Pour Une Morale De Lambiguata

Peter V. Zima

Pour Une Morale De Lambiguata:

Pour une morale de l'ambiguïté Simone de Beauvoir,1983-01-01 **Pour une morale de l'ambiguïté** ,1961 The Existential Phenomenology of Simone de Beauvoir Wendy O'Brien,Lester Embree,2013-06-29 While earlier research considered Simone de Beauvoir in the perspectives of Existentialism or Feminism this work is the first to emphasize her reflective and descriptive approach and the full range of issues she addresses There are valuable chapters and sections that are historical and or comparative but most of the contents of this work critically examine Beauvoir s views on old age whereon she is the first phenomenologist to work biology gender ethics ethnicity where she is among the first and politics again among the first Besides their systematic as well as historical significance these chapters show her philosophy as on a par with those of Merleau Ponty and Jean Paul Sartre in quality richness and distinctiveness of problematics and the penetration of her insight into collective as well as individual human life within the socio historical world **Pour une morale de l'ambiguïté** Simone de Beauvoir,1965 **The Other Within** Fredrika Scarth,2004-11-22 In *The Other Within* Fredrika Scarth builds upon the recent studies that have surfaced as part of the Simone de Beauvoir renaissance to offer a reading of *The Second Sex* as an ethical text Scarth provides us with a unique and enlightening study of Beauvoir s writing on the female body and in particular on maternity as an important piece of Beauvoir s writing Unlike other feminist scholars who find in Beauvoir s writing a horror and repudiation of mother hood Scarth argues that Beauvoir s writing on maternity can open up new possibilities of embodied subjectivity and agency and can found a truly ethical relationship with the other

Volume 9: Kierkegaard and Existentialism Jon Stewart,2016-12-05 There can be no doubt that most of the thinkers who are usually associated with the existentialist tradition whatever their actual doctrines were in one way or another influenced by the writings of Kierkegaard This influence is so great that it can be fairly stated that the existentialist movement was largely responsible for the major advance in Kierkegaard s international reception that took place in the twentieth century In Kierkegaard s writings one can find a rich array of concepts such as anxiety despair freedom sin the crowd and sickness that all came to be standard motifs in existentialist literature Sartre played an important role in canonizing Kierkegaard as one of the forerunners of existentialism However recent scholarship has been attentive to his ideological use of Kierkegaard Indeed Sartre seemed to be exploiting Kierkegaard for his own purposes and suspicions of misrepresentation and distortions have led recent commentators to go back and reexamine the complex relation between Kierkegaard and the existentialist thinkers The articles in the present volume feature figures from the French German Spanish and Russian traditions of existentialism They examine the rich and varied use of Kierkegaard by these later thinkers and most importantly they critically analyze his purported role in this famous intellectual movement *Pour une Morale de l'Ambiguïté* Simone de Beauvoir,1963-01-01 *The Postmodernist Critique of the Project of Enlightenment* Sven-Eric Liedman,2023-12-14 The principal task of the book series Pozna Studies in the Philosophy of the Sciences and the

Humanities is to promote those developments in philosophy that respect the tradition of great philosophical ideas on the one hand and the manner of philosophical thinking introduced by analytical philosophy on the other. One of the standing aims of the series in the past has been to provide a forum of exchange of ideas between philosophers of both sides of the Iron Curtain. The series publishes guest edited volumes devoted to the philosophy of the natural sciences, the social sciences and the humanities as well as to foundational topics in metaphysics, epistemology and social philosophy.

