Al-Kasimi,1983 *English Lexicology* Leonhard Lipka,2002 **Problems in Lexicography** Michael Adams,2022-10-04 Problems in Lexicography is an essential classic work of practical lexicography the practice of writing dictionaries and meta lexicography Originally published over sixty years ago it was based on the proceedings of the Indiana University Conference on Lexicography held November 11 12 1960 It set a standard that still holds today three generations later This critical and historical edition brilliantly researched and presented by Michael Adams explores the enduring legacy of this classic work and promises to extend its life further into the twenty first century Problems in Lexicography A Critical Historical Edition amply demonstrates that this unique work is a book of historical significance and a worthy prologue to lexicography s present

International Law Sources Anthony D'amato,2003-12-01 Very few authors have ever had their collected papers published in a series of volumes As far as we know Anthony D Amato is the first legal scholar to be accorded this signal honor Martinus Nijhoff Publishers is pleased to announce the third volume of this acclaimed series In this volume the author updates his essays on sources and the foundational questions of international law with new commentary Studies in Etymology and Etiology David L. Gold,2009 Dictionaries usually give only brief treatment to etymologies and even etymological dictionaries often do not lavish on them the attention which many deserve To help fill the gap the author deals in depth with several etymologically problematic words in various Germanic Jewish Romance and Slavic languages all of which have hitherto either been misetymologized or not etymologized at all Sometimes he succeeds in cracking the nut Sometimes he is able only to clear away misunderstanding and set the stage for further treatment Usually he marshals not only linguistic but also historical and cultural information Since this book also discusses methodology it has the makings of an introduction to the science art and craft of etymology David L Gold is the founder of the Jewish Name and Family Name File the Jewish English Archives and the Association for the Study of Jewish Languages as well as the editor of Jewish Language Review and Jewish Linguistic Studies **The Unmasking of English Dictionaries** R. M. W. Dixon,2018-01-25 This book argues that a dictionary should show when to use one word rather than another instead of treating each word separately **Oxford Companion to the English Language** Tom McArthur,Jacqueline Lam-McArthur,Lise

Fontaine,2018-05-14 The Oxford Companion to the English Language provides an authoritative single volume source of information about the English language It is intended both for reference and for browsing The first edition of this landmark Companion published in 1998 adopted a strong international perspective covering topics from Cockney to Creole Aboriginal English to Caribbean English and a historical range from Chaucer to Chomsky Latin to the World Wide Web It succinctly described and discussed the English language at the end of the twentieth century including its distribution and varieties its cultural political and educational impact worldwide its nature origins and prospects and its pronunciation grammar vocabulary word formation and usage This new edition notably focuses on World Englishes English language teaching English as an international language and the effect of technological advances on the English language More than 130 new entries include African American English British Sign Language China English digital literacy multimodality social networking superdiversity and text messaging among many others It also includes new biographical entries on key individuals who have had an impact on the English language in recent decades including Beryl Sue Atkins Adam Kilgariff and John Sinclair It is an invaluable reference for English Language students and fascinating reading for any general reader with an interest in language

Grammatical Number in English Nouns Mark A. Wickens,1992 Apart from the coverage given to it in the grammars number in English nouns has received relatively little attention especially in the area of theoretical considerations Guided by the principles of psychomechanics Hirtle 1982a put forth a fairly elaborate theory of number in English nouns The aim of this work is to provide evidence to validate parts of Hirtle s theory to verify some of his analyses and to investigate several problems some of which are mentioned in his work as subjects for further research Specific areas treated are ailment nouns liquid names ending in ings binary objects abstract s and external singulars
