Connecticut Coast Diana Ross McCain, 2009-04-01 Connecticut Coast is a richly illustrated history of the Nutmeg State's storied shoreline from New York State to Rhode Island. Researched and written by a longtime expert in Connecticut history, it comprises a brief narrative on each of the twenty-four shoreline communities accompanied by the area's best historic photography. Sidebars sprinkled throughout present lighthouses, fishing and shellfishing, transportation, storms, and more from the legendary Savin Rock Amusement Park to stylish Jackie Kennedy christening the USS Lafayette in Groton. [Road Trip America](#) Andrew F. Wood, 2003 Describes fast food restaurants, motels, and unique roadside attractions in each of the fifty states and features color photos of artifacts and vintage images. **Real Photo Postcard Guide** Robert Bogdan, Todd Weseloh, 2006-09-21 The Real Photo Postcard Guide is an informative, comprehensive, and practical treatment of this wildly popular American phenomenon that dominated the United States photographic market during the first third of the twentieth century. Robert Bogdan and Todd Weseloh draw on extensive research and observation to address all aspects of the photo postcard from its history, origin, and cultural significance to practical matters like dating, purchasing, condition, and preservation. Illustrated with over 350 exceptional photo postcards taken from archives and private collections across the country, the scope of the Real Photo Postcard Guide spans technical considerations of production, characteristics of superior images, collecting categories, and methods of research for dating photo postcards and investigating their photographers. In a broader sense, the authors show how real photo postcards document the social history of America. From family outings and workplace awards to lynchings and natural disasters, every image captures a moment of American cultural history from the society that generated them. Bogdan and Weseloh's book provides an admirable integration of informative text and compelling photographic illustrations. Collectors, archivists, photographers, photo historians, social scientists, and anyone interested in the visual documentation of America will find the Real Photo Postcard Guide indispensable. *Poetry & Commons* Daniel Eltringham, 2022-05-13 Winner of the ASLE UKI Book Prize 2023. The commons and enclosure are among the most vital ways of thinking about poetry today, posing urgent ecological and political questions about land and resource ownership and use. *Poetry Commons* is the first study to read postwar and contemporary poetry through this lens by putting it in dialogue with the Romantic experience of agrarian dispossession. Employing an innovative transhistorical structure, the book demonstrates how radical Anglophone poetries since 1960 have returned to the enclosure of the commons in response to political and ecological crises. It identifies a commons turn in contemporary lyric that contests the new enclosures of globalized capital and resource extraction. In lucid, close readings of a rich field of experimental poetries associated with the British Poetry Revival as well as from Canada and the United States, it analyses a landscape poetics of enclosure in relationship with Romantic verse. Canonical Romantic poetry by Wordsworth and Clare is understood through the fine-grained textures of the period's vernacular and radical verse and discourse around enclosure, which the book demonstrates contain

the seeds of neoliberal political economy Engaging with the work of Anne Lise Fran ois and Anna Tsing Poetry Commons theorizes commoning as marking out subsistence rhythms of resource which articulate plural irregular and tentative relations between human and nonhuman lifeworlds **Directory of Historic House Museums in the United States**
