and meanings were far from universal This book argues that holiday postcards circulated primarily among rural and small town Northern white women with Anglo Saxon and Germanic heritages Through analysis of a broad range of sources Daniel Gifford recreates the history of postcards to account for these specific audiences and reconsiders the postcard phenomenon as an image based conversation among exclusive groups of Americans A variety of narratives are thus revealed the debates generated by the Country Life Movement the empowering manifestations of the New Woman the civic privileges of whiteness and the role of emerging technologies From Santa Claus to Easter bunnies flag waving turkeys to gun toting cupids holiday postcards at first seem to be amusing expressions of a halcyon past Yet with knowledge of audience and historical conflicts this book demonstrates how the postcard images reveal deep divides at the height of the Progressive Era

To You and Your Kin Daniel Gifford, 2011 This dissertation draws from the fields of history art history and visual culture to generate a deeply contextualized analysis of early twentieth century holiday postcards It first argues that holiday postcards are significant cultural artifacts overlooked by scholars in favor of more familiar souvenir view cards of people and places By contrast greeting cards and holiday cards in particular are a period specific source with the potential to represent a far more egalitarian and wide reaching audience This project next offers an approach to quantitative history that reconstructs historical postcard audiences by combining information gleaned from eBay com with census records After quantitative analysis of 2 000 holiday postcards it argues that these postcards circulated primarily among rural and small town Northern white women with Anglo Saxon and Germanic heritages Audiences and actual users are thus moved to the center of this project and extensive primary sources reconstruct the postcard phenomenon from their perspective This bottom up approach reveals the ways in which postcards were appropriated by these particular groups especially women It is their interactions with postcards that helped turn the medium into a major popular phenomenon in the early 1900s Such postcard use is described as image based conversations between these specific audiences and networks of community and kin The second half of the dissertation then examines over 100 holiday images in the context of significant contestations and tensions within these groups lives the Country Life Movement the rise of the New Woman and the influx of new immigrants It looks at how these historical contestations added contextual meanings to holiday images and how those images mediated and addressed a multitude of fears desires and understandings among postcard audiences The images studied cover a wide range of popular holiday themes Santa Claus and Easter bunnies flag waving turkeys and gun toting cupids Halloween witches and New Years drunks The dissertation describes the interplay between three important categories of information the specificity of audience demographics a thorough understanding of historical context and consistent visual themes and tropes Knowledge of audience and context reveals the ways in which holiday postcards and their attendant images engaged with historically specific conflicts tensions anxieties and contestations in people's lives *Christmas with the Postcard Artists 1898-1940* Peggy Hawkworth, 2008-08 On March 1 2007 the United States picture postcard with a message space was 100 years old From 1898 through the 1930s there were millions of postcards sent back and forth across the Atlantic admired and saved in albums Little was known about many of the artists The purpose of this book was to design a literary work about the artists

who documented an era when pen paint and brush ruled in the recording of daily scenes and events Christmas folklore was chosen because it provided a wider representation of artists from around the world There are samples of Art Nouveau Art Deco woodblock silhouette and illustrations of the customs and Christmas figures Postcard artists and illustrators have never received the same respect as those who created fine art This book includes 300 artists biographies of varying lengths and documents their lives and illustrations along with their accomplishments in fine art **Nothing to Write Home about** Michelle Abadie,Sue Beale,2007 This is a collection of John Hinde postcards and the messages written on them by holidaymakers between 1960s and 1980s The text is a celebration of the Britain of yesteryear and documents the heyday of the British holiday postcard **Picture Postcards** Marian Klamkin,1974 Art Post Cards Book - Famous Artist Style Painting - Anders Zorn (1860-1920) Philippe Da Cruz,2020-07-02 In Britain postcards without images were issued by the Post Office in 1870 and were printed with a stamp as part of the design which was included in the price of purchase These cards came in two sizes The larger size was found to be slightly too large for ease of handling and was soon withdrawn in favour of cards 13mm 1 2 inch shorter 75 million of these cards were sent within Britain during 1870 In 1973 the British Post Office introduced a new type of card PHQ Cards popular with collectors especially when they have the appropriate stamp affixed and a first day of issue postmark obtained Today we offer an entire book printed face with a beautiful picture and in the back a classic sample to write wishes and add the post stamp Just write your post card cut it and post it
