## **Poverty Inequality And The Law:**

**Poverty, Inequality, and the Law** Barbara Brudno, 1976      Law and Poverty Frank Munger, 2017-11-28 Socio legal research on the legal experiences of the poor reflects an understanding of the close connection between economic inequality and law The first two parts of this volume illustrate general analytical approaches to law and poverty The remaining parts include essays which examine more specific issues such as race and gender access to law legal consciousness and social change Research on the relationships between poverty inequality and governance still leaves many questions unanswered but the work presented here reflects the important contribution that sociolegal research makes to the ongoing debate

**Law and Poverty** Frank Munger, 2017 Socio legal research on the legal experiences of the poor reflects an understanding of the close connection between economic inequality and law The first two parts of this volume illustrate general analytical approaches to law and poverty The remaining parts include essays which examine more specific issues such as race and gender access to law legal consciousness and social change Research on the relationships between poverty inequality and governance still leaves many questions unanswered but the work presented here reflects the important contribution that sociolegal research makes to the ongoing debate Provided by publisher      Research Handbook on Sustainability and Competition Law Julian Nowag, 2024-07-05 This is an open access title available under the terms of a CC BY NC ND 4.0 License It is free to read download and share on Elgaronline.com This Research Handbook explores the complex interplay between competition law and sustainability and also provides key insights into the role and limitations that tax environmental laws consumer laws and social laws have in promoting sustainability A distinguished array of international experts examine core principles of environmental and social sustainability delve into the economic dynamics that shape this multidimensional relationship and critically analyse how competition law and policy can both positively and negatively shape sustainability outcomes      The Oxford Handbook of Children and the Law, 2020-02-07 The Oxford Handbook of Children and the Law presents cutting edge scholarship on a broad range of topics covering the life course of humans from before birth to adulthood by leading scholars in law medicine social work sociology education and philosophy and by practitioners in law and medicine An international collection of authors presents and analyzes the law and science pertaining to reproduction prenatal life including fetal exposure to toxic substances and abortion parentage including biology based rights background checks on birth parents adoption the status of gamete donors and surrogacy infant development and vulnerability child maltreatment including corporal punishment and religious defences to abuse and neglect child protection policy and systems foster care child custody disputes between parents or between parents and other caregivers schooling including financing resegregation religious expression in public schools at risk students special education regulation of private schools and homeschooling delinquency minimum age laws and child advocacy Most chapters follow a format wherein they first describe the most debated or dynamic issues in each topical area then explain in depth the law and or science pertaining to the author

s particular focus and finally offer arguments and recommendations as to law and policy in that area The normative component aims to advance discussions and debates in vital areas of contemporary child welfare law and policy The Handbook is an essential resource for scholars and professionals interested in the intersection of children and the law

**Resilience in Energy, Infrastructure, and Natural Resources Law** Catherine Banet, Hanri Mostert, LeRoy Paddock, Milton Fernando Montoya, Iñigo del Guayo, 2022-03-11 The number of severe and sometimes catastrophic disruptive events has been rapidly increasing Extreme weather events including floods wildfires hurricanes and other natural disasters have become both more frequent and more severe whilst events such as the COVID 19 pandemic represent a global threat to public health with huge economic effects that recovery packages tried to address These disruptive events alone and in combination have dramatic consequences on nature human life and the economy calling for urgent action to mitigate their causes and adapt to their impacts In response to discourses of collapsology and end of growth theories this monograph offers an analytical approach to developing legal responses that can help ensure the needs of present and future generations can be met through energy systems infrastructure development and natural resources management in these times of disruption Resilience is therefore seen as a common framework for the interpretation and development of energy infrastructure and natural resources law With a mix of thematic chapters and case studies from multiple jurisdictions Resilience in Energy Infrastructure and Natural Resources Law maps and assesses legal responses to disruptive nature based events and examines possible legal pathways for more sustainable outcomes based on its engagement with this concept of resilience and social ecological thinking

*Poverty Law and Legal Activism* Adam Gearey, 2018-06-14 Linking critical legal thinking to constitutional scholarship and a practical tradition of US lawyering that is orientated around anti poverty activism this book offers an original revisionist account of contemporary jurisprudence legal theory and legal activism The book argues that we need to think in terms of a much broader inheritance for critical legal thinking that derives from the social ethics of the progressive era new left understandings of creative democracy and radical theology To this end it puts jurisprudence and legal theory in touch with recent scholarship on the American left and indeed with attempts to recover the legacies of progressive era thinking the civil rights struggle and the Great Society Focusing on the theory and practice of poverty law in the period stretching from the mid 1960s to the present day the book argues that at the heart of both critical and liberal thinking is an understanding of the lawyer as an ethical actor inspired by faith or politics to appreciate the potential and limits of law in the struggle against economic inequality

**Family Law and Australian Muslim Women** Helen McCue, Abdullah Saeed, 2013-06-01 This book is a collection of essays that aims to identify the multitude of ways in which Australian Muslim women negotiate both Australian Family Law and Islamic Family Law in the key areas of marriage divorce child custody property settlement and inheritance The book also seeks to provide a timely and significant insight into the various legal cultural and social processes that Australian Muslim women use when disputes in these key areas arise Islamic

