Postmodern Debates:

Postmodern Debates Simon Malpas, 2001-06-20 The words postmodernism and postmodernity have become pervasive throughout the humanities but their meanings frequently seem difficult to pin down Anyone with an interest in contemporary culture is likely sooner or later to face a wide range of questions such as what is the postmodern How does it relate to the world today Have we entered a new age in which the problems facing modernity are no longer relevant or does modernity mark a new way of thinking about those same issues How does cultural postmodernism shape our experiences of contemporary society These are just some of the questions that are explored in this book *Postmodern Debates* introduces modernity postmodernism and postmodernity through a series of debates between prominent thinkers in literary theory philosophy and cultural studies The book explores this topic through thinkers who are at odds and encourages readers to consider the wide implications of postmodern thought in several areas

Postmodern Theory Steven Best, Douglas Kellner, 1991-01-01 In this timely volume the authors systematically analyze postmodern theory to evaluate its relevance for critical social theory and radical politics today Best and Kellner provide An introduction and critique of the work of Foucault Deleuze and Guattari Baudrillard Lyotard Laclau and Mouffe and Jameson which assess the varying contributions and limitations of postmodern theory A discussion of postmodern feminist theory and the politics of identity A systematic study of the origin of the discourse of the postmodern in historical sociological cultural and philosophical studies The authors claim that while postmodern theory provides insights into contemporary developments it lacks adequate methodological and political perspectives to provide a critical social theory and radical politics for the present age

The Postmodern Simon Malpas, 2005 Simon Malpas investigates the theories and definitions of postmodernism and postmodernity and explores their impact in such areas as identity history art literature and culture In attempting to map the different forms of the postmodern and the contrasting experiences of postmodernity in the Western and developing worlds he looks closely at modernism and postmodernism modernity and postmodernity subjectivity history politics This useful guidebook will introduce students to a range of key thinkers who have sought to question the contemporary situation and will enable readers to begin to approach the primary texts of postmodern theory and culture with confidence

The Postmodernism Debate in Latin America John Beverley, Michael Aronna, José Oviedo, 1995-05-05 Postmodernism may seem a particularly inappropriate term when used in conjunction with a region that is usually thought of as having only recently and then unevenly acceded to modernity Yet in the last several years the concept has risen to the top of the agenda of cultural and political debate in Latin America This collection explores the Latin American engagement with postmodernism less to present a regional variant of the concept than to situate it in a transnational framework Recognizing that postmodernism in Latin America can only inaccurately be thought of as having traveled from an advanced capitalist center to arrive at a still dependent neocolonial periphery the contributors share the assumption that postmodernism is itself about the dynamics of interaction between local and

metropolitan cultures in a global system in which the center periphery model has begun to break down These essays examine the ways in which postmodernism not only designates the effects of this transnationalism in Latin America but also registers the cultural and political impact on an increasingly simultaneous global culture of a Latin America struggling with its own set of postcolonial contingencies particularly the crisis of its political left the dominance of neoliberal economic models and the new challenges and possibilities opened by democratization With new essays on the dynamics of Brazilian culture the relationship between postmodernism and Latin American feminism postmodernism and imperialism and the implications of postmodernist theory for social policy as well as the text of the Declaration from the Lacandon Jungle of the Zapatista National Liberation Army this expanded edition of *boundary 2* will interest not only Latin Americanists but scholars in all disciplines concerned with theories of the postmodern Contributors Xavier Albó Jos Joaquín Brunner Fernando Calderón Enrique Dussel Nstor García Canclini Martín Hopenhayn Neil Larsen the Latin American Subaltern Studies Group Norbert Lechner María Milagros López Raquel Olea Anbal Quijano Nelly Richard Carlos Rincón Silviano Santiago Beatriz Sarlo Roberto Schwarz and Hernán Vidal

Explaining Postmodernism Stephen R. C. Hicks, 2004 [The Politics of Postmodernism](#) Linda Hutcheon, 2003-12-16 Working through the issue of representation in art forms from fiction to photography Linda Hutcheon sets out postmodernism's highly political challenge to the dominant ideologies of the western world

