Philosophy Annette Baier**

## **Postures Of The Mind Essays On Mind And Morals:**

Postures of the Mind Annette Baier, 1985-01-01      Postures of the Mind Annette Baier, Professor Emerita of Philosophy Annette Baier, 1985      The Proud Self Lorenzo Greco, 2025-05-30 This book presents a novel interpretation of Hume as a proponent of sentimental virtue ethics This interpretation sheds light on the nature of Hume's ethics as well as its relevance for contemporary debates in moral philosophy The book starts by developing an understanding of the self in Hume based on the passion of pride Contrary to the common view that Hume denies the unity of the self by diluting it into a bundle or collection of different perceptions the author argues that by focusing on pride it is possible to identify in Hume a firm notion of the self as having a sentimental nature that can be explained in narrative terms Pivoting on this narrative self he shows how it accounts for the Humean notion of the virtuous person by holding together in a harmonious whole several central issues in Hume's moral philosophy including sympathy the point of view from which we make moral judgements the practical nature of ethics and the role that reflection plays in it and the definition of perfect character Finally the author maintains that Humean virtue ethics so understood has the individual at its core representing a secular and pluralist alternative to neo Aristotelian versions discussed today The Proud Self will appeal to scholars and graduate students working on Hume 18th century philosophy virtue ethics and moral psychology      **Moral Action and Christian Ethics** Jean Porter, 1999-03-11 How do we determine whether an action is right or wrong Until recently philosophers assumed that this question could be answered by means of a theory of morality which set forth clearly established rules for moral behaviour More recently however a number of philosophers have challenged a theory of morality in this sense Porter is sympathetic to their criticisms but questions whether they go far enough in offering a positive alternative to a modern view of the moral act She argues that the work of Aquinas offers an alternative account of moral rationality in terms of which moral reasoning is understood as dialectical rather than deductive and questions are resolved in a wider context of ethical thought Aquinas's account of the moral virtues and prudence is seen to offer unexpected insights into the relationship between moral rules and the practice of the virtues thus contributing to our own moral reflection      Just Methods Alison M. Jaggar, 2015-11-17 The supplemented edition of this important reader includes a substantive new introduction by the author on the changing nature of feminist methodology It takes into account the implications of a major new study included for the first time in this book on poverty and gender in equality and it includes an article discussing the ways in which this study was conducted using the research methods put forward by the first edition This article begins by explaining why a new and better poverty metric is needed and why developing such a metric requires an alternative methodological approach inspired by feminism Feminist research is a growing tradition of inquiry that aims to produce knowledge not biased by inequitable assumptions about gender and related categories such as class race religion sexuality and nationality Just Methods is designed for upper level undergraduate and graduate students in a range of disciplines Rather than being concerned with particular techniques of inquiry the

interdisciplinary readings in this book address broad questions of research methodology They are designed to help researchers think critically and constructively about the epistemological and ethical implications of various approaches to research selection and research design evidence gathering techniques and publication of results A key theme running through the readings is the complex interrelationship between social power and inequality on the one hand and the production of knowledge on the other A second and related theme is the inseparability of research projects and methodologies from ethical and political values

**What Can She Know?** Lorraine Code, 2018-09-05 In this lively and accessible book Lorraine Code addresses one of the most controversial questions in contemporary theory of knowledge a question of fundamental concern for feminist theory as well Is the sex of the knower epistemologically significant Responding in the affirmative Code offers a radical alternative to mainstream philosophy's terms for what counts as knowledge and how it is to be evaluated Code first reviews the literature of established epistemologies and unmasks the prevailing assumption in Anglo American philosophy that the knower is a value free and ideologically neutral abstraction Approaching knowledge as a social construct produced and validated through critical dialogue she defines the knower in light of a conception of subjectivity based on a personal relational model Code maps out the relevance of the particular people involved in knowing their historical specificity the kinds of relationships they have the effects of social position and power on those relationships and the ways in which knowledge can change both knower and known In an exploration of the politics of knowledge that mainstream epistemologies sustain she examines such issues as the function of knowledge in shaping institutions and the unequal distribution of cognitive resources What Can She Know will raise the level of debate concerning epistemological issues among philosophers political and social scientists and anyone interested in feminist theory

