which will be defined and explained in this paper Moreover adverts will be presented in order to show how semiotic analysis can reveal the workings of lifestyle advertisements With the aim of illustrating how this will work three lifestyle adverts from the destination Australia were selected and analyzed by using semiotic terms and explanations Nevertheless the paper is also focusing on demonstrating how the emergence of lifestyle advertising is a reflection of cultural changes in the postmodern age Those cultural changes will be illustrated and a connection between postmodernism and tourism will be drawn However this paper starts with explaining postmodernism from different points of views of scholars and authors such as Featherstone Lyotard or Singh who defined and explained the term postmodernism in their way of experience and understanding
