Shurr,2021-12-14 This book is the first to consider the work of Herman Melville s later years as a whole in the light of his life and reading during those years and of the intellectual and artistic ambience of the later nineteenth century With the exception of *Billy Budd* almost all of the writing Melville produced between 1857 and 1891 is poetry Until now little attention has been given to the poetry and it has been customary to view Melville s final masterpiece *Billy Budd* against the background of the earlier fiction almost as if the writing of the intervening thirty four years had not existed William H Shurr who has studied the poems with close attention to the Melville manuscripts in the Houghton Library at Harvard University contends that Melville s poetry merits more attention and appreciation than has hitherto been accorded it

Concerned principally with the maturation of Melville's darker themes he has been the first to study the carefully designed sequences in which Melville published his poems He has also discovered in the poems thematic patterns among them Melville's heterodox Christology and his concept of a particular kind of individualism found in what he calls the transcendent act that shed new light on the complexities of Billy Budd *The Two Ruths* Martha Emily Bellinger, 2018-03-07 In 1950 after her father passes away Ruthie Stein knows she will continue to take care of their family's dairy farm as she has always done while also looking after her mother But when her mother falls and breaks her hip less than two years later Ruthie soon finds she cannot get by on her own Her neighbors the Packers recommend that their cousin Ruth who is single and unemployed come and assist Ruthie with her mother in exchange for room board and a small amount of money The two women soon become close friends and then discover that their relationship goes even deeper than friendship into an unexpected romantic love Although they must be very careful while together in public the two women blend their lives together over the course of the next decade and manage to find true happiness in one another But when Ruthie suffers a bad fall they must reevaluate how they'll proceed in their future In this novel set in rural Upstate New York in the 1950s and 1960s two women meet fall in love and build a life together in spite of the secrecy that society of the time requires *Babe Ruth and the 1918 Red Sox* Allan Wood, 2000 Babe Ruth and the 1918 Red Sox is the first complete account of Boston's fifth World Series championship The year is famous but most fans know very little about the season During that tumultuous summer the Great War in Europe cast an ominous shadow over the national game as enlistments and the draft wreaked havoc with every team's roster Players and owners fought bitterly over contracts and revenue the parks were infested with gamblers and the Red Sox and the Chicago Cubs almost called off the World Series And a Boston player known as The Colossus 23 year old Babe Ruth began his historic transformation from pitching ace to the game's greatest slugger Wood also poses a chilling question Was the 1918 World Series fixed Sports Illustrated called the book an entertaining and exhaustive account of a tumultuous season and Robert W Creamer author of the definitive biography of Ruth said Mr Wood has lit upon one of the most turbulent and important and at the same time least known years in baseball history He has done remarkable revelatory research and he has a clean clear way of writing *World's End* Mark Chadbourn, 2010-06-28 A dragon firebombs a freeway Shape shifters stalk the commercial district The deadly Wild Hunt wreaks havoc on the highway The Age of Misrule has dawned When Jack Churchill and Ruth Gallagher encounter a terrifying misshapen giant beneath a London bridge they are plunged into a mystery that portends the end of the world as we know it All over the country the ancient gods of Celtic myth are returning to the land from which they were banished millennia ago Following in their footsteps are creatures of folklore fabulous beasts wonders and dark terrors As technology starts to fail Jack and Ruth are forced to embark on a desperate quest for four magical items the last chance for humanity in the face of powers barely comprehended A pedal to the floor high octane fantasy thriller that pitches magic and wonder into a pop culture mash up of the modern world Described as One part Lord of
