Ratha's Courage (Volume 2 of 2) (Easyread Super Large 20pt Edition) , Ratha's Courage Clare Bell,2014-04-01

In the final chapter of the Named series the prehistoric tribe of cats shares the power of fire with another clan igniting the ultimate clash Screeching in pain and terror the rogues backed off but they didn't flee like the Un Named raiders did Something seemed to force them back into the fray making them ignore their fright and their agony to attack again The flame bearers attack faltered as eyes met eyes and the enemy's ability to withstand the Red Tongue was passed quickly among the Named Firekeepers Above the commotion Ratha heard an agonizing shriek so raw that she didn't recognize the voice She whirled thinking one of the Named had been mortally struck Instead she saw Bira not in the battle but on the edge Her ears were back her mouth was open but the sound from her throat wasn't a battle cry but a horrified scream They're killing the cubs Bira paused only long enough to gather breath and shriek again even louder They're attacking the nursery They're killing the cubs Action Stations William R. Forstchen,2017-03-07 THEY PLANNED ON A NICE WAR There had been a century of peace and the politicians of Earth and its colonies were running on platforms of cutting wasteful military spending all while Earth's military tried to keep aging and obsolete ships flying and battle ready And while the swords rusted war clouds gathered on the horizon Contact had been made with the Kilrathi a warrior race feline in appearance and deadly in combat Yet even though they had annihilated or enslaved scores of other races throughout the galaxy and had attacked human colonies on the border worlds the government was not taking them seriously thinking that the Fleet could handle them with ease Commander Winston Turner knew that the government was moving toward a declaration of war against the Kilrathi in response to demands from the border worlds He also knew that the Fleet would be forced to operate under Plan Orange Five limited action and punitive responses only He only hoped that mankind would recognize its mistake before it was too late *Ratha and Thistle-Chaser* Clare Bell,2014-04-01 The prehistoric clan of wild cats must face its past when they find another cat capable of speech in this intriguing well written fantasy adventure Kirkus Reviews A drought has forced the Named a clan of sentient prehistoric big cats to seek temporary relief near the coast Much to their surprise they find a young clever cat named Newt whose own clouded history is intertwined with the Named and their leader Ratha Rejected by the Un Named carrying emotional and physical scars from a childhood incident she can't remember Newt suffers from nightmares of a huge monster she calls the Dreambiter Newt discovers some small solace with the gentle sea creatures of her ocean beach but she soon finds herself clashing with Ratha over their protection In many ways these two large cats are alike Perhaps in ways too painful to remember With RATHA AND THISTLE CHASER the third book of the Named series author Clare Bell explores complex ideas of family and adversity while still providing the thrilling plots and captivating
