Postsoeharto Indonesia Renewal Or Chaos:

Post-Soeharto Indonesia G. Forrester, 2024-09-16 Indonesia's economy has been ravaged by the Asian economic crisis. Its leader for 32 years, President Soeharto, was forced from office in May 1998 amidst rioting and student demonstrations. This book examines the political and economic trends which are shaping Indonesia's future. The contributors are leading politicians, business people, academics, and international journalists with an intimate knowledge of Indonesia. Co-published with ISEAS.

Anti-Chinese Violence in Indonesia, 1996-1999 Jemma Purdey, 2021-11-22 Indonesians of Chinese descent constitute only two to three per cent of the country's population but dominate the private business sector. Serious acts of violence against this ethnic minority occurred during Indonesia's colonial past and after a period relatively free of such incidents became increasingly frequent during the final years of Suharto's New Order. In this first book-length study of anti-Chinese hostility during the collapse of Suharto's regime, Jemma Purdey presents a close analysis of the main incidents of violence during the transitional period between 1996 and 1999 and the unprecedented process of national reflection that ensued. The mass violence that accompanied the fall of the regime in May 1998 affected not only ethnic Chinese but also indigenous or pribumi Indonesians. The author places anti-Chinese riots within this broader context, considering causes and agency as well as the way violence has been represented. While ethnicity and prejudice are central to the explanation put forward, she concludes that politics, economics, and religion offer additional keys to understanding why such outbreaks occurred.

Women in Indonesia Kathryn May Robinson, Sharon Bessell, 2002 Women in Indonesia: gender equity and development.

The Jokowi Presidency: Indonesia's Decade of Authoritarian Revival Sana Jaffrey, Eve Warburton, 2025-07-18 The rise of Joko Widodo (Jokowi) to the presidency in 2014 marked an optimistic turn in Indonesia. At a time when politics were dominated by oligarchs, New Order era holdovers, and corrupt politicians, Jokowi's populist style and humble origins embodied the change that many Indonesians desired. He promised the public a cleaner style of government and fast-paced development, and his progressive allies believed he would protect Indonesia's young democratic institutions. Yet when Jokowi stepped down from office a decade later, he left behind a fragile economy and a hollow democracy. This volume examines Jokowi's political evolution and the mark he left on Indonesia. It casts Jokowi's decade in office as one of authoritarian revival that saw the return of statist developmentalism in the economic sphere and the resurrection of New Order era tactics of co-optation and repression in the political sphere. The volume brings together experts from a wide range of fields, including foreign policy, security, economics, politics, law, and human rights. In different ways, all contributors view Jokowi as a disruptive president whose ambitious developmental agenda came at a high cost for Indonesia's democracy.

The Indonesian Parliament and Democratization Patrick Ziegenhain, 2008 Analyses the Indonesian parliament's contribution towards the process of democratization. Contributes not only to research on the Indonesian democratization process but also to comparative research on parliaments in transition processes in general.

Gender Equality and Diversity in Indonesia: Identifying Progress and Challenges Angie Bexley, Sarah Xue Dong, Diah Hadi Setyonaluri, 2023-11-29 Over the past 20 years gender relations and the expression of power and authority between men and women in Indonesia have been shaped by the forces of reformasi decentralisation a reassertion of central power and economic transitions These changes have given rise to policy reform an increase in women's political representation and new expressions of diverse gender identities But to what extent has the gender order of the New Order where women's role as a mother was the basis of citizenship been challenged or just found new articulations What shape do contemporary contestations to gendered power take The chapters in this volume bring gender to the centre stage and provide reflections on the political economic social and cultural progress and barriers in achieving gender equality and diversity in Indonesia

Political Business in East Asia Edmund Gomez, 2003-09-02 The relationship between government and business has become a central issue in East Asia since the financial crisis of 1997 As the Asian economies try to advance the reform process recent scandals involving corruption and cronyism have demonstrated the ongoing significance of the issue This edited book features a range of distinguished international specialists and explores the interaction between politics and business across the region Detailed case studies focus on Japan China South Korea Malaysia Thailand Singapore and Indonesia This is the first comprehensive introduction to government business relations in the region and makes a significant contribution to our understanding of the problems faced by the Asian economies

