Random Walks Essays In Elective Criticism:

Random Walks David Solway, 1997 The first section of the book develops Solway's approach to literature starting from the assumption that genuine criticism requires the intellectual freedom to range at will across the literary landscape rather than restricting one's direction based on what is current fashionable or politically correct Solway argues that advocating a theoretical school postmodernism poststructuralism semiotics new historicism Marxist revisionism or queer theory generally involves abandoning the real critical project which is the discovery of one's own undetermined motives dispositions and interests as reflected in the secret mirrors embedded in literary texts Instead Solway pursues what he calls elective criticism writing that enables the critical writer to freely discover his or her own identity a concept that he claims cannot reasonably be diluted relinquished or deconstructed In the second section Solway practices what he preaches exploring a wide range of authors and subjects His essays include an analysis of Franz Kafka's *The Trial* as a Jewish joke a personal memoir of Irving Layton an interpretation of Erin Moure's *Pronouns on the Main* an examination of language in William Shakespeare's romances a reading of Robert Browning's *My Last Duchess* that is sympathetic to the Duke an assertion that James Joyce has more in common with the traditional novelist than with the professional post modern alienator and an exploration of Jonathan Swift's sartorial imagery that contends that form is the source of substantive identity [The Oxford Companion to Modern Poetry in English](#) Jeremy Noel-Tod, Ian Hamilton, 2013-05-23 This impressive volume provides over 1 700 biographical entries on poets writing in English from 1910 to the present day including T S Eliot Dylan Thomas and Carol Ann Duffy Authoritative and accessible it is a must have for students of English and creative writing as well as for anyone with an interest in poetry
