CAIN, 1969      Crime Films Thomas Leitch, 2002-08-15 This book surveys the entire range of crime films including important subgenres such as the gangster film the private eye film film noir as well as the victim film the erotic thriller and the crime comedy Focusing on ten films that span the range of the twentieth century Thomas Leitch traces the transformation of the three leading figures that are common to all crime films the criminal the victim and the avenger Analyzing how each of the subgenres establishes oppositions among its ritual antagonists he shows how the distinctions among them become blurred throughout the course of the century This blurring Leitch maintains reflects and fosters a deep social ambivalence towards crime and criminals while the criminal victim and avenger characters effectively map the shifting relations between subgenres such as the erotic thriller and the police film within the larger genre of crime film that informs them all      *Film Noir* Homer B. Pettey, 2014-11-11 Explores the development of film noir as a cultural and artistic

phenomenon This book traces the development of what we know as film noir from the proto noir elements of Feuillade's silent French crime series and German Expressionism to the genre's mid twentieth century popularization and influence on contemporary global media By employing experimental lighting effects oblique camera angles distorted compositions and shifting points of view film noir's style both creates and comments upon a morally adumbrated world where the alienating effects of the uncanny the fetishistic and the surreal dominate What drew original audiences to film noir is an immediate recognition of this modern social and psychological reality Much of the appeal of film noir concerns its commentary on social anxieties its cynical view of political and capitalist corruption and its all too brutal depictions of American modernity This book examines the changing often volatile shifts in representations of masculinity and femininity as well as the genre's complex relationship with Afro American culture observable through noir's musical and sonic experiments Key features

Traces the history of film noir from its aesthetic antecedents through its mid century popularization to its influence on contemporary global media Discusses the influence of literary and artistic sources on the development of film noir Includes extensive bibliographies filmographies and recommended noir film viewing Concludes with a reflective chapter by Alain Silver and James Ursini on their own influential studies and collections on film noir criticism Out of the Past Ben Tyrer, 2016-08-17 This book presents a new reading of film noir through psychoanalytic theory In a field now dominated by Deleuzian and phenomenological approaches to film philosophy this book argues that far from having passed the time for Lacan in Film Studies is only just beginning The chapters engage with Lacanian psychoanalysis to perform a meta critical analysis of the writing on noir in the last seven decades and to present an original theory of criticism and historiography for the cinema The book is also an act of mourning for a lost past of the cinema for a longstanding critical tradition and for film noir It asks how we can talk about film noir when in fact film noir doesn't exist The answer starts with Lacan and a refusal to relinquish psychoanalysis Lacanian theories of retroactivity and ontology can be read together with film history genre and narrative to show the ways in which theory and history past and present cinema and psychoanalysis are fundamentally knotted together Tyrer also explores Lacan through particular noir films such as *Double Indemnity* and *The Maltese Falcon* and demonstrates the possibilities for a Lacanian Film Studies as one that engages fully with Lacan's entire body of work that has hitherto not been realised

*The 50 MGM Films That Transformed Hollywood* Steven Bingen, 2022-11-01 Movies don't exist in a vacuum Each MGM movie is a tiny piece of a large colorful although often black and white quilt with threads tying it into all of the rest of that studio's product going forward yes but also backward and horizontally and three dimensionally across its entire landscape Not necessarily a best of compilation this book discusses the films that for one reason or another and not all of them good ones changed the trajectory of MGM and the film industry in general from the revolutionary use of Cinerama in 1962's *How the West Was Won* to Director Alfred Hitchcock's near extortion of the profits from the 1959 hit thriller *North by Northwest* And there are the studio's on screen self shoutouts to its own past or stars in films like *Party Girl*

1958 the That s Entertainment series Garbo Talks 1984 Rain Man 1955 and De Lovely 2004 or the studio s acquisition of other successful franchises such as James Bond But fear not what we consider MGM s classic films all get their due here often with a touch of irony or fascinating anecdote Singin in the Rain 1952 for example was in its day neither a financial blockbuster nor critically acclaimed but rather an excuse for the studio to reuse some old songs it already owned The Wizard of Oz 1939 cost almost as much to make as Gone With the Wind also 1939 and took ten years to recoup its costs But still the MGM mystique endures Like the popular Netflix series The Movies that Made Us this is a fascinating look behind the scenes of the greatest and at times notorious films ever made

**Unless the Threat of Death is Behind Them** John T. Irwin, 2006-10-25 The noted literary critic delves into the psychology and significance of American hardboiled crime fiction and film noir of the 1930s and 40s Early in the twentieth century American crime novelists like Dashiell Hammett and Raymond Chandler put forward a new kind of character the hard boiled detective as exemplified by Sam Spade in *The Maltese Falcon* Unlike the analytical detectives of nineteenth century fiction these new detectives encountered cases not as intricate logical puzzles but as stark challenges of manhood John T Irwin explores how the stories of these characters grapple with ideas of American masculinity Professional codes are pitted against personal desires resulting in either ruinous relationships or solitary integrity In thematic conflicts between independence and subordination all notions of manly independence prove subordinate to the hand of fate Tracing the stylistic development of the genre Irwin demonstrates the particular influence of the novel of manners especially the writing of F Scott Fitzgerald He also shows that as hard boiled fiction began to appear on the screen in film noir it took on themes of female empowerment just as women entered the workforce in large numbers Finally he discusses how these themes persist in contemporary dramatic series on television representing the conflicted lives of Americans into the twenty first century

*Encyclopedia of Film Noir* Geoff Mayer, Brian McDonnell, 2007-06-30 When viewers think of film noir they often picture actors like Humphrey Bogart playing characters like Sam Spade in *The Maltese Falcon* the film based on the book by Dashiell Hammett Yet film noir is a genre much richer The authors first examine the debate surrounding the parameters of the genre and the many different ways it is defined They

discuss the Noir City its setting and backdrop and also the cultural WWII and institutional the House UnAmerican Activities Committee and the Production Code Administration influences on the subgenres An analysis of the low budget and series film noirs provides information on those cult classics With over 200 entries on films directors and actors the Encyclopedia of Film Noir is the most complete resource for film fans students and scholars
