Raising Our Children's Children Deborah Doucette, 2014-07-05 Based on Deborah Doucette's personal experience raising a grandchild this book examines the myriad factors involved in kinship care specifically when grandparents begin to raise their grandchildren Filled with true stories from people who have raised their children's children and including advice from Dr Jeffrey R LaCure throughout this family focused book looks at this fairly common relationship from all sides Now in its second edition Raising Our Children's Children has been updated to include recent social developments such as the trend toward multigenerational family living where children their parents and their grandparents all live under one roof **The**

Grandparent Vocation Richard P. Olson, 2022-10-17 Many grandparents experience a surge of joy with the birth or adoption of a grandchild For years afterward time together is eagerly coveted pictures are treasured and displayed and multiple gifts along with various kinds of support are gladly provided Richard Olson a retired minister professor of theology and grandparent many times over presents the unconditional love of a grandparent as indicative of a vocation a calling from God He explores the vocation of grandparent in all of its multiple dimensions of being and doing Informed by a biblical perspective the book explores the author's personal journey of grandparenting and includes conversations with a diverse set of other grandparents Olson examines biblical examples of grandparenting and suggests that the grandparent vocation has possibilities that often go unnoticed These include care enjoyment and response to issues throughout a grandchild's growth He also addresses concerns for our grandchildren's future world and how grandparents can engage in mutual conversation about faith morals and values in a changing world In addition Olson discusses increasingly common relationship types such as grandparents serving as primary caregivers adults becoming step grandparents through marriage interreligious family systems and grandparents handling children with special needs The book includes questions for personal or group reflection

and depression balance and wellness Ultimately she shows how a life of faith eventually grows into faith in one s self We learn who Janet is today and how important her relationship with God has become This in turn can guide others who are struggling on their own path to turn to God and their own inner strengths Enjoy the imagery in this beautifully worded manuscript as you find inspiration and faith *Extreme Grandparenting* Tim Kimmel,Darcy Kimmel,2012-04-09

Care ,2001 From Fear to Hope Vicktor Barrios,2012-01-18 This book is a series of reflections about the journey of mankind toward their God whether they believe or not It is dedicated to the struggle of all who live their lives with love for their neighbor and do the best they can with what they are given It is further dedicated to those non believers who live a life of goodness with real concern for their fellow man We are all on a journey whether we want to admit it or not We only have so much time to accomplish what needs to be done But in the end only one thing matters We are to be united with our loving God for all eternity The bulk of the book concerns the promise that America holds for all people In no way are the reflections intended to belittle any group that is true and honest in their efforts to help its followers achieve the goal of unity with God The intention of the author is to provide some insight to the problems we face as a people The problems are many but first and foremost we must have the same interests for others that we have for ourselves All of the problems we face have the

same root Thus far in our civilizations we have had much education and instruction Much of this knowledge has lead to misunderstanding and has not addressed the root of our problems The root is that we are not capable to love others as we love ourselves If we do not address the root of the problem then we will not be better off tomorrow than we are today or were yesterday NOTHING WILL CHANGE FOR THE BETTER *Handbook of Diversity in Parent Education* Marvin J. Why We Homeschool Adam T. Calvert, 2018-07-19 When the topic of homeschooling comes up there often seem to be various assumptions as to why we homeschool our children which are simply wrong or at the most inadequate Yes the government schools have bullies yes the government schools might be bigger targets for armed shootings and yes the

government schools even the ones in good school districts have kids or teachers who will teach our children language or experiences that we would rather them not learn that early in life or at all And while all those things are true and good reasons to educate our children at home even if those problems were corrected we and many other parents would still be committed to homeschooling our children Why The purpose of this book is to answer that question and to answer it from the Scriptures