**Moral Voices, Moral Selves** Susan J. Hekman, 2013-07-03 This book is an original discussion of key problems in moral theory The author argues that the work of recent feminist theorists in this area particularly that of Carol Gilligan marks a radically new departure in moral thinking Gilligan claims that there is not only one true moral voice but two one masculine one feminine Moral values and concerns associated with a feminine outlook are relational rather than autonomous they depend upon interaction with others In a far reaching examination and critique of Gilligan's theory Hekman seeks to deconstruct the major traditions of moral theory which have been dominant since the Enlightenment She challenges the centrepiece of that tradition the disembodied autonomous subject of modernist philosophy Gilligan's approach transforms moral theory from the study of abstract universal principles to the analysis of moral claims situated in the interactions of people in definite social contexts Hekman argues that Gilligan's approach entails a multiplicity of moral voices not just one or even two This book addresses moral problems in a challenging way and will find a wide readership among philosopher's feminist thinkers and psychologists

**Reload** Mary Flanagan, Austin Booth, 2002-05-03 An anthology of feminist cyberfiction and theoretical and critical writings on gender and technoculture Most writing on cyberculture is dominated by two almost mutually exclusive visions

the heroic image of the male outlaw hacker and the utopian myth of a gender free cyberworld Reload offers an alternative picture of cyberspace as a complex and contradictory place where there is oppression as well as liberation It shows how cyberpunk s revolutionary claims conceal its ultimate conservatism on matters of class gender and race The cyberfeminists writing here view cyberculture as a social experiment with an as yet unfulfilled potential to create new identities relationships and cultures The book brings together women s cyberfiction fiction that explores the relationship between people and virtual technologies and feminist theoretical and critical investigations of gender and technoculture From a variety of viewpoints the writers consider the effects of rapid and profound technological change on culture in particular both the revolutionary and reactionary effects of cyberculture on women s lives They also explore the feminist implications of the cyborg a human machine hybrid The writers challenge the conceptual and institutional rifts between high and low culture which are embedded in the texts and artifacts of cyberculture

*Illusions of Paradox* Richmond Campbell,1998 Modern epistemology has run into several paradoxes in its efforts to explain how knowledge acquisition can be both socially based and thus apparently context relative and still able to determine objective facts about the world In this important book Richmond Campbell attempts to dispel some of these paradoxes to show how they are ultimately just illusions of paradox by developing ideas central to two of the most promising currents in epistemology feminist epistemology and naturalized epistemology Campbell s aim is to construct a coherent theory of knowing that is feminist and naturalized *Illusions of Paradox* will be valuable for students and scholars of epistemology and women s studies

**Philosophical Discussion in Moral Education** Tim Sprod,2003-10-04 In recent years there has been an increase in the number of calls for moral education to receive greater public attention In our pluralist society however it is difficult to find agreement on what exactly moral education requires *Philosophical Discussion in Moral Education* develops a detailed philosophical defence of the claim that teachers should engage students in ethical discussions to promote moral competence and strengthen moral character Paying particular attention to the teacher s role this book highlights the justification for and methods of creating a classroom community of ethical inquiry

*Moral Status* Mary Anne Warren,1997-11-13 Mary Anne Warren explores a theoretical question which lies at the heart of practical ethics what are the criteria for having moral status In other words what are the criteria for being an entity towards which people have moral obligations Some philosophers maintain that there is one intrinsic property for instance life sentience humanity or moral agency Others believe that relational properties such as belonging to a human community are more important In Part I of the book Warren argues that no single property can serve as the sole criterion for moral status instead life sentience moral agency and social and biotic relationships are all relevant each in a different way She presents seven basic principles each focusing on a property that can in combination with others legitimately affect an agent s moral obligations towards entities of a given type In Part II these principles are applied in an examination of three controversial ethical issues voluntary euthanasia abortion

*Thinking in Moral Terms* Sigrún

Svavarsdóttir, 2001 This work examines the nature of moral judgements In the course of developing an account of moral judgements the author discusses issues such as moral motivation the nature of desire the justification of commitments the relation between morality and rationality the difference between moral and scientific inquiry and the nature of properties of concepts and of normativity The author argues non cognitivists who construe moral judgements as mere expressions of sentiments that moral thought employs concepts which figure into the content of both cognitive and conative states of mind She argues that this view is not a cause for any metaphysical worries about moral properties and rejects the idea that the difference in the distinctive action guiding role of moral judgements is to be understood in terms of the metaphysical nature of the facts which render them true She also rejects the widespread idea that the distinctive action guiding role of moral judgements amounts to their being intrinsically motivating and argues that moral judgements motivate in collaboration with a desire which employs moral concepts in representing the desired state of affairs Against some moral naturalists the author argues that it is not a condition on the acceptance of a moral theory that its concepts have some explanatory function and that this marks the crucial difference between the concepts unique to moral thought and those characteristic of scientific or proto scientific thought She suggests that this reflects a difference in the aims of moral and scientific inquiry Appreciation of the distinctive aim of moral practice is required for the mastery of moral concepts and this is why moral judgements are invariably understood as action guiding even if they are not in all cases motivating