Feminism and the Postmodern Impulse Magali Cornier Michael, 1996-07-03 Michael analyzes the intersections between feminist politics and postmodern aesthetics as demonstrated in recent Anglo American fiction While much has been written on various aspects of postmodernism and postmodern fiction and of feminism and feminist fiction very little attention has been given to the postmodern aesthetic strategies that surface in post World War II feminist fiction *Feminism and the Postmodern Impulse* examines ways in which many widely read and acclaimed novels with feminist impulses engage and transform subversive aesthetic strategies usually associated with postmodern fiction to strengthen their feminist political edge The author discusses many examples of recent feminist postmodern fiction and explores in greater depth Doris Lessing's *The Golden Notebook* Marge Piercy's *Woman on the Edge*

of Time Margaret Atwood's *The Handmaid's Tale* and Angela Carter's *Nights at the Circus* She shows that feminist postmodern fiction's emphasis on the material historical situation the link to activist politics and commitment to enacting concrete changes in the world and thus the need to reach a large reading public often results in a blending and transformation of postmodern and realist aesthetic forms Moreover feminist fiction uses deconstructive strategies not only to disrupt the status quo but also to create a space for reconstruction particularly of recreating new forms of female subjectivities and feminist aesthetics

Postmodernism and Education Richard Edwards, Robin Usher, 2002-11 This book shows the impact of postmodernism upon the theory and practice of education and how it challenges the existing concepts structures and hierarchies

Postmodernism. What moment? Pelagia Goulimari, 2024-06-04 This collection assembles many of the major theorists of postmodernism across the humanities and the social sciences to reconsider the nature and significance of the postmodern moment as historical phase and as theoretical field The authors look back on their own contributions to the postmodernism debate of the 1980s and 1990s and address the ways in which the contemporary world and their own concerns have developed and the continuing validity or otherwise of postmodern as a master designator of the contemporary Following a substantial introductory survey the 15 compact articles include contributions from Linda Hutcheon Robert Venturi Zygmunt Bauman Douglas Kellner Arthur and Marilouise Kroker Lawrence Grossberg Gianni Vattimo and Ernesto Laclau The collection provides an important testimonial source for researchers interested in contemporary theoretical developments whether in the arts and humanities or the social sciences It will be a useful text for teachers leading classes with a focus on postwar intellectual history and cultural theory

Environment and Global Modernity Gert Spaargaren, Arthur P J Mol, Frederick H Buttel, 2000-06-02 This accomplished book argues that we can only make sense of environmental issues if we consider them as part of a more encompassing process of social transformation It asks whether there is an emerging consensus between social scientists on the central issues in the debate on environmental change and if concerns about the environment constitute a major prop to the process of globalization The book provides a thorough discussion of the central themes in environmental sociology identifying two traditions ecological modernization theory and risk society theory *Postmodernity and the Fragmentation of Welfare* John Carter, 2012-10-12 Postmodern ideas have been vastly influential in the social sciences and beyond However their impact on the study of social policy has been minimal Postmodernity and the Fragmentation of Welfare analyses the potential for a postmodern or cultural turn in welfare as it treats postmodernity as an evolving canon from the seminal works of Baudrillard Foucault and Lyotard through to recent theories of the risk society Already disorientated by globalisation new technologies and the years of new right ascendancy welfare faces a significant challenge in the postmodern It suggests that rather than universality and state provision the new social policy will be consumerised and fragmented a welfare state of ambivalence With contributions from authors coming from a variety of fields offering very different perspectives on postmodernity and welfare Postmodernity and the Fragmentation of Welfare also keeps social policy's intellectual inheritance in view By exploring ways in which theorisations of postmodernity might improve understanding of welfare issues in the 1990s and assessing the relevance of theories of diversity and difference to mainstream and critical social policy traditions this book will be an essential text for all students of social policy social administration social work and sociology
