This is the first book on these German prisoners almost a century after the conflict. The book covers the three different types of internees in Britain in the form of civilians already present in the country in August 1914, civilians brought to Britain from all over the world, and combatants. Using a vast range of contemporary British and German sources, the volume traces life experiences through initial arrest and capture to life behind barbed wire, to return to Germany or to the remnants of the ethnically cleansed German community in Britain.
