ML Yell

Postmodern Philosophy And Law Rorty Nietzsche Lyotard Derrida Foucault:

Postmodern Philosophy and Law Douglas E. Litowitz, 1997 The author presents a two tiered analysis that views postmodern legal thought as both a collective intellectual movement and as the work of particular theorists notably Friedrich Nietzsche Michel Foucault Jacques Derrida Francois Lyotard and Richard Rorty He concludes that even though postmodern thought does not give rise to a normative theory of right that can be used as a framework for deciding cases it can focus attention on genealogy and discourse and can empower those who have been denied a voice in the legal system Annotation copyrighted by Book News Inc Portland OR Contemporary Methods in International Legal Research Juan J Garcia

Blesa, 2024-12-01 This book is a concise practical guide to some of the most relevant ways of thinking and doing international legal research today It is designed to help students and early career researchers to get acquainted with the theory and practice of a selection of non doctrinal modes of legal research that include feminist international law critical international law and TWAIL complemented with qualitative methods of empirical legal research The book also encourages a meaningful dialogue with traditional doctrinal styles of legal research The book s most innovative aspect is its practical learner centred approach which focuses on the applied learning of the modes of research presented **The Analysis of Legal Cases** Flora

Di Donato, 2019-07-04 This book examines the roles played by narrative and culture in the construction of legal cases and their resolution It is articulated in two parts Part I recalls epistemological turns in legal thinking as it moves from theory to practice in order to show how facts are constructed within the legal process By combining interdisciplinary paradigms and methods the work analyses the evolution of facts from their expression by the client to their translation within the lawyer client relationship and the subsequent decision of the judge focusing on the dynamic activity of narrative construction among the key actors client lawyer and judge Part II expands the scientific framework toward a law and culture oriented perspective illustrating how legal stories come about in the fabric of the authentic dimensions of everyday life The book stresses the capacity of laypeople who in this activity are equated with clients to shape the law dealing not just with formal rules but also with implicit or customary rules in given contexts By including the illustration of cases concerning vulnerable clients it lays the foundations for developing a socio clinical research programme whose aims including enabling lay and expert actors to meet for the purposes of improving forms of collective narrations and generating more just legal systems **The Blackwell**

Guide to Continental Philosophy Robert Solomon, David Sherman, 2008-04-15 The Blackwell Guide to Continental Philosophy is an accessible but sophisticated introduction to the most important figures in Continental philosophy in the last 200 years Presents a definitive introduction to the core figures and topics of continental philosophy Contains newly commissioned essays all of which are written by internationally distinguished scholars Provides a solid foundation for further study Subjects include Hegel Schopenhauer Kierkegaard Marx and Marxism Nietzsche Husserl and Phenomenology Heidegger Sartre critical theory Habermas Gadamer Foucault Derrida postmodernism and French feminism **Beginning**

Postmodernism Tim Woods, 2009 Postmodernism became the buzzword of contemporary society in the 1990s Yet even now it still remains confusing and baffling in its variety of definitions contexts and associations Beginning Postmodernism aims to offer clear accessible and step by step introductions to postmodernism across a wide range of subjects It encourages readers to explore how the debates about postmodernism have emerged from basic philosophical and cultural ideas and to develop comparative connections and ideas from one area to another With its emphasis firmly on postmodernism in practice the book contains questions designed to help readers understand and reflect upon a variety of positions within the following areas of contemporary culture philosophy and cultural theory architecture and concepts of space visual art sculpture and material culture popular culture and music film video and television and the social sciences Renascent Pragmatism Alfonso

Morales, 2017-07-05 Pragmatism is experiencing a resurgence in law philosophy and social science with pragmatists seeking a consistent comprehensive and productive understanding of social life In its four sections Renascent Pragmatism aids the reinvigoration of pragmatism as an important intellectual tradition and contributor to inquiry and change in social life The book is a first of its kind for combining essays on theory method public policy and empirical scholarship presenting contributions from philosophers legal scholars and social scientists Throughout the book the concrete linkage between policy theory and method is emphasized while recognizing the philosophical tradition in which the inquiries and prescriptions rest

Proceedings and Addresses of the American Philosophical Association American Philosophical Association, 1997 List of members in v 1 **Strong Hermeneutics** Nicholas H. Smith, 2002-09-11 Recent years have seen a resurgence of

interest in ethics particularly in the approaches of deconstruction and hermeneutics At the same time questions of identity have risen to prominence in philosophy and beyond into cultural studies and literature Strong Hermeneutics is a clear and accessible investigation of both the enlightenment and postmodern or weak approaches to contemporary discussions of ethics The weak view which can be traced back to Nietzsche and seen in the recent work of Rorty and Lyotard is sceptical of any universal principles in ethics The enlightenment view starting with Kant and more recently seen in the work of Habermas views identity as subject to universal but formal moral constraints the renewing of which is the proper task of ethics Nicholas Smith argues that neither of these views can provide a proper framework for ethics He puts forward a third position a strong hermeneutics drawing on the work of Hans Georg Gadamer Paul Ricoeur and Charles Taylor Strong Hermeneutics presents a defence of this view compares it with the realism and anti realism debate in philosophy and demonstrates its relevance to contemporary issues particularly ecological responsibility **The Nature of Political Theory** Andrew Vincent, 2004-03-25