**Morality and Moral Theory** Robert B. Louden, 1992-05-28 Contemporary philosophers have grown increasingly skeptical toward both morality and moral theory Some argue that moral theory is a radically misguided enterprise that does not illuminate moral practice while others simply deny the value of morality in human life In this important new book Louden responds to the arguments of both anti morality and anti theory skeptics In Part One he develops and defends an alternative conception of morality which he argues captures more of the central features of both Aristotelian and Kantian ethics than do other contemporary models and enables the central importance of morality to be convincingly reaffirmed In Louden's model morality is primarily a matter of what one does to oneself rather than what one does or does not do to others This model eliminates the gulf that many anti morality critics say exists between morality's demands and the personal point of view Louden further argues that morality's primary focus should be on agents and their lives rather than on right actions and that it is always better to be morally better i.e. it is impossible to be too moral Part Two presents Louden's alternative conception of moral theory Here again he draws on the work of Aristotle and Kant showing that their moral theories have far more in common than is usually thought and that those features that they share can be the basis for a viable moral theory that is immune to the standard anti theory objections Louden reaffirms the necessity and importance of moral theory in human life and shows that moral theories fulfill a variety of genuine and indispensable human needs

**Finite and Infinite Goods** Robert Merrihew Adams, 1999-07-29 The book proposes a framework for ethics that is organized around a transcendent Good and its relation to the many finite goods of our

experience Two main themes are the central role of the Good in ethics and the transcendence of the infinite Good which is identified with God

**Virtue Ethics** Daniel Statman, 2019-08-07 The central question in contemporary ethics is whether virtue can replace duty as the primary notion in ethical theory This is book focuses directly on this subject

**The Problem of Trust** Adam B. Seligman, 2021-06-08 The problem of trust in social relationships was central to the emergence of the modern form of civil society and much discussed by social and political philosophers of the early modern period Over the past few years in response to the profound changes associated with postmodernity trust has returned to the attention of political scientists sociologists economists and public policy analysts In this sequel to his widely admired book *The Idea of Civil Society* Adam Seligman analyzes trust as a fundamental issue of our present social relationships Setting his discussion in historical and intellectual context Seligman asks whether trust which many contemporary critics from Robert Putnam through Francis Fukuyama identify as essential in creating a cohesive society can continue to serve this vital role Seligman traverses a wide range of examples from the minutiae of everyday manners to central problems of political and economic life showing throughout how civility and trust are being displaced in contemporary life by new external system constraints inimical to the development of trust Disturbingly Seligman shows that trust is losing its unifying power precisely because the individual long assumed to be the ultimate repository of rights and values is being reduced to a sum of group identities and an abstract matrix of rules The irony for Seligman is that in becoming postmodern we seem to be moving backward to a premodern condition in which group sanctions rather than trust are the basis of group life

*Biographical Dictionary of Twentieth-Century Philosophers* Stuart Brown, Diane Collinson, Robert Wilkinson, 2012-09-10 This Biographical Dictionary provides detailed accounts of the lives works influence and reception of thinkers from all the major philosophical schools and traditions of the twentieth century This unique volume covers the lives and careers of thinkers from all areas of philosophy from analytic philosophy to Zen and from formal logic to aesthetics All the major figures of philosophy such as Nietzsche Wittgenstein and Russell are examined and analysed The scope of the work is not merely restricted to the major figures in western philosophy but also covers in depth a significant number of thinkers from the near and far east and from the non European Hispanic language communities The Biographical Dictionary also includes a number of general entries dealing with important schools of philosophy such as the Vienna Circle or currents of thought such as vitalism These allow the reader to set the individual biographies in the context of the philosophical history of the period With entries written by over 100 leading philosophy scholars the Biographical Dictionary is the most comprehensive survey of twentieth century thinkers to date

