**Pouring New Wine Into Old Wineskins** Aubrey Malphurs, 1993      **The Surprising Return of the Neighborhood Church** Sam Rainer, 2023-09-05 Opportunity Lies Right Down the Road There's hope for your church Respected church expert Sam Rainer envisions an exciting new wave of revitalized neighborhood churches that are growing and thriving In the not so distant past churches tended to relocate away from their neighborhoods and build large campuses at major intersections At the turn of the 21st century a dramatic shift occurred A new generation began looking to neighborhood churches to foster life giving friendships provide opportunities for service and create a community dedicated to worshipping God Sam Rainer describes this movement and answers the most common questions about this surprising new phenomenon What are the marks of a healthy neighborhood church What are the most common myths about the neighborhood church What are the obstacles to church growth What are the best strategies to reach your neighbors The neighborhood church is primed for a comeback The potential is huge God wants to do incredible things Are you ready      **Shepherding the Small Church** Glenn C. Daman, This second edition is an indispensable source of advice and encouragement for the small church pastor including how to formulate a mission while understanding the cultures of the community and the church Chapter by chapter suggestions and several appendixes of helpful assessment tools help pastors and lay leadership work through the book together      In Dying We Are Born Peter Bush, 2007-12-03 Deeply ingrained in Western culture and in the minds of most church leaders is the belief that there is a solution to every problem Peter bush offers a powerful challenge to this approach arguing that for new life energy and passion to arise in congregations they must die die to one way of being the church in order that a new way may rise Bush identifies two types of dying congregations Some congregations need to close their doors bringing to an end years of ministry Other congregations need to dramatically change their culture and ways of doing ministry Such change may not entail literally closing the congregation's doors but it will require people giving up deeply held understandings of the life and purpose of the congregation All congregations Bush contends even ones that see themselves as healthy need to be prepared to die to take up their cross so God can make them alive A skillful storyteller Bush shows readers why churches must confront their mortality He examines the role of the prophetic leader who proclaims both the congregation's death and its resurrection He explores spiritual practices and the habits of wonder remember and risk taking for congregations that know they are dying or need to die Only by dying Bush says will a congregation find resurrection life given by God who raises the dead to life      Biblical Pastors Were Not and Are Not CEOs. James D. Martin, 2020-06-02 The emergence of the pastor Chief Executive Officer CEO position in churches today has become widely acceptable in Mega and Meta churches Recent studies have not explored this issue David Fisher acknowledges that in the 21st century being a pastor presents major challenges because it leads to professional and personal identity crisis resulting from secular and ecclesial challenges Studies have supported the idea that there is the need for church leaders to adopt the

secular models of leadership and several noted authors have shown that churches today have become like other organizations that have to market their products This is a problematic interpretation because leadership in modern churches has gone beyond the biblical and theological definitions of becoming shepherds of their flock and servants of God In the search for an effective pastoral leadership role this paper will explore the contemporary definition of pastoral leadership and compare it with what the scriptures say concerning the elders and servants of God assigned the duty of being shepherds of their flock

**A Strategy For Reaching Secular People** Ernan A. Norman, D. Min.,2007-05-11 Dr Ernan A Norman D Min has identified strategies to implement John 13 35 All people will know that you are my followers if you love each other An excellent source for the essential principles of discipleship in a postmodern world This book is written in nontechnical language based on the experiences as a student pastor and professor I believe that the concepts presented are fundamental and are in harmony with the model demonstrated by Jesus during His ministry on earth Meeting people at their level putting their needs ahead of His own treating people with respect befriending the nonreligious and inviting them into a relationship with Himself are some of the concepts that are identified and supported as strategies for reaching secular people This book is an outstanding and important piece of work and easily readable I would urge A Strategy for Reaching Secular People on members and leaders in every church if they are willing to challenge basic assumptions and embrace change relative to reaching lost people Strategies that remove the barriers that keep people from hearing about God s love and to create a warm friendly uncritical and non judgmental attitude of acceptance are clearly presented Full of practical how to s and watch out s this book by Ernan Norman is for individuals serious about sharing the love of God As we interact with and minister to secular people matters such as marriage and family academics employment addictions and human rights must be addressed Norman clearly gives strategies for intentional efforts to reach secular postmodern men and women in our day The central concept is the example of Jesus that we should follow A must read Weymouth Spence Ed D President of Washington Adventist University

