Everyone is important to Him and this can be clearly seen in this book. Angela Jung is a prayer, an intercessor, a mouthpiece, and herself a ray of light because she continually hears God's voice, is in contact with Him, is guided by Him, and shines through Him. [Jesus Speaks to Me: Whispers of Mercy, Whispers of Love](#) Adeline Jean, 2018-06-26. Unquestionably, this book is 100% factual. It offers an ordinary person's perspective on the love and mercy of God, which is based on her actual and extraordinary personal experiences. At the same time, this book highlights the power of scripture as well as the importance of prayer and faith. The author exposes her life to the world in order to help others discover the simplicity of listening to the Lord in various ways, whether through written words, people, or life experiences.

**Attachment Theory, The Science of Successful Relationships, Authentic Love, Romance and Connection** Darcy Carter, Discover The Secrets To Building Healthy, Happy and Rewarding Relationships. We all want that special someone who's going to love us unconditionally, honour us, and accept us for just being who we are. Authentic love and connection are enormously powerful bonds between two people. Unfortunately, though, if we've had more than our fair share of bad relationships through our lifetime, then it can become easy to suspect there's no right person, just many different alternatives of wrong. We have a staggering divorce rate which causes untold damage to the partners and even more so to their children. It is common, perhaps expected, for relationships to suffer from maladaptive patterns over time; it's like a car that needs maintenance, and these are fixable when both partners do the work. Our interpersonal relationships start forming as soon as we're born, and psychologists have studied how those early connections can set the stage for the other relationships we form later in life. The attachment theory argues that a strong emotional and physical bond to one primary caregiver in our first years of life is critical to our development. Change the way you view every type of relationship you have ever had and will ever have. Make healthier choices in choosing who to date and discover a new dimension of connection where relationships can become an institution for unlimited creativity, fulfilment, intimacy, and love. If you are in a relationship, this book will show you how to examine the unknown path that you'll travel with your spouse and carefully evaluate the strengths and weaknesses of your relationship. If you are single, this book will help you to become clear and define what you want in your ideal future partner and also what you don't want. The key ingredient to happy and fulfilled people is the quality of their intimate, social, family, and professional relationships; nothing else in life comes even remotely close.
