not only to Japan historians but also those interested in the evolution of the picture postcard and why they became so popular 日本明信片, 1940's-1970's 中国,1997 *Dirty Minds* Liliana Hart,2022-05-24 Coroner J J Graves and Sheriff Jack Lawson are in a race against time as they search for a killer who's digging up bodies in the cemetery and replacing them with his own kills in the new novel in the New York Times bestselling series **Shanghai Escapist** Robert M. Liu,2000-10 A must read for those with strong interest in the history of the Cultural Revolution upheavals in 1960s-70s China This is a novel about oppression and misery about struggle and survival about escape and escapism about hope and despair about love and sex It is a work of great realism and brilliant description It rings so shockingly true that you can't even tell fiction from reality It may very well be a real life story **The Tomb in the Kyoto Hills and Other Stories** Hans Brinckmann,2011-10 With this striking and highly engaging collection of stories author Hans Brinckmann takes us into the heart of his adopted country Japan

Highlighting the intriguing surroundings and cultural details each story draws the reader into an extraordinary experience The offerings include A Leap into the Light the compelling tale of a Dutch businessman s secretive life with the young daughter of his late Japanese mistress Kyoto Bus Stop about the chance encounter between a visitor from Europe and a mysterious young French woman in Kyoto Pets in Marriage which chronicles a Japanese married couple and their respective preference for cats and dogs which comes to a head at the foot of Mt Fuji Twice upon a Plum Tree an exploration of a Dutch diplomat s ambivalence about a Japanese woman he once loved and the title story The Tomb in the Kyoto Hills about a Chicago based lawyer who moves his family to Japan to find the truth of his origins once and for all Hans Brinckmann was born in The Hague came to Japan as a young man to work in a bank and stayed twenty four years He subsequently lived in London Curacao Amsterdam New York and Sydney before returning to live in Tokyo once again in 2003 He quit banking early to turn to writing For details of his publications see [www.habri.jp](http://www.habri.jp) <http://SBPRA.com> HansBrinckman

*All Asia Review of Books*, 1989 *Statutory Rules and Orders Other Than Those of a Local, Personal Or Temporary Character (varies Slightly)*. Great Britain. Laws, statutes, etc, 1890 **A Postcard History of the Passenger Liner** Christopher Deakes, 2023-10-01 From around 1880 for almost a hundred years shipowners commissioned a wealth of paintings that depicted their magnificent liners as well as the routes they travelled their exotic destinations and life onboard These paintings rich in imagination and atmosphere appeared on postcards and posters of the day and were used to advertise the companies and their ships and so was born a whole genre that produced tens of thousands of paintings which formed a wonderful record of the great era of the passenger liner In 1900 there were over thirty shipping companies operating passenger liners across the North Atlantic Other oceans were similarly served But now with just a few exceptions the companies and their liners have disappeared along with the art they once inspired Little

remains to recall this aspect of our maritime past except the postcards and they tell an evocative story of the vanished world of elegant ships and leisurely travel of social and political times much changed by the history of the past century Here brought vividly to life in more than 500 colourful postcards are the ships on which so many of our predecessors sailed as emigrants soldiers administrators or simply as tourists in days long past These cards which are now highly collectable show how steamships developed over the years but they are also a fine tribute to the artists who painted them This volume also includes a glossary of some 170 illustrators which forms an important reference section and advice on collecting
