

and demoralization may have cost as many as 11,000 Filipino lives and made the population susceptible to the cholera epidemic of 1902" thanks to General J. Franklin Bell's concentration camps, "his own grim contribution to the war" (p. 155). He concludes, with suspect evenhandedness, quoting May this time, "It was, on both sides, an ugly guerrilla war" (p. 160). This example indicates how a conscientious historian was, because of the focus or perspective chosen, unintentionally led to emphasize the totality of U.S. actions and the fundamental moderateness of the soldiers and their officers as they tried to end a war as quickly and humanely as possible. This is not Linn's fault—he is quite open about writing a book on U.S. military history—but it should be made explicit in any review of his otherwise useful contribution.

Linn has worked hard and well. I admire the quality of his regional emphasis. As a Philippine historian my concerns are different from his; he of course made no pretense to be writing Philippine history. His work is useful, but it reminds us that different perspectives lead to quite different sorts of history.

Postwar Vietnam: Dilemmas in Socialist Development. Edited by DAVID G. MARR and CHRISTINE P. WHITE. Ithaca: Cornell University, Southeast Asia Program, 1988. xii, 248 pp.

This collection, which treats an important and somewhat neglected theme, is the product of a conference held in Sussex, England, in 1985. It contains a number of useful studies. Chapters by David Marr and by Suzanne Rubin provide valuable insight into the state of the postwar educational system. Nguyen Huu Chau traces the history of the Vietnamese family-planning program, first inaugurated in 1963 but given serious attention only in recent years. Carlyle Thayer and William Turley provide penetrating analyses of the changing patterns of leadership within the party and the role of the military in contemporary Vietnamese society.

The bulk of the chapters, however, focus on the economic situation. This is perhaps inevitable, given the virtual state of crisis that has characterized the Vietnamese economy since unification in 1976. As the editors point out, the broad outlines of that crisis are well known. Hanoi's attempt to build an advanced socialist society on the basis of bureaucratic centralism and collectivized agriculture has led to economic stagnation and a murderous inflation rate. Compounding the problem have been the high cost of occupying Cambodia and an economic boycott by the West. Faced with a serious loss of public confidence in its leadership, the Vietnamese Communist party elected a new general secretary in December 1986 and launched a reform program along the lines of the *perestroika* campaign in the Soviet Union.

For the most part, the studies in this volume confirm these impressions. In a chapter on Vietnam's most recent five-year plans, Vo Nhan Tri documents the overly ambitious developmental goals of party planners in the immediate postwar period. Melanie Beresford discusses the problems encountered in unifying the two zones after the end of the Vietnam War and shows that, in many instances, it has been the capitalist south that has influenced the socialist north, rather than vice versa. Max Spoor traces the halting and painful shift from a system based on central controls to one based on "socialist economic accounting." Ngo Vinh Long, using official data on socialist transformation in the Mekong Delta, shows that the "great momentum" claimed by the regime in building collectives in the south was actually just a numbers game. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
