**Ethical Chic** Fran Hawthorne, 2012-06-19 How popular companies like Apple and Trader Joe's project a hip progressive image and whether we should believe them Consumers are told that when they put on an American Apparel t shirt leggings jeans gold bra or other item they look hot Not only do they look good but they can also feel good because they are helping US workers earn a decent wage never mind that some of

those female workers have accused their boss of sexual harassment And when shoppers put on a pair of Timberlands they feel fashionable and as green as the pine forest they might trek through that is until they re reminded that this green company is in the business of killing cows But surely even the pickiest most organic most politically correct buyers can feel virtuous about purchasing a tube of Tom s toothpaste right After all with its natural ingredients that have never been tested on animals this company has a forty year history of being run by a nice couple from Maine well ahem until it was recently bought out by Colgate It s difficult to define what makes a company hip and also ethical but some companies seem to have hit that magic bull s eye In this age of consumer activism pinpoint marketing and immediate information consumers demand everything from the coffee computer or toothpaste they buy They want an affordable reliable product manufactured by a company that doesn t pollute saves energy treats its workers well and doesn t hurt animals oh and that makes them feel cool when they use it Companies would love to have that kind of reputation and a handful seem to have achieved it But do they deserve their haloes Can a company make a profit doing so And how can consumers avoid being tricked by phony marketing In Ethical Chic award winning author Fran Hawthorne uses her business investigative skills to analyze six favorites Apple Starbucks Trader Joe s American Apparel Timberland and Tom s of Maine She attends a Macworld conference and walks on the factory floors of American Apparel She visits the wooded headquarters of Timberland speaks to consumers who drive thirty miles to get their pretzels and plantains from Trader Joe s and confronts the founders of Tom s of Maine More than a how to guide for daily dilemmas and ethical business practices Ethical Chic is a blinders off and nuanced look at the mixed bag of values on sale at companies that project a seemingly progressive image

*The Old Lion* Jeff Shaara,2023-05-16 In one of his most accomplished compelling novels yet acclaimed New York Times bestseller Jeff Shaara accomplishes what only the finest historical fiction can do he brings to life one of the most consequential figures in U S history Theodore Roosevelt peeling back the many layered history of the man and the country he personified From the mid nineteenth century to the early twentieth century from the waning days of the rugged frontier of a young country to the emergence of a modern industrial nation exerting its power on the world stage Theodore Roosevelt embodied both the myth and reality of the country he loved

and led From his upbringing in the rarefied air of New York society of the late 19th century to his time in rough and tumble world of the Badlands in the Dakotas from his rise from political obscurity to Assistant Secretary of the Navy from national hero as the leader of the Rough Riders in the Spanish American War to his accidental rise to the Presidency itself Roosevelt embodied the complex often contradictory image of America itself In gripping prose Shaara s *The Old Lion* tells the story of the man who both defined and created the modern United States Shaara deftly weaves a growing intensity that explodes on the pages Bookreporter.com on *To Wake the Giant* *The Garden* ,1905 *The Blue Sky Boys* Dick Spottswood,2018-02-20 During the 1940s country music was rapidly evolving from traditional songs and string band styles to honky tonk western swing and bluegrass via radio records and film *The Blue Sky Boys* brothers Bill 1917 2008 and Earl 1919 1998 Bolick resisted the trend preferring to perform folk and parlor songs southern hymns and new compositions that enhanced their trademark intimacy and warmth They were still in their teens when they became professional musicians to avoid laboring in Depression era North Carolina cotton mills Their instantly recognizable style was fully formed by 1936 when even their first records captured soulful harmonies accented with spare guitar and mandolin accompaniments They inspired imitators but none could duplicate the Blue Sky Boys emotional appeal or their distinctive Catawba County accents Even their last records in the 1970s retained their unique magical sound decades after other country brother duets had come and gone In this absorbing account Dick Spottswood combines excerpts from Bill Bolick s numerous spoken interviews and written accounts of his music life and career into a single narrative that presents much of the story in Bill s own voice Spottswood reveals fascinating nuggets about broadcasting recording and surviving in the 1930s world of country music He describes how the growing industry both aided and thwarted the Bolick brothers career and how World War II nearly finished it The book features a complete extensively annotated list of Blue Sky Boys songs an updated discography that includes surviving unpublished records and dozens of vintage photos and sheet music covers **Motor World Wholesale** ,1908
