(Routledge Revivals) Stjepan Mestrovic, 2010-11 First Published in 1991 this book attempts to show the relevance of Durkheim's sociology to the debate on modernity and postmodernism It does so by examining how Durkheim's ideas can be applied to current social issues The author argues that there are striking parallels between the social context of the 1890s when Durkheim began to publish in book form and today The book will appeal to the readers of sociology as well as the related disciplines of philosophy psychology cultural studies and history It is also intended for anyone interested in the issues and questions that were being raised as humanity approached the end of the twentieth century and the end of the millennium

Cultural Politics at the Fin de Siècle Sally Ledger, Scott McCracken, 1995-02-02 Cultural Politics at the Fin de Siècle scrutinises ways in which current conflicts of race class and gender have their origins in the cultural politics of the last fin de siècle whose influence stretched from the 1890s when economic depression signalled the end of Britain's role as the workshop of the world to 1914 when world war accelerated imperial decline This collaborative venture by new and established scholars includes discussion of the New Woman the reconstruction of masculinities and of feminism and empire The imperialist theme is pursued in essays on Yeats and Ireland Gilbert and Sullivan and the figure of the vampire The rise of socialism and psychoanalysis and the relationship between nascent modernism and late twentieth century postmodernism are also addressed in this radical account **The Coming Fin De Siècle** Stjepan Mestrovic, 2010-11-01 First Published in 1991 this book attempts to show the relevance of Durkheim's sociology to the debate on modernity and postmodernism It does so by examining how Durkheim's ideas can be applied to current social issues The author argues that there are striking parallels between the social context of the 1890s when Durkheim began to publish in book form and today The book will appeal to the readers of sociology as well as the related disciplines of philosophy psychology cultural studies and history It is also intended for anyone interested in the issues and questions that were being raised as humanity approached the end of the twentieth century and the end of the millennium Fin-de-Siècle Fictions, 1890s-1990s A. Mousoutzanis, 2014-05-27 Fin de Siècle Fictions 1890s 1990s focuses on fin de siècle British and postmodern American fictions of apocalypse and investigates the ways in which these narratives demonstrate shifts in the relations among modern discourses of power and knowledge

Durkheim and Postmodern Culture Stjepan Mestrovic, 2017-09-29 The present work is an elaboration of the author's previous efforts in *Emile Durkheim and the Reformation of Sociology* 1988 and *The Coming Fin de Siècle* 1991 to demonstrate Durkheim's neglected relevance to the postmodern discourse. The aims include finding affinities between our fin de siècle and Durkheim's fin de siècle and connecting the contemporary themes of rebellion against Enlightenment narratives found in postmodern culture with similar concerns found in Durkheim's sociology as well as in his fin de siècle culture contributing to Durkheimian scholarship as well as to the postmodern discourse. The distinctive aspects of the present study flow from the focus on culture communication and the feminine voice in culture. Durkheim is approached as a fin de siècle student of culture and his insights applied to our fin de siècle culture. Furthermore, because Durkheim claimed that culture is comprised primarily of collective representations, he was a forerunner of the current postmodern concerns with communication. Because Durkheim shall be read in the context of his fin de siècle, this book shall lead to the conclusion that Durkheim was a kind of psychoanalyst such that society is the patient, culture comprises the symptoms, and the sociologist must decipher, decode, and even deconstruct collective representations. Yet the Durkheimian deconstruction proposed here is unlike the postmodern deconstructions which criticize and tear apart a text without substituting a better meaning or interpretation. Postmodern discourse has made respectable again the synthesis of multidisciplinary insights that was fashionable in Durkheim's fin de siècle. In following this postmodern strategy, this book is more than a book about Durkheim. It is also a book about his contemporaries among them Carl Gustav Jung, Thorstein Veblen, Henry Adams, Georg Simmel, and Max Weber. The author does not follow the postmodern strategy completely because he

Modernism, Romance and the Fin de Siècle Nicholas Daly, 2000-02-10 In *Modernism, Romance and the Fin de Siècle* Nicholas Daly explores the popular fiction of the romance revival of the late Victorian and Edwardian years, focusing on the work of such authors as Bram Stoker, H. Rider Haggard, and Arthur Conan Doyle. Rather than treating these stories as Victorian Gothic, Daly locates them as part of a popular modernism. Drawing on work in cultural studies, this book argues that the vampires, mummies, and treasure hunts of these adventure narratives provided a form of narrative theory of cultural change at a time when Britain was trying to accommodate the new imperialism, the rise of professionalism, and the expansion of consumerist culture. Daly's wide-ranging study argues that the presence of a genre such as romance within modernism should force a questioning of the usual distinction between high and popular culture.