**Structure** The book is structured alphabetically by philosopher Each entry is identically structured for ease of access and covers nationality dates and places of birth and death philosophical style or school areas of interest higher education significant influences main appointments main publications secondary literature account of intellectual development and main ideas critical reception and impact At the end of the book a glossary gives accounts of the schools movements and

traditions to which these philosophers belonged and thorough indexes enable the reader to access the information in several ways by nationality by major areas of contribution to philosophy e g aesthetics by major influences on the thinker concerned e g Plato Kant Wittgenstein      *The Moral Psychology of Hate* Noell Birondo,2022-02-16 A 2022 Choice Reviews Outstanding Academic Title The Moral Psychology of Hate provides the first systematic introduction to the moral psychology of hate compiling specially commissioned essays by an international team of scholars with a wide range of disciplinary orientations In light of the recent revival of interest in emotions in academic philosophy and the current social and political interest in hate this volume provides arguments for and against the value of hate through a combination of empirical and philosophical methods The authors examine hate not merely as a destructive feeling but as an emotion of great moral significance that illuminates how we understand each other and ourselves The book will be of major interest to anyone concerned with the dynamics and the moral and political implications of this most powerful of human emotions      **The Bloomsbury**

**Encyclopedia of Philosophers in America** John R. Shook,2016-02-11 For scholars working on almost any aspect of American thought The Bloomsbury Encyclopedia to Philosophers in America presents an indispensable reference work Selecting over 700 figures from the Dictionary of Early American Philosophers and the Dictionary of Modern American Philosophers this condensed edition includes key contributors to philosophical thought From 1600 to the present day entries cover psychology pedagogy sociology anthropology education theology and political science before these disciplines came to be considered distinct from philosophy Clear and accessible each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading Featuring a new preface by the editor and a comprehensive introduction The Bloomsbury Encyclopedia to Philosophers in America includes 30 new entries on twenty first century thinkers including Martha Nussbaum and Patricia Churchland With in depth overviews of Waldo Emerson Margaret Fuller Noah Porter Frederick Rauch Benjamin Franklin Thomas Paine and Thomas Jefferson this is an invaluable one stop research volume to understanding leading figures in American thought and the development of American intellectual history      **Modern Moral Philosophy** Stephen Darwall,2023-06-15 In this magisterial study one of our leading moral philosophers refutes the charge originally made by Elizabeth Anscombe that modern ethics is incoherent because it essentially depends on theological and religious assumptions that it cannot acknowledge Stephen Darwall s panoramic picture starts with the seventeenth century thinker Grotius and tells the story continuously down to the time of Kant exploring what was in fact a completely new way of doing ethics based on secular ideas of human psychology and universal accountability He shows that thinkers from Grotius to Kant are profoundly united by this modern approach and that it helped them to create a theory of natural human rights that remains of great political relevance today He further shows that this new way of thinking provides conceptual resources that are far from exhausted and that moral philosophy in this idiom still has a vibrant future

## Reviewing **Postures Of The Mind Essays On Mind And Morals**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing. Within the pages of "**Postures Of The Mind Essays On Mind And Morals**," an enthralling opus penned by a highly acclaimed wordsmith, readers embark on an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.

### **Postures Of The Mind Essays On Mind And Morals Introduction**

Postures Of The Mind Essays On Mind And Morals Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Postures Of The Mind Essays On Mind And Morals Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Postures Of The Mind Essays On Mind And Morals : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Postures Of The Mind Essays On Mind And Morals : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Postures Of The Mind Essays On Mind And Morals Offers a diverse range of free eBooks across various genres. Postures Of The Mind Essays On Mind And Morals Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Postures Of The Mind Essays On Mind And Morals Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Postures Of The Mind Essays On Mind And Morals, especially related to Postures Of The Mind Essays On Mind And Morals, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Postures Of The Mind Essays On Mind And Morals, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Postures Of The Mind Essays On Mind And Morals books or magazines might include. Look for these in online stores or libraries. Remember that while Postures Of The Mind Essays On Mind And Morals, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Postures Of The Mind Essays On Mind And Morals eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Postures Of The Mind Essays

On Mind And Morals full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Postures Of The Mind Essays On Mind And Morals eBooks, including some popular titles.

### **FAQs About Postures Of The Mind Essays On Mind And Morals Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Postures Of The Mind Essays On Mind And Morals is one of the best book in our library for free trial. We provide copy of Postures Of The Mind Essays On Mind And Morals in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Postures Of The Mind Essays On Mind And Morals. Where to download Postures Of The Mind Essays On Mind And Morals online for free? Are you looking for Postures Of The Mind Essays On Mind And Morals PDF? This is definitely going to save you time and cash in something you should think about.