Autonomy and Disintegration in Indonesia Harry

Aveling, Damien Kingsbury, 2014-05-22 Fragmentation in Indonesia is by far the most critical issue now facing the state This book analyses social unrest autonomy and separatism in the wake of the Indonesian economic crisis placing them in the context of state evolution and looking at the competing aims of economic and political globalization with local agendas Topics covered include Indonesian nationalism in historical perspective identity and the nation state NGO activism and case studies from Aceh Papua East Timor and Sumatra Regional Dynamics in a Decentralized Indonesia Hal Hill, 2014-11-07 Indonesia is the world's largest archipelagic state In 2001 it embarked on a big bang decentralization involving a major transfer of administrative political and financial authority to its districts now numbering more than 500 Together with the rapid transition from authoritarian to democratic rule in the late 1990s this initiative has transformed the country's political social and business life While national government is the major area of contestation power has shifted irreversibly away from the centre How this significantly increased regional autonomy works will have a crucial bearing on the future of the Indonesian nation state This volume features contributions by over 40 writers with deep expertise on Indonesia The book provides a timely comprehensive and analytical assessment of the country's regional development dynamics in the post decentralization environment It explores historical political and development patterns at the regional level the relationship between decentralization and governance local level perspectives migration cities and connectivity and the challenges confronting the peripheral regions of Aceh and Papua **Managing Politics and Islam in Indonesia** Donald J. Porter, 2013-08-21 First published in 2004 This text examines the politics of Islam and the state of Indonesia over recent decades during which time there has been a notable resurgence of Islamic political movements It argues that after the state had consistently worked to restrict and exclude political Islam from power in the late 1980s and 1990s there was a change whereby Suharto courted the support and began to incorporate Muslim interests within the political system *Land and Development in Indonesia* John F McCarthy, 2017-03-09 Indonesia was founded on the ideal of the Sovereignty of the People which suggests the pre eminence of people's rights to access use and control land to support their livelihoods Yet many questions remain unresolved How can the state ensure access to land for agriculture and housing while also supporting land acquisition for investment in industry and infrastructure What is to be done about indigenous rights Do registration and titling provide solutions Is the land reform agenda legislated but never implemented still relevant How should the land questions affecting Indonesia's disappearing forests be resolved The contributors to this volume assess progress on these issues through case studies from across the archipelago from large scale land acquisitions in Papua to asset ownership in the villages of Sulawesi and Java to tenure conflicts associated with the oil palm and mining booms in Kalimantan Sulawesi and Sumatra What are the prospects for the people's sovereignty in regard to land Indonesia Betrayed Elizabeth Fuller Collins, 2007-07-31 Supporters of neoliberalism claim that free markets lead to economic growth the creation of a middle class and the establishment of democratically accountable governments Critics point to a widening gap between rich and poor as countries compete to win

foreign investment and to the effects on the poor of neoliberal programs that restrict funding for health education and welfare This book offers a ground level view from Sumatra of the realities behind these debates during the final years of Suharto s New Order and the beginning of a transition to more democratic government The author s wealth of primary data from ten years of interviews and local newspaper reportage 1994 2004 shows how farmers and laborers were dispossessed by both government policies and crony capitalism Elizabeth Collins relates the stories of populist efforts in South Sumatra to combat development policies responsible for producing extreme poverty and allowing corruption to flourish She describes how student led NGOs worked with farmers fighting to retain their livelihoods in the lowland forests of South Sumatra She reports on a local branch of the Indonesian Environmental Forum as it battled multinational companies and Indonesian conglomerates responsible for damage to the environment on contract workers protesting exploitation by a company with ties to a Suharto crony and on systemic corruption under the New Order which spread throughout all levels of government and into civil society organizations She examines the sometimes strained relationships between Islamists and human rights activists arguing that there is no inherent contradiction between Islam and democratic politics Collins concludes that for real change to occur neoliberal capitalism must be recognized as a utopian ideology democracy imperfect as it is offers the best hope for sustainable development in Indonesia

Political Reform in Indonesia After Soeharto Harold A. Crouch, 2010 Three decades of authoritarian rule in Indonesia came to a sudden end in 1998 The collapse of the Soeharto regime was accompanied by massive economic decline widespread rioting communal conflict and fears that the nation was approaching the brink of disintegration Although the fall of Soeharto opened the way towards democratization conditions were by no means propitious for political reform This book asks how political reform could proceed despite such unpromising circumstances It examines electoral and constitutional reform the decentralization of a highly centralized regime the gradual but incomplete withdrawal of the military from its deep political involvement the launching of an anti corruption campaign and the achievement of peace in two provinces that had been devastated by communal violence and regional rebellion

"Public Religion" and the Pancasila-based State of Indonesia Benyamin Fleming Intan, 2006 Public Religion and the Pancasila Based State of Indonesia An Ethical and Sociological Analysis analyzes the public role of religion in Indonesian society from the pre independence period to the end of Suharto s New Order government It offers constructive suggestions regarding how Indonesian religion can play a significant role within the framework of Pancasila Indonesia s national ideology Based on a Christian Muslim dialogue it is only within the realm of civil society that Indonesian religion will be able to promote the ideas of democracy tolerance and human rights in Indonesian public affairs In short far from being anti pluralist Indonesian religion evolves as a liberating force in the life of society nation and state *(Un) Civil Society and Political Change in Indonesia* Verena Beittinger-Lee, 2013-01-11 Un Civil Society and Political Change in Indonesia provides critical analysis of Indonesia s civil society and its impact on the country s democratization efforts that does not only take the