Gothic-postmodernism Maria Beville, 2009 Being the first to outline the literary genre Gothic postmodernism, this book articulates the psychological and philosophical implications of terror in postmodernist literature analogous to the terror of the Gothic novel, uncovering the significance of postmodern recurrences of the Gothic and identifying new historical and philosophical aspects of the genre. While many critics propose that the Gothic has been exhausted and that its significance is depleted by consumer society's

obsession with instantaneous horror analyses of a number of terror based postmodernist novels here suggest that the Gothic is still very much animated in Gothic postmodernism These analyses observe the spectral characters doppelgangers hellish waste lands and the demonised or possessed that inhabit texts such as Paul Auster's City of Glass Salman Rushdie's The Satanic Verses and Bret Easton Ellis's Lunar Park However it is the deeper issue of the lingering emotion of terror as it relates to loss of reality and self and to death that is central to the study a notion of terror formulated from the theories of continental philosophers and contemporary cultural theorists With a firm emphasis on the sublime and the unrepresentable as fundamental to this experience of terror vital to the Gothic genre and central to the postmodern experience this study offers an insightful and concise definition of Gothic postmodernism It firmly argues that terror with all that it involves remains a connecting and potent link between the Gothic and postmodernism two modes of literature that together offer a unique voicing of the unspeakable terrors of postmodernity The Shaping of Western Civilization Michael

Kramer,2016-08-11 Kramer was one of the most visionary musical thinkers of the second half of the 20th century In his *The Time of Music* he approached the idea of the many different ways that time itself is articulated musically This book has become influential among composers theorists and aestheticians Now in his almost completed text written before his untimely death in 2004 he examines the concept of postmodernism in music Kramer created a series of markers by which we can identify postmodern works He suggests that

the postmodern project actually creates a radically different relationship between the composer and listener. Written with wit and precision and at times playfully subverting traditional tropes to make a very serious point about this difference, Postmodern Music Postmodern Listening leads us to a strongly grounded intellectual basis for stylistic description and an intuitive sensibility of what postmodernism in music entails. Postmodern Music Postmodern Listening is an examination of how musical postmodernism is not just a style or movement but a fundamental shift in the relationship between composer and listener. The result is a multifaceted and provocative look at a critical turning point in music history, one whose implications we are only just beginning to understand.

Postmodernism & a Sociology... (c) , In the fifth volume in the Studies in American Sociology Series, Stanford M. Lyman offers commentaries on and critiques of postmodernism, poststructuralism, and deconstruction, posing questions concerning theoretical and epistemological problems arising from what appears to be a *nouvelle vague*. Postmodernism, poststructuralism, and deconstructionism are interrelated aspects of the newest theoretical development in sociology and the social sciences. This new wave of thought challenges virtually all paradigms currently in use. In this, his fifth volume in the Studies in American Sociology Series, Stanford M. Lyman offers commentaries on and critiques of this new perspective, posing questions concerning theoretical and epistemological problems arising from what appears to be a *nouvelle vague*. Among the basic themes and issues explored are the allegation that modernity has defaulted on the promise of the Enlightenment, the question of whether the rational basis for knowledge and action is still valid, the controversy over the place of metanarratives and macrosociological outlooks, and newer concerns over race, gender, sexual preferences, the self, and the Other. Professor Lyman provides empirically based and historically specific analyses of the relation of the race question to the problem of otherness and to the legal construction of racial identity in American court proceedings. Focusing on the issues of citizenship affecting European, Middle Eastern, and Asian immigrants, African Americans, and the special cases of the Chinese and Native Americans, he relates major public problems to the modern as well as the postmodern perspectives on justice. The debate over assimilation and multiculturalism, the dynamics of gender-specific emotions as expressed in six decades of Hollywood films, and the postmodern approach to deviance are each examined. He also offers proposals for a social science attuned to but critical of postmodernism and poststructuralism. Such a sociology might offer a perspective that treats the drama of social relations in the routine as well as the remarkable aspects of everyday life. Professor Lyman provides not only a new understanding of postmodernism but also a program of how to proceed with respect to its challenges.