Roxburgh, 2015-07 Church has changed this book shows how to follow the Spirit out into the community and reimagine our mission for the 21st century The decline in mainstream religious denominations is palpable For years the question has been How can we fix the church With thirty years of experience pastoring congregations in small towns suburbs and urban neighborhoods in renewal Alan J Roxburg knows that the answer is to instead embrace the church reinvigorate communities with the Holy Spirit and re engage our neighbors with the mission of God In this timely perspective on the role of the church in today s environment he shows how each one of us can become a leader in that mission Roxburg distills the best missional wisdom for both clergy and laity alike and offers concrete steps in transforming individual congregations and society He sheds light on the troubling history that brought us to this point and how ecumenically and globally we can implement the simple but necessary steps to build from it An urgent call for Christians to guide any church large or small to becoming a vital center for a new spirituality Joining God is an invitation to embark on the journey you always wanted to take Philip Clayton scholar activist and author of Transforming Christian Theology     *Punk Monk* Pete Greig, Andy Freeman, 2007-06-05 Fleeing the compromises of the 4th century church the Desert Fathers founded monasticism In reaction to a Christianity they scarcely recognized these radicals fled to the Egyptian desert to model a different radical style of discipleship filled with sacrifice and continual prayer Who are the new monks the new punks the new revolutionaries The answer lies in an upsurge of 24/7 monastic communities around the world Punk Monk combines a narrative journey through the beginnings of 24/7 Prayer Boiler Rooms with a discussion on the roots of monasticism particularly its ethos and values and how it can be applied in the third millennium Drawing influences from the Franciscans the Celts and the Moravians the book highlights the counter cultural and revolutionary force of monasticism and asks whether it is time for a new monastic movement It also takes punk as a contemporary expression of monastic spirit and asks whether a silent revolution is coming     From the Back of the Line Gloria Ward Wright, 2006-11 From the Back of the Line The Views of a Teenager From the 1960s Civil Rights Movement chronicles the life of a young African American girl who moved from a follower to a leader in human rights Sixteen year old Gloria Ward was arrested four times in 1962 for demonstrating against the ills of segregation and racism in her hometown of Albany Georgia With her teenage friends and classmates she marched behind Dr Martin Luther King Jr Dr Ralph David Abernathy Sr Rev Charles Sherrod the Honorable

Andrew Young the late Rev Samuel Wells and other older leaders In a widely circulated newspaper article Gloria was criticized by a white Albany teenager Kay Smith who wasn't shy about expressing her racist opinions Kay called Gloria a pawn and a fool for her involvement in the demonstrations Kay eventually came to see civil rights in a different light Although they never met as teenagers Kay often wondered about Gloria and what had happened to her later in life Thirty five years after the newspaper article ran Kay found Gloria through a mutual friend and apologized for her racist views and statements Today the two women are close friends Their story of forgiveness and friendship is just one part of Gloria's remarkable life story as human rights activist teacher wife mother and pastor From the Back of the Line describes Dr Wright's experiences growing up during the civil rights era and moving from the back of the line to leadership positions She has written this book because she wants young people to know their civil rights history and to understand that they can and should move forward Her story is told with passion candor and light humor She tells it like it was how she saw and participated in history From the Back of the Line The book also contains photographs and an appendix containing quotations from notable civil rights leaders a summary of the 1964 Civil Rights Act and recommended reading

**Untaught and Unlearned Knowledge** Fred G. Womack, 2002-02-04 Much has been said and written about faith in recent times but do people of this generation really know what faith is Why has raw faith through the centuries chosen Christianity in preference to other global religions when the freedom of choice was allowed In Untaught and Unlearned Knowledge author Dr Fred G Womack provides information and insight into the functioning of faith which has been neglected by Biblical scholarship for several years What is faith How is faith When is faith Why is faith Womack explores these questions and more and addresses what can be done to increase and strengthen faith He discusses that an ancient paradigm ensures that authentic Christianity will prevail through faith and it guarantees the ultimate triumph of truth in religion In Untaught and Unlearned Knowledge Womack casts light into the shadows where little or none has been directed with regard to faith a theme central to all religions and one that enables Christianity to stand apart from the rest
