Postsoviettype Economies In Transition

John Pearce Hardt, Richard F. Kaufman

Postsoviettype Economies In Transition:

Post-Soviet-type Economies in Transition Jan Winiecki, 1993 Seven essays written 1990-92 present a relatively coherent account of the ongoing transition from planned to market economies in the former Soviet Union Rather than trying to adapt abstract theory to a situation few if any economists ever expected draws on an accumulated knowledge of Soviet economics and politics A narrative rather than mathematical treatment accessible to nonspecialists No index Acidic paper Distributed in the US by Ashgate Annotation copyright by Book News Inc Portland OR

The Macroeconomics of Transition Andrzej Kondratowicz, Jan Winiecki, 2005-08-18 How successful has the transition to market economies proved in East Central Europe The decision by the East European countries to move to market economies was accompanied by much hypothesising and expounding of economic theories However now that the initial euphoria has passed it is time for a rational assessment of this transition and the success of those theories in practice Since the more economically advanced countries are situated in East Central Europe Jan Winiecki and Andrzej Kondratowicz have focused their study on Czechoslovakia Hungary Poland and former Yugoslavia The authors present a systematic account of macroeconomic developments and institutional changes They assess progress dealing with the determinants of output macro policies wage price and employment issues and the external balance

East-Central European Economies in Transition, 1994 Distributed to some depository libraries in microfiche

East-Central European Economies in Transition John Pearce Hardt, Richard F. Kaufman, 1995 A collection of papers assessing what has been accomplished and the obstacles that remain in the transition from communism to capitalism in East Central Europe The papers are arranged within four sections the transition to market economies and political pluralism Western assistance and integration regional relations and country studies Each section begins with an overview This assessment was initiated by a formal request from the Joint Economic Committee of the US Congress to the Congressional Research Service Some of the papers were discussed in May 1994 at a conference in Washington DC A compilation of statistical material prepared for the conference is included as an appendix Annotation copyright by Book News Inc Portland OR

Economic Dynamics in Transitional Economies Bruno Sergi, 2020-07-24 Learn more about the transitional economies of Central and Eastern Europe This book examines the economic dynamics of Central and Eastern European post Communist countries It illuminates the paths these countries are taking toward restructuring their markets increasing international trade and bettering their connections with the European Union and other countries Beginning with a comparative analysis of the three P governments Pigouvian Partizan and Paternalistic and continuing with a discussion of the interrelated political and economic difficulties of transition author Bruno Sergi proposes a surprising solution Inspired by the Bruxelles consensus he proposes that the European Commission should become a fourth P government replacing the role formerly played by the Washington consensus in the restructuring of post Communist economies Economic Dynamics in Transitional Economies also explores regional comparative macroeconomics the aftereffects of the Washington Consensus integration of Eastern and

Western European economies interrelations between national and regional monetary activity political and economic policy reform involvement of European Union member countries We are living in historic times and Economic Dynamics in Transitional Economies will be a welcome guide to the rough roads ahead This thorough assessment of current political and economic realities will stimulate debate about new European paradigms the role of the European Union and the difficulties of post Communist transition These issues promise to be vital to the region s success in the new century

Transitional Economies Y. Kalyuzhnova, M. Taylor, 2001-07-19 The integration of the countries of Central and Eastern Europe and the Commonwealth of Independent States international financial system was arguably one of the most profound changes experienced by the world economy in the 1990s This book examines these countries in reforming their financial systems in the first decade of transition Through case studies as well as more thematic approaches contributors deal with crucial elements of building a market based financial system the transformation of the banking sector and non bank reform and regulation of financial markets They emphasise the importance of institution building to the process of financial sector transformation and highlight the lessons to be learned from transitional financial experiences

