**Postcolonial Literature** Gina Wisker, 2006-11-14 Key Concepts in Postcolonial Literature provides an overview of the main themes issues and critical perspectives that have had the greatest effect on postcolonial literatures Discussing historical cultural and contextual background it contains selected work of some of the major writers from this period Postcolonial Literature Elleke Boehmer, 2005-10-06 Colonial and Postcolonial Literature is the leading critical overview of and historical introduction to colonial and postcolonial literary studies Highly praised from the time of its first publication for its lucidity breadth and insight the book has itself played a crucial part in founding and shaping this rapidly expanding field The author an internationally renowned postcolonial critic provides a broad contextualizing narrative about the evolution of colonial and postcolonial writing in English Illuminating close readings of texts by a wide variety of writers from Kipling and Conrad through to Kincaid from Ngugi to Noonuccal and Naipaul explicate key theoretical terms such as subaltern colonial resistance writing back and hybridity This revised edition includes new critiques of postcolonial women's writing an expanded and fully annotated bibliography and a new chapter and conclusion on postcolonialism exploring keynote debates in the field relating to sexuality transnationalism and local resistance The Woman Babylon and the Marks of Empire Shanell T. Smith, 2014-10-01 The Great Whore of the Book of Revelation the hostile symbolization used to illustrate the author's critique of empire has attracted considerable attention in Revelation scholarship Feminist scholar Tina Pippin criticizes the use of gendered metaphors Babylon as a tortured woman which she asserts reflect an inescapably androcentric even misogynistic perspective Alternatively Elisabeth Sch ssler Fiorenza understands John's rhetoric and imagery not simply in gendered terms but in political terms as well observing that Babylon relies on conventionally coded feminine language for a city Shanell T Smith seeks to dismantle the either or dichotomy within the Great Whore debate by bringing the categories of race ethnicity and class to bear on John s metaphors Her socio cultural context impels her to be sensitive to such categories and therefore leads her to hold the two elements woman and city in tension rather than privileging one over the other Using postcolonial womanist interpretation of the woman Babylon Smith highlights the simultaneous duality of her characterization her depiction as both a female brothel slave and as an empress or imperial city Most remarkably however Smith s reading also sheds light on her own ambivalent characterization as both a victim and participant in empire
