Postscript with a Chinese Accent Cyrus Leo Sulzberger,1974 *Postscript with a Chinese Accent* Cyrus Leo Sulzberger,1974 China During the Cultural Revolution, 1966-1976 Tony H. Chang,1999-01-30 One of the most tumultuous periods in modern Chinese history the Cultural Revolution affected virtually all Chinese people and all aspects of Chinese life including art music and drama education factory management economic planning and medical care Studies of the Cultural Revolution in both Chinese and Western languages have burgeoned over the past three decades This comprehensive easy to use bibliography provides a guide to published English language sources on the Cultural Revolution With over a thousand entries it includes books monographs dissertations and audio visual materials on a broad range of topics from the military education religion and economics to foreign relations population art literature and drama Including titles published through the end of 1997 and a few in 1998 the book provides a general overview of the literature on the Chinese Cultural Revolution and its impact on China Its scope and coverage make it a useful resource for any library whose readers have an interest in modern Chinese history The Greek Connection James H. Barron,2020-07-28 Spanning from WWII to the Cold War and beyond this is the magnificent triumphant biography of the investigative journalist resistance fighter and whistle blower who helped expose the Watergate scandal Doris Kearns Goodwin author of *Leadership* He was one of the most fascinating figures in 20th century political history Yet today Elias Demetracopoulos is strangely overlooked even though his life reads like an epic adventure story As a precocious twelve year old in occupied Athens he engaged in heroic resistance efforts against the Nazis for which he was imprisoned and tortured After his life was miraculously spared he became an investigative journalist covering Greece s tumultuous politics and America s increasing influence in the region A clever and scoop hungry reporter Elias soon gained access to powerful figures in both governments and attracted many enemies When the Greek military dictatorship took power in 1967 he narrowly escaped to Washington DC where he would lead the fight to restore democracy in his homeland while running afoul of the American government too Now after a decade of research and original reporting James H Barron uncovers the story of a man whose tireless pursuit of uncomfortable truths would put him at odds with not only his own government but that of the Truman Eisenhower Kennedy Johnson Nixon Ford Carter and Reagan administrations making him a target of CIA FBI and State Department surveillance and harassment and Greek kidnapping and assassination plots American authorities may have purposefully overlooked A stunning feat of biographic storytelling sweeping from World War II to the Cold War Watergate and beyond *The Greek Connection* is about a lifetime of standing up for democracy and a free press against powerful special interests It has much to teach us about our own era s abuses of power dark money journalist intimidation and foreign interference in elections **Proceedings of the Conference on War and Diplomacy, 1976** David H.
