Lewis and Christian Postmodernism** Kyoko Yuasa,2017-05-25 Employing a postmodernist literary approach Kyoko Yuasa identifies C S Lewis both as an antimodernist and as a Christian postmodernist who tells the story of the Gospel to twentieth and twenty first century readers Lewis is popularly known as anable Christian apologist talented at explaining Christian beliefs in simple logical terms His fictional works on the other hand feature expressions that erect ambiguous borders between non fiction and fiction an approach similar to those typical in postmodernist literature While postmodernist literature is full of micronarratives that deconstruct the Great Story Lewis s fictional world shows the reverse in his world micronarratives express the Story that transcends human understanding Lewis s approach reflects both his opposition to modernist philosophy which embraces solidified interpretation and his criticism of modernised Christianity Here Yuasa brings to the fore Lewis s focus on the history of interpretation and seeks a new model   The Oxford English Literary History: Volume 12: The Last of England? Postmodernism Jan Faye,2011-11-22 The philosophy of the humanistic sciences has been a blind spot in analytic philosophy This book argues that by adopting an appropriate pragmatic analysis of explanation and interpretation it is possible to show that scientific practice of humanistic sciences can be understood on similar lines to scientific practice of natural and social sciences *Postmodernism and the Enlightenment* Daniel Gordon,2014-01-14 Why is postmodernist discourse so biased against the Enlightenment Indeed postmodern theory challenges the validity of the rational basis of modern historical scholarship and the Enlightenment itself Rather than avoiding this conflict the contributors to this vibrant collection return to the philosophical roots of the Enlightenment and do not hesitate to look at them through a postmodernist lens engaging issues like anti Semitism Utopianism colonial legal codes and ideas of authorship Dismissing the notion that the two camps are ideologically opposed and thus incompatible these essays demonstrate an exciting new scholarship that confidently mixes the empiricism of Enlightenment thought with a strong postmodernist skepticism painting a subtler and richer historical canvas *Biblical Hermeneutics in the Metamodern Mood* Seán M. W. McGuire,2024-07-23 Why do contemporary Christians seem to routinely talk past one another amid contentious theological debates In this illuminating study Sean M W McGuire argues that interpreters lack of self critical reflection on the process of interpretation and compounding cultural factors are problematizing interpretive practice Thus to work through difficult topics Christians need to develop the ability to reflect on the complexity informing how they interpret Scripture and how they see others interpreting Scripture so that they can coherently and constructively discuss their interpretations with others Grounding the study in the discipline of practical theology McGuire utilizes the cultural theory of metamodernism and the hermeneutics of Hans Georg Gadamer 1900 2002 together with a proposed revision of the Wesleyan Quadrilateral to develop a paradigm for observing and describing differences in biblical interpretive practice Using current debates regarding sexuality as an illustrative example the project reveals the complexity underlying contemporary interpretive practice showing that amid this complexity the prioritization or lack thereof of theological reflection sources prompts certain interpretive conclusions Perceiving the multivalent nature of interpretation readers will be equipped to think carefully and critically about how they come to their biblical interpretive conclusions and how those conclusions inform transformed living in Christ **The Winchester Guide to Keywords and Concepts for International Students in Art, Media and Design** Annie Makhoul,Simon Morley,2014-09-15 This welcome new resource for international students in art design and media provides clear explanations of the terminology they must master in order to fulfill their academic potential and enrich their professional careers Offers a much requested new resource that fills a gap in the academic market Tailored specifically to the needs of international students in art design and media Color coded key words and phrases for quick reference Includes sections on study skills academic expectations in Western institutions methodologies and important theorists An ideal handbook for curators and gallery staff everywhere for whom English is a non native language **The Postmodern Humanism of Philip K. Dick** Jason P. Vest,2009-02-17 From

his 1952 short story Roog to the novels The Divine Invasion and VALIS few authors have had as great of an impact in the latter half of the 20th century as Philip K Dick In The Postmodern Humanism of Philip K Dick Jason Vest explores the work of this prolific subversive and mordantly funny science fiction writer He examines how Dick adapted the conventions of science fiction and postmodernism to reflect humanist concerns about the difficulties of maintaining identity agency and autonomy in the latter half of the 20th century In addition to an extensive analysis of the novel Now Wait for Last Year Vest makes intellectually provocative comparisons between Dick and the works of Franz Kafka Jorge Luis Borges and Italo Calvino He offers a detailed examination of Dick s literary relationship to all three authors illuminating similarities between Dick and Kafka that have not previously been discussed as well as similarities between Dick and Borges that scholars frequently note but fail to explore in detail Like Kafka Borges and Calvino Dick employs fantastic unreal and visionary fiction to reflect the disruptions dislocations and depressing realities of twentieth century life By comparing him to these other writers Vest demonstrates that Dick s fiction is a fascinating barometer of postmodern American life even as it participates in an international tradition of visionary literature **Faulkner and Postmodernism** John N. Duvall,Ann J. Abadie,2002 Where William Faulkner s fiction stands in relation to that of Ellison Pynchon Nabokov and other postmodern greats
