**Chile Eboe-Osuji**

## **Rape And The Limits Of Law Reform :**

Rape and the Limits of Law Reform Jeanne Marsh, Alison A. Geist, Nathan Caplan, 1982      *The Legal Response to Violence Against Women* Karen J. Maschke, 1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors* Miola's edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world In the collection there are five previously unpublished essays The topics covered in these new essays are women in the play the play's debt to contemporary theater its critical and performance histories in Germany and Japan the metrical variety of the play and the distinctly modern perspective on the play as containing dark and disturbing elements To compliment these new essays the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficult accessible journals newspapers and other sources This collection brings together these essays for the first time

**A Guide to Critical Legal Studies** Mark Kelman, Mark G. Kelman, 1987 Much writing in critical legal studies has been devoted to laying bare the contradictions in liberal thought There have been attacks and counterattacks on the liberal position and on the more conservative law and economics position Kelman demonstrates that any critique of law and economics is inextricably tied to a broader critique of liberalism      **Sex Offender Laws, Second Edition** Richard Gordon Wright, 2015 Print CourseSmart      *Federal criminal law revision* United States. Congress. House. Committee on the Judiciary. Subcommittee on Criminal Justice, 1983      Sexual Victimization Tara N. Richards, Catherine D. Marcum, 2014-02-13 Sexual Victimization Then and Now provides scholars easy access to information that specifically examines the continuum of sex crimes and the perception of victims by our criminal justice system and society as a whole This text features contributions from well known researchers in the field and serves as an important resource to provide scholars with up to date research on sexual victimization that will educate students on this complex and evolving challenge for the criminal justice system The authors approach the concept by examining how the criminal justice system handles sexual victimization the association between individuals in a relationship and sexual assault and unusual and special issues associated with contemporary sexual victimization By discussing these issues the theoretical explanations for these crimes and the effectiveness of the policy that has been applied will effectively link the criminological areas of theory research and policy      *The American Court System* Marilyn McShane, 2020-10-28 Depending on whom one talks to today's criminal courts are either the savior or the demon of our social order While everyone seems to have an answer about what needs to be done the solutions are neither simple nor within our current allocation of resources Media hype and political posturing emotionally dilute the reality of what motivates crime and what constitutes effective punishment The essays and research in this anthology give the reader a realistic view of complex problems affecting our juvenile and adult courts and consequently the rest of the criminal justice system Topics include sentencing disparity sentencing reform and wrongful convictions Some

traditionally controversial issues are covered such as the insanity defense and the death penalty as well as the more recent three strikes and you're out movement and mandatory minimums This series will be of great utility to students scholars and others with interests in the literature of criminal justice and criminology The Criminal Justice Response to Victim Harm Jolene C. Hernon, 1984 Respectability on Trial Brian Donovan, 2016-09-21 Recovers and chronicles the plights of ordinary New Yorkers that resonate with contemporary debates on rape and domestic violence Providing a front row seat at critical courtroom battles over seduction pimping rape and sodomy in early twentieth century New York City Brian Donovan uses verbatim trial transcripts to understand the city's history during the so called first sexual revolution By tracing the revolutionary and repressive dimensions of this time period Donovan reveals how conflicting ideas about sex and gender shaped the city's criminal justice system He unearths stories of sexual violence and legal injustice that contradict the image of early twentieth century America as a time of sexual revolution and progress Police and courts often served the interests of the upper classes men and racial and ethnic majorities but the trial transcripts included here reveal the considerable extent to which members of working class and immigrant communities used the machinery of law enforcement for their own ends Many previous books have fully documented and analyzed the sensational trials of turn of the century New York City but none have paid such close attention to the courtroom experiences of common city dwellers **International Law and Sexual Violence in Armed Conflicts** Chile Eboe-Osuji, 2012-08-27 Beginning with an attempt at understanding evil doing during armed conflicts from both the general perspective and the particular angle of sexual violence itself this book explores ways of shoring up international legal protection of women from sexual violence in armed conflicts **Sex Offender Laws** Richard Wright, 2009-03-16 This volume of readings provides an excellent source of information about sex offender laws and policies International Journal of Offender Therapy and Comparative Criminology Sex Offender Laws is a good source for balanced objective and thorough critique of our current sex offender policies as well as a source for accurate information about a very heterogeneous population The message that sexual abuse is often a multifaceted and complex issue and that policy based on quick fixes or knee jerk reactions do not often work will be informative and enlightening to many readers Sex Roles T his fine book by Richard Wright and his distinguished collaborators provides the evidence that wise policy makers would want to consider It covers every major field of research concerning sex offenders and sexual offenses and provides evidence of bad practices and policies Intellectually honest politicians should read this book Michael Tonry LL B Professor of Law and Public Policy University of Minnesota Law School From the Foreword In response to many high profile cases of sexual assault federal and state governments have placed a number of unique criminal sanctions on sex offenders These include residency restrictions exclusionary zones electronic monitoring and chemical castration However the majority of sex offender policies are not based on empirical evidence nor have they demonstrated any significant reductions in offender recidivism In fact some of these policies have unintended consequences which actually increase the likelihood of sexual