In his controversial new book Andrew Vincent sets out to analyse and challenge the established nostrums of contemporary political theory The nature of Political Theory offers three major contributions to current scholarship It offers first a comprehensive synoptic and comparative analysis of the major conceptions of political theory predominantly during the twentieth century This analysis incorporates systematic critiques of both Anglo American and continental contributions The

nature of theory is seen as intrinsically pluralistic and internally divided Secondly the idea of foundationalism is employed in the book to bring some coherence to this internally complex and fragmented practice The book consequently focuses on the various foundational concerns embedded within conceptions of political theory Thirdly the book argues for an adjustment to the way we think about the discipline Political theory is reconceived as a theoretically based indeterminate subject which should be more attuned to practice and history Andrew Vincent makes a case for a more ecumenical and tolerant approach to the discipline suggesting that there are different but equally legitimate answers to the question what is political theory Acceptance of this view would involve a supplementation of the standard substantive approaches to contemporary political theory The Nature of Political Theory offers a unique and idiosyncratic perspective on our current understanding of political theory making it an indispensable resource for all scholars and students of the discipline *Introduction to Feminist*

Jurisprudence Hilaire Barnett,2013-09-05 This book provides a student text covering the major issues in feminist jurisprudence and to analyse the manner in which both traditional jurisprudence and law have remained a masculine subject

Thinking Complexity Paul Cilliers,2007 This volume examines the impact of complexity theory on various disciplines especially the area of philosophy Philosophy **St. Thomas Law Review** ,1992 **Reception Histories** Steven Mailloux,1998 The author demonstrates how rhetorical hermeneutics uses rhetoric to practice theory by doing history He details what rhetorical hermeneutics means in terms of poststructuralist theory nineteenth century U S cultural studies and the contemporary history of curricular reform within the so called culture wars Post-modernism for Psychotherapists Del Loewenthal,Robert Snell,2003 This volume is a primer which takes the reader through the ideas of the most important post modern thinkers giving a clear summary of the essential points of their ideas and how they relate to current and future psychotherapy theory and practice Longing to Know Esther L. Meek,Esther Lightcap Meek,2003-07 How can we know

God This entertaining and approachable guide is for all those struggling with issues of truth certainty and doubt **Liberal Democracy as the End of History** Christopher Hughes,2011-10-07 Francis Fukuyama claims that liberal democracy is the end of history This book provides a theoretical re examination of this claim through postmodernist ideas The book argues that postmodern ideas provide a valuable critique to Fukuyama s thesis and poses the questions can we talk about a universal and teleological history a universal human nature or an autonomous individual It addresses whether postmodern theories concerning the movement of time what it means to be human and what it means to be an individual subject can be accommodated within a theory of a history that ends in liberal democracy The author argues that incorporating elements of postmodern thought into Fukuyama s theory makes it possible to produce a stronger and more compelling account of the theory that liberal democracy is the end of history The result of this is to underpin Fukuyama s theory with a more complex understanding of the movement of time the human and the individual and to show that postmodern concepts can paradoxically be used to strengthen Fukuyama s theory that the end of history is liberal democracy The book will be of

interest to students and scholars of political theory postmodernism and the work of Francis Fukuyama Thinking About Law Richard Johnstone, Richard Ingleby, 2020-07-23 There is more to law than rules robes and precedents Rather law is an integral part of social practices and policies as diverse and complex as society itself Thinking About Law offers a comprehensive introduction to the ways in which law has been presented and represented It explores historical sociological economic and philosophical perspectives on the major legal and political debates in Australia today The contributors examine the position of Aborigines in the Australian legal system and the impact of the Mabo case divisions of power in Australian society and law the question of objectivity in law the relationship between legislation and social change judicial decision making and other issues Accessibly written Thinking About Law is essential reading for students and anyone interested in understanding our legal system **Choice** ,1998 □□□□□□ ,2005 The Oxford Dictionary of Philosophy Simon Blackburn, 2016 This dictionary is recognized as the best dictionary of its kind Comprehensive and authoritative it includes over 3 300 alphabetical entries and is the ideal introduction to philosophy for anyone with an interest in the subject