Political Writings Simone de Beauvoir, 2012-06-21. *Political Writings* offers an abundance of newly translated essays by Simone de Beauvoir that demonstrate a heretofore unknown side of her political philosophy. The writings in this volume range from Beauvoir's surprising 1952 defense of the misogynistic eighteenth century pornographer the Marquis de Sade to a co-written 1974 documentary film transcribed here for the first time which draws on Beauvoir's analysis of how socioeconomic privilege shapes the biological reality of aging. The volume traces nearly three decades of Beauvoir's leftist political engagement from exposés of conditions in fascist Spain and Portugal in 1945 and hard hitting attacks on right wing French intellectuals in the 1950s to the 1962 defense of an Algerian freedom fighter Djamilia Boupacha and a 1975 article arguing for what is now called the two state solution in Israel. Together these texts prefigure Beauvoir's later feminist activism and provide a new interpretive context for reading her multi-volume autobiography while also shedding new light on French intellectual history during the turbulent era of decolonization.

Beauvoir in Time Meryl Altman, 2020-11-23. *Beauvoir in Time* situates Simone de Beauvoir's *The Second Sex* in the historical context of its writing and in later contexts of its international reception from then till now. The book takes up three aspects of Beauvoir's work more recent feminists find embarrassing: bad sex, dated views about lesbians and intersections with race and class. Through close reading of Beauvoir's writing in many genres alongside contemporaneous discourses, good and bad novels in French and English, outmoded psychoanalytic and sexological authorities, ethnographic surrealism, the writing of Richard Wright and Franz Fanon and in light of her travels to the U.S. and China, the author uncovers insights more recent feminist methodologies obscure, showing that Beauvoir is still good to think with today.

Simone de Beauvoir and the Limits of Commitment Anne Whitmarsh, 1981-05-21. This book was the first full scale study of Simone de Beauvoir surveying the whole range of her activity.

Self-Knowledge and Self-Deception Hugo Strandberg, 2015-08-11. The aim of this book is to acquire a better understanding of the question: who am I? By means of the concepts of self knowledge and self deception, questions about the self are studied. The light in which its topic is seen is the light of love, the light in which other people really become visible and so oneself in one's relation to them.

Ethical Issues in Twentieth Century French Fiction C. Davis, 1999-12-08. This book examines ethical problems raised by a number of key twentieth century theoretical and fictional texts by authors such as Levinas, Sartre, Beauvoir, Yourcenar, Duras and Genet. It argues that even texts which apparently espouse ethical positions based on respect for and responsibility towards others frequently depict conflict as an insurmountable aspect of human relations. This is reflected at an aesthetic level as these texts

both describe the struggle for supremacy and replicate it in their relation to their readers **Une Mort Tres Douce** Simone de Beauvoir, 2017-10-01 Includes the full French text accompanied by French English vocabulary Notes and a detailed introduction in English put the work in its social and historical context Subjectivity and Identity Peter V. Zima, 2015-06-18 Subjectivity and Identity is a philosophical and interdisciplinary study that critically evaluates critically the most important philosophical sociological psychological and literary debates on subjectivity and the subject Starting from a history of the concept of the subject from modernity to postmodernity from Descartes and Kant to Adorno and Lyotard Peter V Zima distinguishes between individual collective mythical and other subjects Most texts on subjectivity and the subject present the topic from the point of view of a single discipline philosophy sociology psychology or theory of literature In Subjectivity and Identity Zima links philosophical approaches to those of sociology psychology and literary criticism The link between philosophy and sociology is social philosophy e g Althusser Marcuse Habermas the link between philosophy and literary criticism is aesthetics e g Adorno Lyotard Vattimo Philosophy and psychology can be related thanks to the psychological implications of several philosophical concepts of subjectivity Hobbes Stirner Sartre **Beauvoir and Western Thought from Plato to Butler** Shannon M. Mussett, William S. Wilkerson, 2012-11-20 Despite a deep familiarity with the philosophical tradition and despite the groundbreaking influence of her own work Simone de Beauvoir never embraced the idea of herself as a philosopher Her legacy is similarly complicated She is acclaimed as a revolutionary thinker on issues of gender age and oppression but although much has been written weighing the influence she and Jean Paul Sartre had on one another the extent and sophistication of her engagement with the Western tradition broadly goes mostly unnoticed This volume turns the spotlight on exactly that examining Beauvoir s dialogue with her influences and contemporaries as well as her impact on later thinkers concluding with an autobiographical essay by bell hooks discussing the influence of Beauvoir s philosophy and life on her own work and career These innovative essays both broaden our understanding of Beauvoir and suggest new ways of understanding canonical figures through the lens of her work **Principles and Persons** Frederick Olafson, 2019-12-01 Originally published in 1967 Many critics have claimed that existentialism has not produced any ethics as distinct from the moralistic assertions of its individual proponents Challenging this view Professor Olafson demonstrates that Sartre Heidegger and Merleau Ponty indeed worked out a powerful ethical theory and that their positions must be understood as deriving from a voluntarist concept of moral autonomy that can be traced beyond Nietzsche and Kant to certain tendencies in late medieval thought He demonstrates that a broad parallelism exists between developments in ethical theory among Continental philosophers of the phenomenological persuasion and the more analytically inclined philosophers of the English speaking world **Humanistic Existentialism** Hazel Estella Barnes, 1959-01-01 Click for larger cover scan Humanistic Existentialism The Literature of Possibility Paper 1959 X 419 CIP LC 59 11732 ISBN 0 8032 5229 3 Price 29 95 University of Nebraska Press This study in humanistic existentialism is highly informative as well as entertaining It is a scholarly detailed

