The authors have also made it a priority to integrate other important and current themes such as global marketing, customer relationships, small business and entrepreneurship. In this edition the global marketing chapter was moved to the first part of the book, chapter 3, to introduce its importance early. Global examples and coverage are then integrated throughout. This edition offers a completely new design, a revised supplements package, a new interactive web page and a special package with Annual Edition online.

**Genuine Reciprocity and Group Authenticity** Kevin Craig Boileau, 2000. To some Jean Paul Sartre's philosophy signaled the end of modernity. Michael Foucault's theories on the generation of the self helped to usher in the post modern era. Kevin Boileau's work *Genuine Reciprocity and Group Authenticity* argues that Sartre's insight into the positive reciprocal relationships of individuals can be understood through the Foucauldian concept of power and discourse. The book explores authenticity on individual and group levels, breaking new ground in the study of Sartre and Foucault. It is a beneficial tool for philosophers studying modern or post modern thought.