Political Economy of Reform and Change (Routledge Revivals) Jan Winiecki, 2013-04-03 First published in 1997 this collection of articles and essays analyses the political economy of reform and change in Eastern Europe during the years of Gorbachev s perestroika and the years immediately following the fall of the Berlin wall and the collapse of the Soviet Union Written by Polish economist Jan Winiecki between 1984 and 1996 this work explores the issue of the feasibility of reform and change during the period of decline and collapse of communist economic order and later the emergence of the capitalist economic order in the post communist Eastern Europe Split into three parts the work considers firstly the failures of Gorbachev s political economy of reform secondly the determining factors in the collapse of the Soviet system and finally the feasibility of the systematic change which began in the wake of its collapse

The Private Sector after Communism Vladimir Banacek, Mihaly Laki, Jan Winiecki, 2004-06-01 The transformation of state owned enterprises into privately owned ones is commonly referred to as privatization Just as important as this process though sometimes not given the attention it deserves and requires is the establishment and expansion of new private firms This book analyzes new entrepreneurial firms that emerge and occasionally flourish after a period of state communism has come to an end The authors rightly focus on the aftermath of the end of communism by looking first at the inevitable output decline followed by an overview of new entrepreneurial firms Specific East European examples are examined and the lessons which can be learned from these will interest academics and policy makers alike Committed and knowledgeable authors in this book treat the sometimes emotive issue of transition developing economies maturely and expertly The result is a volume which will interest scholars with an interest in transition economics and politics as well as those who actively work in transition economies

Stabilization and Structural Adjustment in Poland Henryk Kierzkowski, Marek Okólski, Stanislaw H. Wellisz, 2013-04-15 The Solidarity led government which came into

power in Poland in Autumn 1989 faced two enormous tasks First to stabilize an economy prone to hyperflation Second to replace a crumbling command system in favour of a market mechanism in a country whose market institutions had been destroyed under forty years of communist rule This book recounts the events of this period and the course taken by the new government and analyzes the significance of this for the transition process in Poland and elsewhere *The Politics of the New Europe* Ian Budge, Kenneth Newton, 2014-01-21 A pioneering textbook which explains the dynamics of politics across Europe in the post Cold war era Comparing democratisation transition to a market economy and increasing economic and political integration in the countries of central and eastern Europe with experiences in Scandinavia and southern and western Europe the book provides a wealth of information and analysis on the state of Europe at the end of a momentous century of European and World history IBSS: Economics: 1993 Vol 42 ,1994 This bibliography lists the most important works published in economics in 1993 Renowned for its international coverage and rigorous selection procedures the IBSS provides researchers and librarians with the most comprehensive and scholarly bibliographic service available in the social sciences The IBSS is compiled by the British Library of Political and Economic Science at the London School of Economics one of the world s leading social science institutions Published annually the IBSS is available in four subject areas anthropology economics political science and sociology *The Politics Of Regime Transitions* Ronald A Francisco, 2019-06-25 This volume evaluates political and economic reforms that occurred during the forty regime transitions It provides a historical overview and considers the collapse of the regime the early transition democratization and economic reform **Challenges for Russian Economic Reform** Alan Smith, 2010-12-01 The transition to a market economy proves to be far more difficult in Russia than in the former centrally planned economies of eastern Europe The Russian economy continues to face serious problems including substantial inflationary pressures falling output and capital flight The most positive aspect of the transition has been the relatively fast pace of privatization Challenges for Russian Economic Reform contains papers published by the post Soviet Business Forum at the Royal Institute of International Affairs that have been revised for this volume The contributors specialists in Russian economic affairs examine the principal economic and institutional factors that have hindered transformation in Russia The sheer size of the country has complicated the problem of exposing domestic producers to foreign competition and has weakened the ability of central authorities to control the regions Economic stabilization has been hampered by the difficulties in establishing sound economic relations with the former Soviet republics David Dyker and Michael Barrow analyze the problems of monopoly and competition policy in Russia Philip Hanson assesses the obstacles to economic stabilization posed by regional economic interests and examines regional diversity in reform implementation Michael Kaser examines the problems of privatization by regions and sectors in Russia and the CIS and the institutional obstacles encountered by foreign investors Alan Smith explores the problems created by the breakup of traditional trade and payment relations with the non Russian republics of the former Soviet Union and bilateral