Bates,Richelle S. Swan,2020-01-21 *Juvenile Delinquency in a Diverse Society* presents a fresh critical examination of juvenile delinquency in the context of real communities and social policies addressing many social factors that shape juvenile delinquency and its control including race ethnicity class gender and sexuality Authors Kristin A Bates and Richelle S Swan use true stories and contemporary examples to link theories of delinquency to current public policies and to existing community programs encouraging readers to consider how theories of delinquency can be used to create new policies and programs in their own communities The Third Edition includes a new chapter on policing and juveniles updated scholarship that strengthens the integration of both classic and cutting edge research and updates to the book s supportive pedagogical features to reflect current events and the experiences of diverse populations of youth Included with this title The password protected Instructor Resource Site formally known as SAGE Edge offers access to all text specific resources including a test bank and editable chapter specific PowerPoint slides      **Labour Law Rules! Second Edition** Marie McGregor,2014-11-21 *Labour Law Rules* is a book designed primarily as an introductory text for students encountering labour law for the first time whether their goal is a law degree or some other discipline involving a basic knowledge of the labour relations regulatory regime in South Africa In the past two years since publication of the first edition of *Labour Law Rules* some significant events took place which impacted on labour law resulting in a number of changes proposed to reform labour law The new edition of *Labour Law Rules* aims to lay a sound and up to date foundation of basic labour law rules which will enable students to be empowered to assist in shaping the future working environment and laws of the country The second edition of the bestselling text book *Labour Law Rules* continues to provide a highly accessible text on labour equity social security skills development and related laws fully updated to include the latest changes and amendments in labour law in South Africa It discusses these laws against the backdrop of South Africa as a member state of the ILO and the economic and socio economic context in the country      *Women's Health and the Limits of Law* Irehobhude O. Iyioha,2019-12-10 Despite some significant advances in the creation and protection of rights affecting women s health these do not always translate into actual health benefits for women This collection asks What is an effective law and what influences law s effectiveness or ineffectiveness What dynamics elements and conditions come together to limit law s capacity to achieve instrumental goals for women s health and the advancement of women s health rights The book presents an integrated co referential and sustained critical discussion of the normative and constitutive reasons for law s limited effectiveness in the field of women s health It offers comprehensive and cohesive explanatory accounts of law s limits

and for the first time in the field introduces a distinction between formal and substantive effectiveness of laws Its approach is trans systemic multi jurisdictional and comparative with a focus on six countries in North America Europe Asia and Africa and international human rights case law based on matters arising from Hungary Portugal Spain Slovakia the Czech Republic Peru and Bolivia The book will be a valuable resource for educators students lawyers rights advocates and policymakers working in women s health socio legal studies human rights feminist legal studies and legal philosophy more broadly

**Liberty, Equality, and Plurality** Larry May,Christine T. Sistare,Jonathan Schonsheck,1997 Voters as well as ethicists and legal experts are currently debating many of the issues inherent in balancing individual with majority and minority group rights though often there seems to be an inverse correlation between the two May Washington U chairs lively multidisciplinary discussions on the in compatibility of liberty and equality with responsibility being the wild card law morality and limits on liberty in regard to freedom of speech poverty taxation and assisted suicide and equality and the clash of cultures in cases of hate speech and religious freedom vs refusal of medical treatment Annotation copyrighted by Book News Inc Portland OR [Looking Back at Law's Century](#) Austin Sarat,Bryant Garth,Robert A. Kagan,2018-10-18 This book describes a century of tremendous legal change of inspiring legal developments and profound failures The twentieth century took the United States from the Progressive Era s optimism about law and social engineering to current concerns about a hyperlegalistic society from philosophical idealism to the implementation of democracy the rule of law and the idea of human rights throughout the world At the same time law maintained its status as the key language of governance in the United States the most legal of all countries which has succeeded in making its version of the state a point of reference around the globe

**Exponential Inequalities** Shreya Atrey,Sandra Fredman,2022-12-20 This thoughtfully edited volume explores the operation of equality and discrimination law in times of crisis It aims to understand how existing inequalities are exacerbated in crises and whether equality law has the tools to understand and address this contingency Experience during the COVID 19 crisis shows that the pandemic has acted as a catalyst for exponential inequalities related to racism xenophobia sexism homophobia transphobia ageism and ableism Yet the field of equality law which is meant to be addressing such discrimination or inequality has had little immediate relevance in mitigating these exponential inequalities This is despite the fact that countries like the UK have a rather recent and state of the art legislation in the field namely the Equality Act 2010 Exponential Inequalities offers readers an understanding of how these inequalities came to be and how crises such as the global pandemic the climate emergency or the economic downturn can exacerbate an already untenable situation It illuminates both the structural and the conceptual as well as the practical and doctrinal difficulties currently experienced in equality law and discusses whether or not equality law even has the tools to both understand and then address this contingency Written by a team of internationally recognized experts Exponential Inequalities provides a comparative perspective on the functioning of equality laws across a range of contexts and jurisdictions and represents an essential read

for scholars and policy makers alike      **Domestic and Regional Environmental Laws and Policies in Africa** Jean-Claude N. Ashukem, Semie M. Sama, 2023-11-10 This book explores African domestic and regional responses and approaches to environmental protection and sustainability Written by African experts the collection consists of five parts covering the whole of Africa It provides broad coverage of specific themes including environmental constitutionalism climate change gender and the environment wildlife trade environmental justice and human displacement The key aims are first to explore theoretical and empirical studies to interrogate and provide clarity on academic discourse on how and whether environmental human rights approaches and policy implications have effectively enhanced environmental protection and sustainability at African domestic levels Second to investigate and present innovative solutions on how African domestic legal regimes deal with environmental justice natural resources governance refugees environmental rights and climate induced displaced persons Finally to propose innovative legal and institutionalised solutions to Africa's ecological realities by determining the legal and regulatory gaps on environmental human rights issues on the continent The collection will be a valuable resource for researchers academics and policymakers in human rights law environmental law political science ecology and conservation environmental management disaster management and development studies      **The Environment-Conflict Nexus in International Law** Eliana Cusato, 2021-09-16 Unpacks key assumptions about the environment its relationship with violent conflict and the justification for its protection underlying international law      Clearinghouse Review , 1992
