Raising Cain Dan Kindlon, Ph.D., Michael Thompson, PhD, 2009-08-05 The stunning success of *Reviving Ophelia* Mary Pipher's landmark book showed a true and pressing need to address the emotional lives of girls Now finally here is the book that answers our equally timely and critical need to understand our boys In *Raising Cain* Dan Kindlon Ph D and Michael Thompson Ph D two of the country's leading child psychologists share what they have learned in more than thirty five years of combined experience working with boys and their families They reveal a nation of boys who are hurting sad afraid angry and silent Statistics point to an alarming number of young boys at high risk for suicide alcohol and drug abuse violence and loneliness Kindlon and Thompson set out to answer this basic crucial question What do boys need that they're not getting They illuminate the forces that threaten our boys teaching them to believe that cool equals macho strength and stoicism Cutting through outdated theories of mother blame boy biology and testosterone Kindlon and Thompson shed light on the destructive emotional training our boys receive the emotional miseducation of boys Through moving case studies and cutting edge research *Raising Cain* paints a portrait of boys systematically steered away from their emotional lives by adults and the peer culture of cruelty boys who receive little encouragement to develop qualities such as compassion sensitivity and warmth The good news is that this doesn't have to happen There is much we can do to prevent it Kindlon and Thompson make a compelling case that emotional literacy is the most valuable gift we can offer our sons urging parents to recognize the price boys pay when we hold them to an impossible standard of manhood They identify the social and emotional challenges that boys encounter in school and show how parents can help boys cultivate emotional awareness and empathy giving them the vital connections and support they need to navigate the social pressures of youth Powerfully written and deeply felt *Raising Cain* will forever change the way we see our sons and will transform the way we help them to become happy and fulfilled young men

They're Your Parents, Too! Francine Russo, 2010-01-26 Your parents are growing older and are getting forgetful, starting to slow down or worse. Suddenly you find yourself at the cusp of one of the most important transitions in your life and the life of your family. Your parents need you and your siblings to step up and take care of them a little or a lot. To make the right things happen, you will all need to work together. And yet your siblings may have very different ideas from yours of what's best for Mom and Dad. They may be completely uninterested in helping, leaving you with all the responsibility. Or they may take charge and not allow you to help or criticize whatever help you do give. Will you and your siblings be able to reach an understanding and work together or will the challenges you face tear you apart? Most of us enter this period of our lives unprepared for the difficult decisions and delicate negotiations that lie ahead. This is the first book that provides guidance on the transition from the old family to the new one, especially for adult siblings. Here you'll find practical advice on a wide range of topics including: Who will make major medical decisions, manage finances and enforce end of life choices if your parents cannot? And how will this be decided and carried out? How will you negotiate caregiving issues and deal with unequal contributions or power struggles? How can inheritance and the division of property, assets and personal effects be handled to minimize hurt feelings and resentment? How will you cope with the natural reemergence of unresolved childhood rivalries, hurts and needs? How can caring for your parents be an enriching experience rather than a thankless chore? Most important, how can you ensure the best care for your parents while lessening conflict, guilt, anger and angst? Written by a veteran journalist who chronicles life and how baby boomers live it, *They're Your Parents, Too!* offers all the information, insight and advice you'll need to make productive choices as you and your siblings begin to assume your parents' place as the decision-making generation of your family. Filled with expert guidance from gerontologists, family therapists, elder care attorneys, financial planners and health workers, resonant real-life stories and helpful family negotiation techniques, this is an indispensable book for anyone whose parents are aging.

Historians, artists and writers question if and why the Holocaust should remain the ultimate test case for ethics and a unique reference point for how we understand genocide and crimes against humanity.