trade links with Eastern Europe He also provides an overall assessment of Russian economic performance since the collapse of communism Post-communist Reform Olivier J. Blanchard,1993 Examines Russia and its alternative strategy towards stabilization The authors discuss the Russian privatization programme and they suggest how simple measures such as a payments union can be used to increase trade and output The text concludes with a look at restructuring in Poland **The Economics Of Coercion And Conflict** Mark Harrison,2014-10-17 The papers brought together in this volume represent a decade of advances in the historical political economy of defence dictatorship and warfare They address defining events and institutions of the world in the twentieth century economic consequences of repression and violence the outcomes of two world wars and the rise and fall of communism They cross traditional disciplinary boundaries combining a broad sweep with close attention to measurement and narrative detail offering insights into these issues from economics history political science and statistics and demonstrating in action the value of a multi disciplinary approach The author was one of the first economists to leverage the opening of former Soviet archives He has led international projects that reinvented the quantitative economics of the two world wars and contributed significantly to historical Soviet studies In 2012 he shared with Andrei Markevich the Russian National Prize for Applied Economics which was awarded in recognition of their research

The East European Economy in Context David Turnock,2003-09-02 Since 1989 the former communist countries of Eastern Europe have witnessed a profound and dramatic upheaval The economic coherence of this region formerly maintained through the adoption of the Soviet system of government has fractured In *The East European Economy in Context Communism and Transition* David Turnock examines the transition from communist to free market economies both within and between the states of Eastern Europe As well as containing an informative survey of the impact of communism *The East European Economy in Context* provides Political profiles of individual countries A clear study of the contrasts between northern and balkan groups Summaries of regional variations in the transition process An exploration of the new state structures and resources Discussion of political stability inter ethnic tensions and progress in economic change

Surviving Post-Socialism Sue Bridger,Frances Pine,2013-01-11 This book focuses on survival strategies developed at local levels in response to changing cultural political and economic structures in Eastern Europe and the former Soviet Union An interdisciplinary approach is adopted as the contributors engage with questions of gender ethnicity migration nationalism employment and labour patterns and changing family structures *The Socialist System* János Kornai,2021-04-13 To understand the dramatic collapse of the socialist order and the current turmoil in the formerly communist world this comprehensive work examines the most important common properties of all socialist societies JNBnos Kornai brings a life long study of the problems of the socialist system to his explanation of why inherent attributes of socialism inevitably produced in efficiency In his past work he has focused on the economic sphere maintaining consistently that the weak economic performance of socialist countries resulted from the system itself not from the personalities of top leaders or

mistakes made by leading organizations and planners This book synthesizes themes from his earlier investigations while broadening the discussion to include the role of the political power structure and of communist ideology Kornai distinguishes between two types or historical phases of socialism The classical socialism of Stalin Mao and their followers is totalitarian and brutally repressive but its components fit together and make up a coherent edifice Associated with names like Tito Khrushchev Deng Xiaoping and Gorbachev reform socialism relaxes repression but brings about a sharpening of inner contradictions and the eventual dissolution of the system Kornai examines the classical system in the first half of the book and moves on to explore the complex process of reform in the second half The Socialist System is addressed to economists in the first place but also to political scientists sociologists and historians In addition it will appeal to policymakers business analysts and government officials who need to understand either formerly or presently communist countries

Transforming Economic Systems: The Case of Poland Manfred Kremer, Marion Weber, 2013-04-17 This book deals with the transformation of the Polish centrally planned system to a western type market system Poland represents the most interesting case to study as it runs an unprecedentedly radical and fast course of reform The book provides insights in the theoretical foundations of the transformation of an economic system as well as a critical assessment of first experiences in Poland As the authors develop theoretical approaches as well as study the empirical situation the book offers valuable insights both to the reader who is rather theoretically interested and to a pragmatically orientated audience One of the main features of the book is the broad variety of the subjects chosen for analysis and of the respective approaches taken by the authors who mostly specialize in the fields they worked on for this book [International Bibliography of the Social Sciences](#) British Library of Political and Economic Science, 1992 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences
