Proudhon's Sociology Pierre Ansart, 2023-09-26 An introduction to the thought of Pierre Joseph Proudhon the first person to declare himself an anarchist Available in English for the first time Proudhon s Sociology is the landmark statement on Pierre Joseph Proudhon s thought While interest in Proudhon s work has undergone a revival in the last couple of decades in the English speaking world his theories about society remain little known Pierre

Ansart's book renders the complexity of Proudhon's thought intelligible and emphasizes how Proudhonian ideas remain relevant today. Ansart explores the similarities between Proudhon and Marx's thought including the influence that Proudhon's economic writings and theories of the state had on Marx. A year before the publication of *Sociologie de Proudhon* 1967, Henri Lefebvre published *Sociologie de Marx* as part of the same academic series. Both indispensable books which were available to French students at the time of the strikes of May/June 1968 had a real impact on the theoretical education of that generation and on generations since. This English language edition contains an introduction by Ren Berthier, annotations by the translators and editor, and an additional piece by Ansart titled *Proudhon Throughout History*.

International Economics

Rajat Acharyya, 2023-02-17. Complementing trade theories with relevant trade empirics, this book covers three aspects of the study of International Economics: pure theory of trade, trade policy, and theory of Balance of Payments (BoP) and exchange rate. In the first part, it discusses the basic principles of international trade between dissimilar countries as well as between similar countries and implications thereof in terms of welfare, income distribution, and growth. The approach taken here is distinctly different from that in most of the existing textbooks on international economics. Instead of model-specific discussions of the basic issues, it discusses the basic principles governing trade gains from trade and characteristics of international equilibrium in the context of a general trading environment of open economies. Subsequently, specific models of trade are introduced as alternative theoretical explanations for the basic principles of trade. In the second part, a wide range of policy issues are analysed, including unilateral trade restrictions and promotions, reciprocity, trade policy choices through regionalism, product standards that regulate trade between developed and developing countries, and implications of capital inflow, FDI, fragmentation, and global value chains. In the third part, the book discusses different currency and exchange rate regimes and their implications for a country's balance of payments and foreign exchange reserves. Drawing upon the basic theories, it studies expenditure reducing and expenditure switching policies to correct for BoP imbalances under a pegged exchange rate regime. Finally, some reflections on the choice of exchange rate regime and optimum currency area wind up discussions of monetary issues in international economics.

Eurasian Economic Perspectives Mehmet Huseyin Bilgin, Hakan

Danis, Gökhan Karabulut, Giray Gözgor, 2020-03-31. This book presents selected papers from the 23rd Eurasia Business and Economics Society (EBES) Conference held in Madrid, Spain. While the theoretical and empirical papers presented cover diverse areas of economics and finance in different geographic regions, the main focus is on the latest research concerning international trade, public economics, and regional studies. The book also includes studies on the economics of innovation, inequality, and tourism.

Economics for Prophets

Walter L. Owensby, 1988. Owensby has written this book to help Christians take part more confidently and effectively in the dialogue on ethics and economics. *Economics for Prophets* is an introduction to the subject; it assumes no previous exposure to economics studies or jargon that takes a helpful three-step approach. It explains some of the basic concepts of our economic system, explores how these concepts function in the real

world and critiques both the concepts and their practical working out from a biblical theological ethical perspective Book jacket Undergraduate Announcement University of Michigan--Dearborn,1983 Routledge Handbook of Southeast Asian Economics Ian Coxhead,2014-12-17 The Routledge Handbook of Southeast Asian Economics offers new insights into the rapidly developing economies of Southeast Asia Despite widespread initial deprivation Southeast Asia has achieved and sustained a remarkable rate of growth in the course of which tens of millions have successfully escaped severe poverty Though the economies of the region vary in many dimensions integration into the wider East Asian network of production and trade is a notable common feature one that continues a centuries long history of engagement with global trade A second striking feature is the pace and extent of transformation in the structure of production and in sources of household income in the region which has undergone remarkably rapid industrialization and urban growth However the search for sustained and sustainable growth through and beyond middle income continues to confront pressing economic and policy challenges This Handbook offers a timely and comprehensive overview of Southeast Asian economic development Organized according to the logic of chronological and thematic unity it is structured in these sections Growth and development over the long term Food agriculture and natural resources Trade investment and industrialization Population labor and human capital Poverty and political economy Twenty first century challenges This original Handbook written by experts in their fields is unique in the breadth and depth of its coverage Its forward looking perspective renders it relevant both now and in the future This advanced level reference work will be essential reading for students researchers and scholars of Asian Studies Economics and Southeast Asian studies **Social Protection, Pastoralism and Resilience in Ethiopia** Zeremariam Fre,Bereket Tsegay,Araya M.