analysis of the literary art the philosophical ideas and the psychologies of Albert Camus Jean Paul Sartre and Simone de Beauvoir It is also a competent effort to explain the positive implications for the theory of freedom and possibility which lie half buried under this literature of nothingness alienation and absurdity Miss Barnes makes thoroughly enjoyable reading of a subject matter which might have seemed forbidding Herbert W Schneider Journal of Philosophy Recommended unqualifiedly as the most thorough and reliable exposition of the works of Sartre Camus and de Beauvoir to have appeared in this country Willard Colston Chicago Sun Times Those who want a real understanding of existentialism instead of the usual superficial generalizations are certain to gain it from this book Walter Kaufmann The American Scholar The book captures much of the forlorn dark grandeur of the existentialist vision of the human condition Yale Review The philosophy of Sartre is presented accurately and with rare elegance and simplicity The section on psychoanalysis compares Sartre to Freud then to Horney and Fromm then to the phenomenologists The treatment is fair minded and careful Robert Champigny L Esprit

Crateur **Théologie systématique** Paul Tillich,1991 **Differences** Emily Parker,Anne M. Van Leeuwen,2018 Simone de Beauvoir and Luce Irigaray famously insisted on their philosophical differences and this mutual insistence has largely guided the reception of their thought What does it mean to return to Simone de Beauvoir and Luce Irigaray in light of questions and problems of contemporary feminism including intersectional and queer criticisms of their projects How should we now take up amplify and surpass the horizons opened by their projects Seeking answers to these questions the essays in this volume return to Beauvoir and Irigaray to find what the two philosophers share And as the authors make clear the richness of Beauvoir and Irigaray s thought far exceeds the reductive parameters of the Eurocentric bourgeois second wave debates that have constrained interpretation of their work The first section of this volume places Beauvoir and Irigaray in critical dialogue exploring the place of the material and the corporeal in Beauvoir s thought and in doing so reading Beauvoir in a framework that goes beyond a theory of gender and the humanism of phenomenology The essays in the second section of the volume take up the challenge of articulating points of dialogue between the two focal philosophers in logic ethics and politics Combined these essays resituate Beauvoir and Irigaray s work both historically and in light of contemporary demands breaking new ground in feminist philosophy

The Captivating Realm of E-book Books: A Detailed Guide Revealing the Advantages of Kindle Books: A World of Convenience and Versatility E-book books, with their inherent portability and simplicity of availability, have liberated readers from the constraints of hardcopy books. Gone are the days of carrying cumbersome novels or meticulously searching for specific titles in shops.
