POW/MIA Issues: World War II and the early Cold War Paul M. Cole, 1994 This volume addresses three issues whether American servicemen liberated by Soviet forces from Nazi German POW camps in the European theater of operations in World War II were not repatriated whether American aircrews in the Far East and European theaters were detained in USSR territory and early Cold War incidents are examined to determine whether archive materials indicated that American servicemen and civilians were held alive in USSR territory *POW/MIA Issues: World War II and the early Cold War* Paul M. Cole, 1994 This report was prepared as a part of the project The POW MIA Issue in U S North Korean Relations The report consists of three volumes This volume addresses American prisoners of war POW and missing in action MIA cases who were not repatriated following the Korean War with particular emphasis on whether any American servicemen were transferred to USSR territory during the war The author finds evidence that Americans were in fact transferred to the USSR from the Korean War zone of combat operations The tentative identity of one individual is presented as is an estimate that approximately 50 American POW MIAs were transferred to Soviet territory The report looks at evidence that Americans were transported to and retained in the People s Republic of China concluding that with the exception of highly publicized cases that eventually led to repatriation American servicemen were not retained in China following the war The report also discusses the location of American remains in North Korean territory and suggests policy measures that could improve the chances of their recovery and repatriation It concludes with recommendations for a U S policy toward recovering remains from North Korea The central elements of this strategy derive from the requirement to retrieve additional identification media from North Korea The proposed change in U S policy shifts priority to methods of recovering remains that will increase the possibility that remains can be confidently associated with Americans who did not return from the Korean War

Select Committee on POW/MIA Affairs, 1993 Reference Information Paper , 1997 *An American in the Basement* Amy Yarsinske, 2013-07-01 The incredible story of denial deceit and deception that ultimately cost Navy pilot Captain Michael Scott Speicher his life is

exposed in this military tell all Asserting that years of information has been intentionally kept from an American public the book reveals that contrary to reports Speicher survived after he ejected from his stricken F A 18 Hornet on the first night of the Persian Gulf War Protected by a Bedouin tribal group he evaded Saddam s capture for nearly four years In that time he was repeatedly promised by an American intelligence asset that a deal for his repatriation would be worked out but it never was Speicher was left behind After Saddam Hussein captured him Speicher spent the next eight years in a secret Baghdad prison and being moved around in secret to avoid an American task force looking for him and before he was killed after the United States invaded Iraq in March 2003 Author Amy Waters Yarsinske a former naval intelligence officer and a veteran investigator and author presents her fascinating case after years of research *POW/MIA Issues: The Korean War* Paul M. Cole,1994 This volume addresses American prisoners of war POW and missing in action MIA cases who were not repatriated following the Korean War with particular emphasis on whether any American servicemen were transferred to USSR territory during the war *America's Abandoned Sons* Robert S. Miller,2012-06-19 QUOTE Tens of thousands of America s WWII Korean Conflict and Vietnam War military servicemen ended up as hostages secretly hijacked into the USSR Today this regrettable saga is still one of America s most closely guarded secrets As WWII ended Stalin captured all of Germany s eastern areas in which tens of thousands of captured American POWs were then being detained by Hitler s armed forces Stalin secretly held them as hostages and denied any knowledge of them as the Cold War began Their status unknown Washington eventually declared them dead when in fact they were still alive in captivity Thousands more were lost the same way when the Korean War ended China and the USSR secretly exploited these hostages for intelligence purposes and then also disposed of them Vietnam saw still more held back by Hanoi after that conflict ended for the same reasons again Today these abandoned sons a few of whom may still be alive in captivity as you read this are considered one of Washington s most closely guarded secrets Now is time to expose this secret and end this unfortunate Cold War saga Status of POW/MIA Negotiations with North Korea United States. policy measures that could improve the chances of their recovery and repatriation It concludes with recommendations for a U S policy toward recovering remains from North Korea The central elements of this strategy derive from the requirement to retrieve additional identification media from North Korea The proposed change in U S policy shifts priority to methods of recovering remains that will increase the possibility that remains can be confidently associated with Americans who did not return from the Korean War
