**A Postcard History of San Jose** Leonard McKay, Nestor Wahlberg, 1992      San Jose Bob Johnson, 2010 Founded by the Spanish in 1777 to provide food for the military settlements in Monterey and San Francisco San Jose is the oldest civilian settlement in California After independence from Mexico San Jose became the county seat of Santa Clara County and the first state capital For many years San Jose was the center of a rich farming community whose vistas of blooming orchards prompted the nickname Valley of Heart s Delight Following World War II a massive transformation took place in the landscape and culture of San Jose and the surrounding area Fields and orchards gave way to subdivisions malls freeways and office buildings The population grew from less than 100 000 to over a million as agriculture was supplanted by semiconductors and software development

**Theatres of San Jose** Gary Lee Parks, 2009 San Joseans have long had their pick of the best in stage and screen entertainment In the late 19th through the mid 20th centuries theatres were beloved places Whether in downtown the neighborhoods or surrounding communities theatres provided the thrill of a night on the town Most of the early theatres built in San Jose exist only in photographs many exhibited in this book for the first time A few such as the palatial California Theatre and the venerable Jose Theatre serve exciting new uses in today s entertainment marketplace Even such relative newcomers as the Century 21 Theatre and its fellow domed cinemas have begun to gain a romance of their own

A Postcard History of the Passenger Liner Christopher Deakes, 2023-10-01 From around 1880 for almost a hundred years shipowners commissioned a wealth of paintings that depicted their magnificent liners as well as the routes they travelled their exotic destinations and life onboard These paintings rich in imagination and atmosphere appeared on postcards and posters of the day and were used to advertise the companies and their ships and so was born a whole genre that produced tens of thousands of paintings which formed a wonderful record of the great era of the passenger liner In 1900 there were over thirty shipping companies operating passenger liners across the North Atlantic Other oceans were similarly served But now with just a few exceptions the companies and their liners have disappeared along with the art they once inspired Little remains to recall this aspect of our maritime past except the postcards and they tell an evocative story of the vanished world of elegant ships and leisurely travel of social and political times much changed by the history of the past century Here

brought vividly to life in more than 500 colourful postcards are the ships on which so many of our predecessors sailed as emigrants soldiers administrators or simply as tourists in days long past These cards which are now highly collectable show how steamships developed over the years but they are also a fine tribute to the artists who painted them This volume also includes a glossary of some 170 illustrators which forms an important reference section and advice on collecting **Santa Clara County** Rick Sprain,2018-02-12 Originally inhabited by the Ohlone Santa Clara County was one of 27 counties created when California achieved statehood in September 1850 The first settlements began when Fr Jun pero Serra established the Mission Santa Clara de As s in 1777 For over 100 years the valley was known for its rich soil and thriving farm region In the 1940s and 1950s William Hewlett and David Packard along with Lockheed IBM and hundreds of other companies altered the scope of Santa Clara County forever With the influx of tech jobs and ensuing building boom the county went from Valley of the Heart s Delight to Silicon Valley *Steinbeck Remembered* Audry Lynch,2012-06-14 Dr Audry Lynch a Steinbeck scholar has gathered together twenty reminiscences from people who knew John Steinbeck personally The interviews cover three periods in Steinbeck s life in California his childhood in Salinas his life as a fun loving crony of Ed Doc Ricketts in Cannery Row and his residence in Los Gatos as an established writer They show a life lived fully and a man who knew how to live These portraits don t sugar coat or beatify the man John Steinbeck They are honest and frank views of a person who could be described as an odd boy a hell raiser a drinker and womanizer and a proud reclusive celebrity Nevertheless all the people interviewed remember the man fondly and the composite portrait that comes across is of a brilliant talented artist and fun loving loyal friend **California Historian** ,1994 **Frontier Village** Bob Johnson,Allen Weitzel,2013 In the late 1950s businessman Joe Zukin Jr had a dream of building an amusement park with a Wild West theme in Santa Clara County His dream was realized with the 1961 opening of Frontier Village on the former grounds of the Hayes Mansion in south San Jose Among the trees rose a fantasy frontier town complete with a Main Street where hourly gunfights always ended with the bad guys being carted off to Boot Hill Visitors could relax in the town square or ride the train around the park Guests could paddle an Indian war canoe ride in a stagecoach or venture into the interior of a haunted mine Frontier Village was a safe and clean place that welcomed children and their families Encroaching subdivisions and changing economic conditions forced the park to close in 1980 but to this day fond memories of the park continue to live on in everyone who ever visited or worked in Frontier Village *Valley of Heart's Delight* Anne Marie Todd,2022-10-25 This agricultural history explores the transformation of the Santa Clara Valley over the past one hundred years from America s largest fruit producing region into the technology capital of the world In the latter half of the twentieth century the region s focus shifted from fruits such as apricots and prunes to computers Both personal and public rhetoric reveals how a sense of place emerges and changes in an evolving agricultural community like the Santa Clara Valley Through extensive archival research and interviews Anne Marie Todd explores the concepts of place and placelessness arguing that place is more than a physical location and that exploring

a community's sense of place can help us to map how individuals experience their natural surroundings and their sense of responsibility towards the local environment Todd extends the concept of sense of place to describe Silicon Valley as a non place where weakened or disrupted attachment to place threatens the environment and community The story of the Santa Clara Valley is an American story of the development of agricultural lands and the transformation of rural regions An Architectural Guidebook to San Francisco and the Bay Area Susan Dinkelspiel Cerny, 2007 An Architectural Guidebook to San Francisco and the Bay Area is the definitive guide to the history and architecture of the nine San Francisco Bay Area counties This compendium has been written and photographed by Susan Cerny and twelve Bay Area experts and provides a historic record of how the area developed to become what it is today and discusses transportation systems city and suburban landscape plans public parkland California history and economic social and political influences Included are San Francisco Victorians civic buildings churches parks grand Period Revivals and rustic Arts and Crafts homes as well as significant vernacular buildings in less publicized neighborhoods and towns Features include Buildings by all major San Francisco Bay Area architects from the 1860s to the present More than 2 000 entries Architectural landmarks in every Bay Area county arranged by chapter San Francisco San Mateo Santa Clara Alameda Contra Costa Solano Napa Sonoma and Marin More than 100 cities towns and neighborhoods A history of architectural styles popular in the Bay Area More than 20 000 copies sold of our previous architecture guide to the Bay Area Stockton in Vintage Postcards Alice van Ommeren, 2004-06-09 Today's Stockton is a modern California city home to a quarter of a million people But few remember the details of its illustrious past Influenced by strategic waterways and rich soil Stockton attracted a succession of miners farmers shipbuilders and industrial entrepreneurs Throughout the years Stockton has evolved from a rough and tumble harbor town to an agricultural business and transportation center and has done so with a great amount of style and finesse This collection of vintage postcards showcases Stockton's early days from 1900 to 1950 capturing the elegance and industry of a young city on the journey to the modern era This book contains over 200 images of Stockton including the waterfront paddlewheel steamers beautiful hotels graceful estates sprawling farm vistas and the ornate buildings of downtown *Postcards in the Library* Norman D. Primarily settled by whites after the Revolutionary War, many of the county's earliest families came to the Appalachians from the Piedmont region of North Carolina, and prior to that from the North, New England, Pennsylvania, Maryland, and Virginia. These settlers were mainly of European extraction: English, German, Scottish, Irish, Swiss, and Welsh, along with a smaller African representation. Nestled in the panoramic Blue Ridge Mountains and unimaginable by its early agrarian inhabitants, Watauga would become one of North Carolina's premier tourist destinations and home to Appalachian State University.