offenses In this book Wright critically analyzes existing policies and assesses the most effective approaches in preventing sex offender recidivism This provocative and timely book draws from the fields of criminal justice law forensic psychology and social work to examine how current laws and policies are enacted and what to date is known about their efficacy The team of expert contributors includes Karen Terry author of Sexual Offenses and Offenders and others who bring a wealth of insight to the field of sex offense In response to the failed policies of sex offender laws this book presents alternative models and approaches to sex offense laws and policies Wright also explores critical cutting edge topics such as internet sexual solicitation the death penalty and community responses to sex offense Key Features An introduction and overview of the history of sex offender laws Analyzes the role of the media in sex offense and sex offender policies Examines the political untouchability of sex offender laws and their adverse effects Features interviews with victims of sexual assault investigating their points of views on what kinds of reforms need to be made to sex offender laws Thought provoking and insightful Sex Offender Laws serves as a vital resource for policy makers researchers and students of criminal justice law and social work

**Sexual Subordination and State Intervention** R. Amy Elman,1996 One of the foremost Brazilian philosophers of education presents some of his ideas focusing on people their actions and their consciousness He begins with the premise that human history is the product of people s struggle against inequality which he describes in terms of a dialectic of oppositions and a pedagogy of consciousness Dialectics for Gadotti is both a means of inquiry and the textual and dynamic foundation of human and cultural evolution Annotation copyright by Book News Inc Portland OR

**Understanding Victimology** Peggy M Tobolowsky,2000-01-01 **Applications of Feminist Legal Theory to Women's Lives** D. Kelly Weisberg,Ronnie J Steinberg,2009 This book the second of two volumes examines the pressing issues that affect women pornography prostitution battery rape pay equity sexual harassment motherhood abortion adoption new reproductive technologies and considers them through the lens of feminist legal theory It features more than sixty articles by well known legal scholars and feminists The contributions are arranged thematically and include an introduction and comprehensive literature review by the editor Applications of Feminist Legal Theory to Women s Lives will be a valuable text for students a resource for scholars and policy makers and a useful introduction for general readers

**Sexual Abuse of Children** Roger J. R. Levesque,1999 This book considers how human rights law can help define what could and should be done to protect children from sexual maltreatment The volume explores diverse forms of sexual maltreatment compares societal responses to existing research and policies uncovers basic themes and proposes directions for future action Roger Levesque places particular emphasis on the ways abusive activities in different countries and societies are linked with one another and the way diverse societal views of children place them at risk

**Violence** Alex Alvarez,Ronnet Bachman,2008 Violence comprises a historical and contemporary discussion of the origins patterns and causes of violence in society Through the use of contemporary and historical sources this book explore a variety of individual and collective types of

violent crimes It incorporates a broad interdisciplinary approach to analyzing the patterns and correlates of violence using the most up to date research and theories and presents them in a style intended to be accessible to a wide audience of readers      *Criminal Justice Politics and Women* Claudine Schweber,Clarice Feinman,2018-10-24 Experts provide important insights on the intent and subsequent outcome of legislated change at the national and local levels in the area of criminal justice and women Here is a revealing examination of the impact of judicial and legislative changes on the treatment of female victims and offenders in the areas of corrections domestic violence sexual assault and prostitution look at actual case studies demonstrates that the condition of women s lives will not be changed merely by going to court or getting a new law This is an enlightening book for readers who may believe that discrimination can be eliminated through legal changes alone

**SNI** National Criminal Justice Reference Service (U.S.),National Criminal Justice Reference Service (U.S.),1980

**Women in the Criminal Justice System** Tina L. Freiburger,Catherine D. Marcum,2015-07-29 This book provides a rare up to date examination of women both as offenders and employees in the criminal justice system It presents the current state of females in the system through contributions by expert authors It discusses the criminal justice system s reaction to women as well as the successes and failures of its responses and current and future consequences It outlines the history of women in the context of the criminal justice system discusses specific women s issues in focused chapters and highlights key concepts statistics and legislation Each chapter ends with discussion questions to enhance understanding      *Feminist Coalitions* Stephanie Gilmore,2008 A fresh new look at the productive partnerships forged among second wave feminists
